

Social Activities and Personal Mention by Nettie Kaufman

THIS is the time of year when hearts, like the River Nile, rise and overflow, and tender little sentiments spring up and bud on every hand. A very attractive small wedding will be solemnized on Saturday of this week at the residence of Mr. and Mrs. W. B. Paulson, 719 Washington avenue, when their daughter, Irene, will be united in marriage to Alfred P. Isser of Chicago. The bride will be unattended and only relatives and close friends of the family will witness the ceremony, to be performed by Reverend Thomas Keene of the Methodist church.

Miss Irene Paulson.

Miss Paulson is a graduate of the Immock School of Oratory, a member of the Zeta Phi Eta society, and is well known on the north shore, having read at numberless entertainments and club meetings. The young couple will leave immediately on their honeymoon trip, Mr. going to South Dakota where they will spend the summer, returning to Chicago for the winter.

WITH the close of the Lenten season the world of society is again active with preparations for the many social events to take place during the coming weeks. One of the unique entertainments planned will be the "Calico Hop" to be given by the Christian Mothers' association of Sacred Heart parish in Sacred Heart hall at Hubbard Woods, Friday evening, April 13, at eight o'clock. Ladies are requested to appear in calico costumes and it is desired that each one make a tie for a gentleman that will harmonize with her dress. The prizes will be placed in boxes, and the boxes selected by the men. After drawing of ties partners for the evening will be found by matching ties with the costumes of the ladies. Refreshments will be served following the dancing.

Members of the women's special vice detachment of the Navy League donned overalls last week for their first instruction in the intricacies of automobile repair work and their first feats in quick starting and engine control. About twenty women have joined the corps, proposing to serve as drivers of ambulances or other military motors and to be able to repair the cars.

You may see that tighter waist line in the clothes of the college boys and the bank clerks, but not in those of the manufacturers, merchants and bank presidents.
