SEYMOUR TOOK OATH OF OFFICE TUESDAY

Harry C. Seymour, Former Trustee, Assumes Duties of Treasurer at Board Meeting.

COMPROMISE ON PAVING

Property Owners Appear to Protest High Prices Given Out.

Harry C. Seymour, 598 Lincoln avenue, recently elected village treasurer to fill the vacancy caused by the death of Fred H. Deily, was sworn to office at the regular meeting of the village board on Tuesday evening. Many of Mr. Seymour's friends were present to welcome him as the new treasurer. This is not the first time that the new officer has served the village, as he has served on the village board and, while in office, he is chairman of the finance committee.

The business meeting of the board was delayed until a late hour on account of the meeting of the Board of Improvements. Following Mr. Seymour's installation as village treasurer, he board adjourned their business meeting until last night.

Paving Question.
The paving proposition at Linden avenue and Willow street delayed the board's meeting Tuesday. A number of the property owners in this community were present at the meeting of the Board of Improvements to discuss their prices relative to paving this section.

The first price given out by the board was fifty-five cents under the price final set on account of the high cost of materials. Many of the property owners objected to this price and they offered to grant their consent to the paying of the streets providing they were able to compromise on a reasonable price per foot.

Adjusts Price.
A number of the property owners spoke concerning their objections and gave their reasons for not agreeing with the prices announced by the contractors. After several of the people had given their reasons and showed their willingness to have the improvement made, the board held a sort conference and said that by applying certain fees in connection with this work they would be able to cut twenty-five cents off of the final price which had been given out.

The greater number of owners agreed to accept this price and an agreement was drawn up by the members of the board and property owners which was offered to them by their signatures. The majority of those present signed the agreement but others left the council rooms, making threats that they would take the question into court to be decided.

PAISLEY SR. EX-BANKER FLAGMAN AT \$50 MONTH

William H. Paisley, who, with his sons, Oliver F. and James T. Paisley, recently was sentenced to Joliet penitentiary for receiving deposits from his Chicago private banks while they were insolvent, was discovered yesterday as a crossing flagman in Winnetka at Cherry and Oak streets for the Chicago, North Shore & Milwaukee Electric railway. He is earning \$50 a month pending disposition of his appeal to the Superior Court. He said he liked the work.

MRS. EISENBRAND IS FREED ON \$10,000 BOND

Mrs. Doris Eisenbrand, who shot and killed her husband, Dr. George Eisenbrand, in his dental office several weeks ago, was released by Judge McGooty in the Criminal Court yesterday on bonds of \$10,000 signed by State Senator James J. Barbour, 7622 Sheridan road, Chicago.

CROWDER OFFERS REWARD FOR ALL "DRAFT DODGERS"

The members of the local draft board received new instructions concerning the men who fail to answer the calls of the board for the national army. In order to get better results in bringing the deserters to the proper officials, a reward has been offered by Provost Marshal Crowder. The communication reads as follows: Springfield, Ill., Oct. 1, 1917.

Robert Stoddard, Exemption Board No. 3.

The following telegram is repeated for your information and guidance: "No. 82. A reward of fifty dollars is payable for the delivery of a deserter. This reward is in full satisfaction of all expenses incurred in said delivery. A person who fails to report to his local board for military service at the time specified in his order to report is a deserter. A person who fails to report for military service to the adjutant general of the state by the date specified in the order of the adjutant general to said persons is a deserter. It is highly desirable from every standpoint that an effort now be made to round up all persons who are delinquent in reporting for military service. It is thought that if the fact of reward is given the widest publicity we shall have a great force of police officers and even of individuals interested in bringing such delinquents under military control. If, after such persons are brought to a military authority, it appears to the military authority that their delinquency is not wilful they will be forwarded to a mobilization camp and their local boards will be given credit. If it appears that the delinquency was wilful they will be prosecuted before court martial as deserters. In either case, the reward is payable.

"Signed Crowder. "Dickson, Adjutant General."

MONTHLY PAPER PRINTED FOR WINNETKA CHILDREN

The faithful subscribers of the old School Record are to have a surprise in the form of a real newspaper, published by the Winnetka school children, which will contain news of school activities and other interesting items.

The paper will be published once a month, and will cost three cents a copy or fifteen cents for a yearly subscription. Being published oftener than the magazine, every child will have a chance to contribute to it. Another interesting thing about the newspaper is that the boys of the seventh and eighth grades will print it in the print shop.

