

LIBERTY LOAN WILL BE OUT IN OCTOBER

Next Issue of War Bonds Will Be Made October 15—Known as the "Second Liberty Loan."

BONDS MAY BE EXCHANGED

Buyers of First Bonds May Exchange Them for Those of This Issue.

Three billions of the original \$5,000,000,000 liberty loan authorization will be included in the "\$11,000,000,000 war budget." This issue will be made October 15, probably known as the "second liberty loan."

Part of this issue, it was learned, may be used to replace the original \$2,000,000,000 liberty loan if investors holding the original 3 1/2 per cent bonds wish to exchange them for the new "4s." Part will be used to take up the \$2,000,000,000 worth of short term certificates authorized and issued at the time of the liberty loan.

By this plan only \$1,000,000,000 worth of new money will have to be raised at this time through bond subscription.

Allies' Loan in Spring.

The new \$4,000,000,000 loan to the allies will not be made until spring. Secretary McAdoo has decided not to float this particular loan until February.

The original authorization for the liberty loan was \$5,000,000,000. At the time war was declared, the bill provided, if further issues were made the first bonds would carry the same percentage as the second. McAdoo holds investors in the original issue are entitled to the change.

Two Billions in Certificates.

The \$2,000,000,000 worth of short-time certificates have been handled chiefly through the banks. Mr. McAdoo has been issuing from \$250,000,000 to \$300,000,000 of these weekly. Practically a billion dollars' worth has gone out. Every effort will be made to dispose of all these short-time notes by October 15. At that time the new bond issue will be available and the short-time securities may be taken up by the bonds instead of cash.

Secretary McAdoo will ask authorization for issue of \$2,000,000,000 worth of short-time securities for government needs. As many war savings certificates will probably be asked. These latter plans are tentative and may not be needed if the war revenue bill now pending in Congress is increased.

COLUMBIA SCHOOL WILL OPEN WILMETTE BRANCH

Concerts and Recitals Are Planned for the Coming Season.

The fall term of the Columbia School of Music at the Wilmette branch will open on September 17. Miss Pearl M. Barker, who is principal of the branch school, will continue to direct the classes, with the assistance of a number of new teachers. Classes have been arranged in piano, harmony, technic, ear-training, and special work will be given in the kindergarten classes.

Miss Barker will give a number of concerts this season in Wilmette, the pupils of the branch school taking part. As an added feature the advanced pupils of Clare Osborne Reed, director of the school and artist teacher, will present a number of her students in recital.

EVANSTON STRAND BILLS PLAY, "WITHIN THE LAW"

Photoplay Stopped in Chicago Will Appear at North Shore Theater.

Bayard Veiller's wonderful drama, "Within the Law," which has been screened by Greater Vitagraph, and is to be shown at the Evanston Strand theater next week, is an unanswerable argument against the small salaries paid to department store girls in many of the large cities throughout the country.

This picture was not allowed to show in the theaters of Chicago by the city's board of censors. This announcement gives the Strand management the "movie fans" their second opportunity to see a picture in Evanston that the Chicago censors have refused to permit at the city's theaters.

