

WINNETKA WEEKLY TALK

VOL. VI, NO. 3

WINNETKA, ILLINOIS, FRIDAY, APRIL 6, 1917

PRICE FIVE CENTS

FORMAL OPENING OF SHERIDAN ROAD 14TH

Wilmette, Kenilworth and Township Authorities Will Cooperate to Make Day Festive Occasion.

CELEBRATION WILL BE AN EVENT OF SOCIAL IMPORT

Impressive Ceremonies Will Mark Dedication of Hard Surfaced Highway to Service of Public.

Proclamations are being drafted by Mayor Schmidt of Wilmette, Mayor Bull of Kenilworth, and President Collier of the board of commissioners of New Trier township, declaring the afternoon of April 14 a holiday in honor of the opening of Sheridan road through the two villages. Plans are under way for a big celebration of the event with representation from towns and cities from Chicago to Milwaukee.

Ideal Road for Autoists.
Autoists will find this year for the first time ideal conditions for touring north. There is yet much work to be done but the Sheridan Road Improvement association has been working actively to bring about the paving of the most important stretches needing betterment between Chicago and Milwaukee. North shore towns which have previously had poor connections with the city are now well served.

Good Roads Preparedness Step.
Road building is one of the essential steps in the preparedness of this country for possible war. Roads are just as essential in this country as in Europe for the railroads only serve part of the armies' needs and only roads of known durability, such as the concrete stretches on Sheridan road, are equal to the heavy wear and tear of army transports.

The Sheridan Road Improvement association and those in control of road policies in villages through which the road passes know the need of permanent road improvement and are successfully bringing about the building of pavements that will serve not only the auto traffic of today but which in war time would give uninterrupted passage to the heaviest guns, caissons and supply trucks.

Road Model for State.
The three stretches of Sheridan road to be dedicated shortly represent one of the longest stretches of permanently paved highway around Chicago. As that system is extended toward Milwaukee, motorists will have access to regions of great scenic beauty and will not be hampered by conditions that unfortunately are still true of many routes in Illinois.

MILITARY DRILLS WILL BE GIVEN FREE OF COST

Opportunity is offered all male residents of Winnetka, over 18 years of age, to obtain a fundamental knowledge of military drill and training as proscribed by the latest U. S. Army regulations. Wednesday evenings, 8 o'clock, at Community house. No obligations incurred other than regular attendance. Raymond W. Hardenbergh will have direct charge. Other trained men will assist him.

Winnetka is to have a clean-up week commencing next Monday. All effort will be exerted by the village authorities to put the village in spick and span condition for the spring and summer seasons. Each and every resident of the municipality should assist the movement by cleaning up the front and back yards, alleys, etc. All discarded household fixtures, old papers, scraps, tin cans and other miscellaneous accumulations of rubbish should be placed in bags, boxes or barrels and set out on the parkways. NEW TRIER STUDENT WITH FIRST ILLINOIS

Dale Smith Leaves High School when Call to Colors Comes—Member of Regimental Bugle Corps.

ACCOMPANIED GUARD TO MEXICAN BORDER CAMPS

Is Son of Dr. C. G. Smith of Wilmette and Prominent in Class Work and On Track and Gridiron.

Though New Trier High school has not as yet introduced military training, she can boast of the fact that a number of her sons are ready to answer the call to arms in case war is declared. Two have recently enlisted, and many others are eager for service in the field. One of the present senior class, Dale Smith, who has been a member of the First Regiment, I. N. G., for the past two years, was called out last week and is now "somewhere in Illinois" with Colonel Sanborn's men.

Through the recommendation of Professor F. I. Walker, solo cornetist of the famous First Regiment band, Smith was chosen for the bugle corps in the summer of 1915 and accompanied the boys to the Panama Exposition. When the Mexican trouble arose last June and the National Guard was called out, he went with the regiment to Springfield and later to San Antonio, where he remained till October.

Well Liked by Men and Officials.

Smith is one of the most likeable men in the First and is very popular with privates and officers. He is a skilled bugler and wears several medals for accuracy in marksmanship. Bandmaster Camp has recently found him such an addition to his band that he has had him transferred from Company K to the band division, where he is now one of the solo cornetists.

Smith is the second son of Dr. C. G. Smith of 1325 Greenwood avenue, Wilmette. His brother, Lysle Smith, who will be graduated from Northwestern this year, won distinction at New Trier four years ago by annexing the state oratorical at Urbana and the interstate contest at Beloit. Dale has not gone in for oratory, but he has a number of other honors to his credit. He has identified himself with most of the school enterprises and has proved one of the most dependable students on the records of the school.

Friends Wish Him Well.

He is a senior class officer, has been a member of the orchestra and Glee club for the past four years, played football during the past two seasons, and has done considerable work in track athletics. This year he was chosen for the cast of the senior play, but his country has assigned him a part in another drama. His many friends on the north shore have every reason to believe that he will play that part well.
