Bell System. A Million and a Half Miles of New Telephone Wire! DURING THE past year, in order to meet the rapidly increasing requirements for telephone service, the Bell System has added to its wire facilities alone a million and a half miles of wire! THIS NEW WIRE represents an investment of more than thirty-five million dollars and is sufficient to encircle the earth at the Equator more than fifty times! THE ADDITION of this telephone wire represents but part of a tremendous amount of work this company has done to prepare your telephone system for war-time service. Your co-operation in the care of your telephone apparatus will help to conserve equipment difficult to replace at the present time. CHICAGO TELEPHONE COMPANY