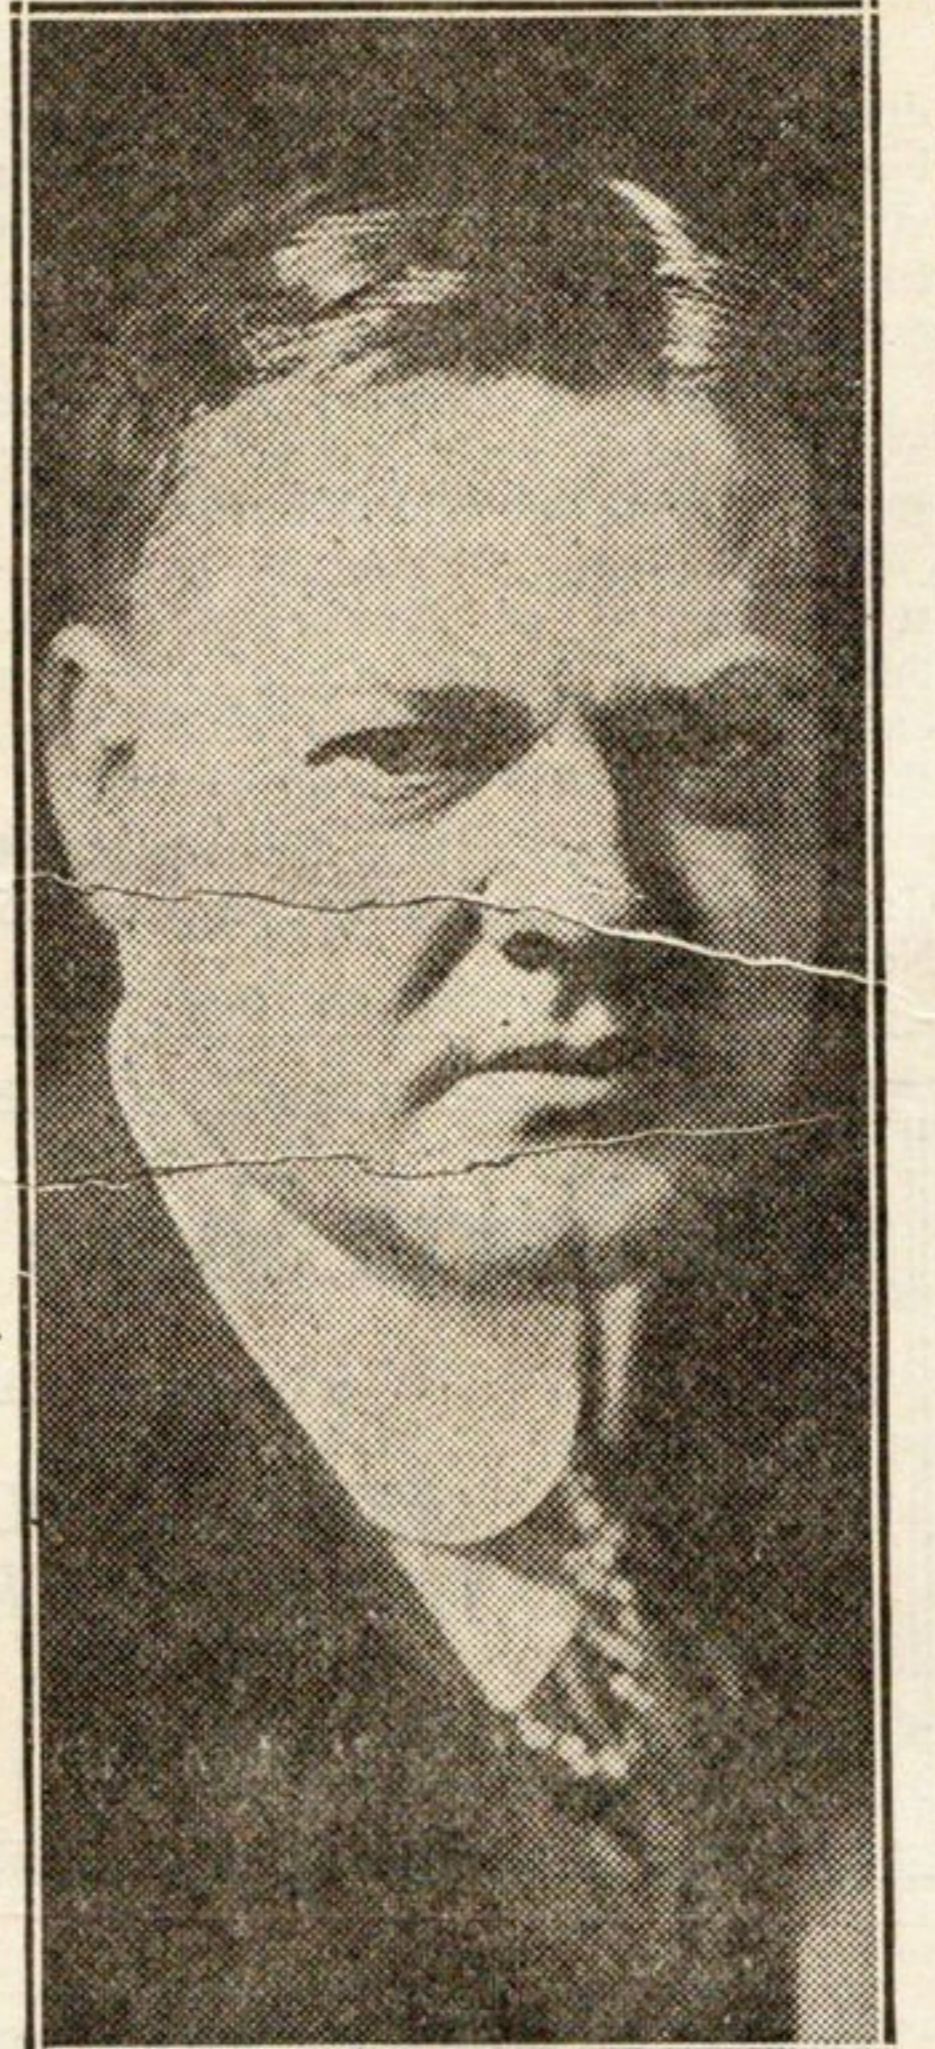

Meatless Weeks.

There is to be a meatless week in Saxony in September and another in October.

Full Garbage Pails in America Means Empty Dinner Pails for Many Workers

By Herbert Hoover, U. S. Food Administrator

Save the Wheat.—One wheatless meal a day. Use corn, oatmeal, rye or barley bread and non-wheat breakfast foods. Order bread twenty-four hours in advance so your baker will not bake beyond his needs. Cut the loaf on the table and only as required. Use stale bread for cooking, toast, etc. Eat less cake and pastry. Our wheat harvest is far below normal. If each person weekly saves

Herbert Hoover.

one pound of wheat flour that means 150,000,000 more bushels of wheat for the allies to mix in their bread. This will help to save democracy.

