Italy Holds Fuel.

Motor fuels cannot be secured in Italy through government decree. This situation is due to inability to import fuels from the United States. No new licenses for passenger cars are being issued and those who have paid licenses will be entitled to buy but eighteen gallons of fuel yearly. Automobiles engaged in mail and passenger service will be allowed slightly more than eighteen gallons and unless the situation improves all motor traffic except war work will cease within a few months.

follow one man. No single machine goes out alone. Now, if you're lost, you're usually shot to death by the "comic circus," as we call the Boche formation against us. They have killed four of us and we have got seven of them. We all keep about eight men together.

Fly in Circle.

When their eight flyers see us they circle and when we dive on one machine the Hun behind him is under the tail of one of our planes, so we all circle. The man upstairs has the advantage, of course, so six of us dive and two of us climb up from underneath, all picking a man.

We use tracer bullets and you can see them fly and hit. We carry 500. The "Archie" or anti-air craft, shoot at us always and come darned near, as almost all of us have holes in our machines.

They also drop bombs at night on our field and barracks.

Three Years to Win.

The red and white cards—in German—I am inclosing are the ones we have been dropping in Germany and the German soldiers have been coming in with them in their hands.

It will take us three years more but we shall win—win!

Write me often and send tobacco. Send it well wrapped. They are playing Hawaiian music and I am smoking and writing. Our mascots are two African lions.

Commission for Thayer.

Bruce Thayer, son of Mr. and Mrs. W. H. Thayer, 514 Washington avenue, received the commission of second lieutenant in the engineering corps of the officers' reserve. Lieut. Thayer has been stationed at Fort Leavenworth.

One Hundred Dollars (\$100.00) and over and when the amount of balance due on any estimate is less than the sum of One Hundred Dollars (\$100.00), the same will be paid by time warrants. In addition to the usual bond for construction and maintenance in the sum equal to the amount of the bid accepted by the Board of Local Improvements, the successful bidder will be required to furnish an indemnity and defense policy in some reliable company, indemnifying the Village of Winnetka against loss from liability for damage on account of injury or death suffered by reason of the performance of the work required to be performed by the said contractor, by any person or persons, including such liability imposed under the employers' liability and workmen's compensation law of the State of Illinois, and the amendments thereof, in the sum of Five Thousand Dollars (\$5,000.00).