Everybody in Winnetka will be watching for this newspaper, because it will be the most attractive and interesting the schools have ever published.

Frederick Roe, Eighth Grade.

PROF. BOYLE SPEAKS ON HISTORY OF EXPLOSIVES

The New Trier Tech society held its initial meeting for this season yesterday afternoon at the high school. Prof. C. W. Boyle, director of the chemistry department, gave a very interesting address on "Modern Explosives."

Prof. Boyle discussed the history of the explosives and the evolution from the old type of smooth bore cannon to the new type of rifle guns and modern shells. He also described the methods used in the manufacture of the high explosives, such as gun cotton, nitro-glycerine, picric acid, tri-nitro toluol, melenite and cordite.

Search for Campbell After Trip in Plane

Kenilworth Flyer Disappears While on Trip Over the Lines of the Germans on Western Front.

Dispatches from Paris state that every effort is being made by both army officials and his comrades in the LaFayette escadrille to learn the fate of Corporal Andrew Courtney Campbell, Jr., of Kenilworth, who

A. C. Campbell, Jr.

disappeared Monday while on a reconnoitering expedition in his aircraft.

Young Campbell, who joined the escadrille in the summer of 1916, has long been known as one of the organization's most daring and skilled flyers. His deeds have won him honorable mention several times and one war medal.

His expedition over the enemy lines on Monday was one of a series of reconnoitering trips which he has been making almost daily.

Corporal Campbell has been fighting the Germans in the air since May 30, when he sent the first enemy's plane downward into its own lines.

It was he who played against death when the dice were loaded, and won a million chances to one against him. He was a mile above the earth. The left wing of his airplane broke off. He threw the control on the right side, volplaned, detaching the floating remnants of the broken wing, and descending slowly on the right wing, landed without injury. The least possible turn and he would have been dashed to death.

For this Corporal Campbell received the Military Medal. Corporal Campbell has been mentioned in other dispatches.

Paris dispatches yesterday stated that Campbell may be held as a prisoner by the Germans. A machine of the type he was flying was reported to have fallen down behind the German lines.

A report from Geneva declares that papers claim an American aviator of the LaFayette escadrille has been captured. Attempts to find whether the prisoner could be Campbell have failed.

HYATT PLANS LEAGUE TO ENCOURAGE WATER SPORT

Mr. Chauncey Hyatt, swimming director at New Trier High school, has opened swimming classes for the boys and girls of the grammar schools. The swimming instructions in this division will be given for several weeks, and then the classes will be dismissed until next spring. There is no fee for membership, although the children are expected to furnish their suits and towels.

Mr. Hyatt, who is a former scoutmaster, will give the official tests for merit badges in swimming and life-saving to all Boy Scouts.

WINNETKA WOMAN TALKS TO AMATEUR GARDENERS

Mrs. Charles W. Hubbard, 849 Foxdale avenue, was one of the principal speakers at the convention of the Woman's National Farm and Garden association in Chicago yesterday morning.

Mrs. Hubbard told the women of her success with intensive farming on a plot of ground only 50 by 100 feet, in Winnetka. She said she had raised so much spinach and corn that she would welcome an invitation to dine out to get something else to eat, and added that she had not bought a vegetable all summer.

"I have put up fifteen quarts of tomatoes and forty-two quarts of string beans," she said. "Then I have thirty-two bushels of carrots and thirty-two bushels of beets and a cellar full of spinach."

"I literally planted one vegetable under another. I have been so successful that I think the Germans will never be starved out because they must understand this method of farming, too."

Mrs. Hubbard told the women that they would have to expect to get their hands soiled in intensive farming and said that her garbage man once told her he would "hate to have her job because it was too dirty."

The women attending the convention visited the estate of Mrs. Edward L. Glaser today in Glencoe.

LIEUT. HAINES ARRANGES N. Y. TRIP FOR JACKIES

Lieut. J. Allen Haines, now stationed at the Great Lakes Naval Training station, was in charge of the arrangements in Chicago this week when the jackies, representing the station's musical organization, entertained for New York to take part in the Red Cross parade and pageant.

The jackie band ranks as the largest in the world, since Capt. W. A. Moffett assigned Lieut. Sousa to direct this organization of the sailors. There are 500 jackies playing in the band at the station.