Save the Meat.—Beef, mutton or pork not more than once daily. Use freely vegetables and fish. At the meat meal serve smaller portions, and stews instead of steaks. Make made-dishes of all left-overs. Do this and there will be meat enough for every one at a reasonable price. We are today killing the dairy cows

and female calves as the result of high price. Therefore, eat less and eat no young meat. If we save an ounce of meat each day per person, we will have additional supply equal to 2,200,000 cattle.

Save the Milk.—The children must have milk. Use every drop. Use buttermilk and sour milk for cooking and making cottage cheese. Use less cream.

Save the Fats.—We are the world's greatest fat wasters. Fat is food. Butter is essential for the growth and health of children. Use butter on the table as usual, but not in cooking. Other fats are as good. Reduce use of fried foods. Save daily one-third ounce animal fats. Soap contains fats. Do not waste it. Make your own washing soap at home out of the saved fats.

Use one-third ounce less per day of animal fat and 375,000 tons will be saved yearly.

Save the Sugar.—Sugar is scarcer. We use today three times as much per person as our allies. So there may be enough for all at reasonable price use less candy and sweet drinks. Do not stint sugar in putting up fruit and jams. They will save butter.

If every one in America saves one ounce of sugar daily, it means 1,100,000 tons for the year.

Save the Fuel.—Coal comes from a distance and our railways are overburdened hauling war material. Help relieve them by burning fewer fires. Use wood when you can get it.

Use the Perishable Foods.—Fruits and vegetables we have in abundance. As a nation we eat too little green stuffs. Double their use and improve your health. Store potatoes and other roots properly and they will keep. Begin now to can or dry all surplus garden products.

Use Local Supplies.—Patronize your local producer. Distance means money. Buy perishable food from the neighborhood nearest you and thus save transportation.

Watch out for the wastes in the community.

Full garbage pails in America mean empty dinner pails in America and Europe.

If the more fortunate of our people will avoid waste and eat no more than they need, the high cost of living problem of the less fortunate will be solved.

WILSON SENDS GODSPEED TO NEW NATIONAL ARMY

President Wilson has addressed a final word to the men drafted for America's first great national army: "To the Soldiers of the National Army:

"You are undertaking a great duty. The heart of the whole country is with you. Everything you do will be watched with deepest solicitude, not only by those near and dear to you, but by the whole nation.

"For this great war draws us all together, makes us all comrades and brothers, as all true Americans felt themselves to be when we first made good our national independence.

"The eyes of the world will be upon you, because you are in some special sense the soldiers of freedom.

"Let it be your pride, therefore, to show all men not only what good soldiers you are, but also what good men you are, keeping yourselves fit and straight in everything and pure and clean through and through.

"Let us set for ourselves a standard so high it will be a glory to live up to it and add a new laurel to the crown of America.

"My affectionate confidence goes with you in every battle and every test.

"God keep and guide you.

"WOODROW WILSON."

U. S. MEDICAL EXPERTS TO CARE FOR NEW ARMY

Health of Drafted Men Will Be Protected By Doctors.

Rigid precautions have been taken to safeguard the health of America's young manhood drafted in the first call for the new national army. United States medical officers, reinforced by the ablest men in the country in the medical profession, are personally supervising the sanitary improvements at each encampment.

Inspectors of high rank, under special orders of the surgeon general, already at the various camps, are making these sites safe against disease. The medical officers now in charge of this work are to become the sanitary inspectors of the camps when the troops arrive. Medical inspectors so designated will have the closest co-operation with local health authorities and with the officers of the public health service. Each will have a corps of assistants.

The sanitary organization at each encampment will be as complete as possible. The organization will consist of divisional surgeons, who will be the sanitary advisers to the commanding general; a divisional sanitary inspector and regular surgeons who are sanitary officers of their regiments. The sanitary officers are to assist the divisional surgeons along special lines. In emergency cases that may arise sanitary squads are to be organized. These will comprise officers and men of specific practical training in the purification of water supply, disposal of waste, disinfection and the handling of outbreaks of communicable diseases.

Gold for Soldiers.

A new Denver coined \$10 gold piece, carrying with it a message of appreciation and confidence of the people of the state expressed through their legislature at its last general assembly, was presented to each of the 3,300 men in the federalized national Colorado national guard by Governor Gunter.

WILMETTE GUARDS GO WITH 11TH REGIMENT

Local Company of New Regiment Left Chicago Thursday Evening for Camp at Springfield.

HARBAUGH HAS COMMAND

Rice and Rye Are Members of Wilmette Commander's Staff.

Wilmette men, members of the Eleventh Illinois Infantry, 65 strong, marched aboard their train Tuesday night and set out for Springfield to undergo the process of being made into soldiers.

The company of Wilmette men, which was organized in record time, was without equipment, and, except a few of the officers, without uniforms. The men assembled at the First Regiment armory in Chicago and marched to the Van Buren street viaduct, where they entrained.

Honor Stuart.

The Second Regiment band appeared at the Chicago armory to honor Col. James Stuart. The commander of the new regiment was in command of the Second Regiment for ten years.

Thirteen of the fifteen companies in the regiment left Chicago last night. The organization of this regiment was ordered when the last of the original eight militia regiments were federalized and the state was left without troops.
