Meeting Postponed.

The meeting of the Winnetka len's club, which was to be held at he Community house on Tuesday, lovember 27, has been postponed, on count of the death of Rev. Edwin Snell.

SCHOOL CHILDREN WILL HOLD HOLIDAY PAGEANT

The grammar school children are busy rehearsing the Thanksgiving pageant, which is to take place next Wednesday at the Community house. They have chosen "Food Conservation" for their theme, and are working it out on original lines.

The idea is Miss Edna Keaith's, who, with an efficient committee, is coaching the production. There are to be three acts, between which patriotic songs are to be sung.

JOHN ZANE SPEAKS ON

About 700 people gathered last Sunday evening at Community house for the first of a series of patriotic meetings, given under the auspices of the Winnetka Woman Writes of German War Emergency Union of Winnetka. The stage of the gymnasium was decorated with flags, and the Boy Scouts, who acted as ushers, also guarded the exhibition of French battlefield relics.

As the crowd gathered, they sang "Tipperary," under the leadership of Gerhard, rector of Christ church, delivered the invocation. John Zane, a prominent Chicago lawyer, was inagainst the kaiser. Before the United troduced by Mr. Horace K. Tenny, chairman for the evening. He spoke netka, Dr. Alice Barlow-Brown, who on "Torpedoing the Ten Command- is directing the relief work among ments."

A. drive, under the census committee, which netted approximately \$49,000 from 894 subscriptions, and of other activities of the union.

Kenneth Smith and Wilberforce Taylor, Winnetka boys, who have recently returned from France, gave most interesting accounts, from their speeches and lantern slides, of the work being done by American units, and especially of the Winnetka ambulance, which was driven by Mr. Taylor.

Mrs. Morris Townly and Mr. Rad-Word was received by his uncle cliff led the singing of patriotic songs. recently that he had been cited for The celebration lasted from 8 until bravery by the commander of his 10:30 o'clock, and was a most successful rally.

FROM THE FIRING LINE

Before the entrance of the United States into the war, Cranston enlisted in the Canadian expeditionary forces and went to France. He has the firing line. He was wounded at Ypres and again at the Somme.

"I was just about a wreck," Cranston said in speaking of his injuries,

WAR PROBLEMS OF U. S. DR. BROWN'S OFFICE, TARGET OF GERMANS

Air Raids in French Town, Where She Is Directing Relief Work.

U. S. TROOPS IN VILLAGE

Rev. J. W. F. Davies. Rev. E. Ashley Assistant Tells Dr. Brown of Seeing Our Men on Way to Trenches.

In a recent letter to friends in Winthe women and children in France, Mr. Tenny spoke briefly of the work | describes the dangers that the workof the War Emergency union. He ers and residents of the town are said that it was the outgrowth of the subject to when the German airmen patriotic spirit in the village, and raid these districts. Dr. Brown also stood as a clearing house for the war tells of information received that activities of Winnetka-a channel American troops were on their way through which war work could find to the front line trenches. Her let-

"October 21, 1917.

'Dear A--:

"Winnetka's response to my cablegram is perfectly wonderful, and the way in which they always respond to urgent needs! The Ford Camionette, which has to be a Ford ambulance, has been purchased for 6,250 francs, and equipped with emergency needs, for the dispensary needs work. The prefect has ten towns, where he wishes dispensary work established using this dispensary as a base hos-

"We have a small building which is used for the infirmary that I am going to 'evacuate' on Tuesday and equip as an isolation hospital. A small boy came to us a week ago, who came down with measles, exposing about twelve children in the dormitory in which he was placed. As it would be criminal to wait for the twelve to develop measles, we are going to place them under strict quarantine for ten days and await results. The hospital is to be equipped to care for eighty children, with operating room, laboratory, etc. It would have been ready long ago if it were possible to get labor. It takes a fortnight for

"The barracks are well built of cement, with tile roofs, some of which leak—as a result of falling explosives from the aerial bombardments. The seen five months' active service on floors are of cement, also, and it is such a problem to know what to do to make them warm for the winter. Each dormitory has a stove, which sometimes burns well, but more frequently smokes, as we have only faggots and a poor grade of soft coal to do but to endure either the cold or the smoke. My heart aches when I room fitted up as a 'creche' and have all the little ones taken care of there but it is so difficult.

"In another building I have my office, where I see the women. At first Rev. Canon H. G. Moore died Thurs- many of them were resentful at being wounded, for which she received the
