

Burton Holmes Gives First of New Series

Five New Travelogues Are Being
Given in Chicago With
Illustrations.

"Around the Militant Pacific," is the comprehensive title of the new series of the Burton Holmes Travelogues. For over seven months, Mr. Holmes has sailed the waters of the Pacific in search of absolutely new worlds to conquer with his rapid-fire cameras, that he might make this season memorable because of its distinct novelty, new and unexplored and unexploited fields, in his personal endeavor to bring the interest-

Burton Holmes.

ing places of the world to his audiences.

No one can quite realize the significance of the word "militant" without stopping to consider that Mr. Holmes' voyaging for thousands of miles, was done on ships, which showed no lights at night, which sailed secret and zig-zag courses, which dodged suspicious-looking strange craft and which were watched over every moment by units of the British and Japanese navies.

The first of the Travelogues was given Wednesday at Orchestra Hall, Chicago.

INCOME TAX RETURN DATE IS EXTENDED TO MARCH 31

Extension of time for filing income and excess profits returns from March 1 to April 1 was announced at Washington by Internal Revenue Commissioner Roper this week. This ruling applies also to reports on payments of more than \$800 during the year to be made by employers and business enterprises, and covers incomes both above and below \$3,000, and corporation incomes.

Delay in the preparation of blank forms and regulations was the principal cause for the postponement.

Forms have not yet been issued for excess profits returns of three classes—individual, partnership and corporation; for income returns by trustees or fiduciaries, and for partnership income returns. These are now promised for next week.

All other forms have been distributed, including those for individual incomes of the classes above and below \$3,000, corporation incomes, and reports on payments of more than \$800, or the so-called "information at the source."

The extension of time to April 1 applies to returns by corporations doing business on a fiscal year basis. Originally they were required to report within sixty days after the end of their fiscal year; this was extended to Feb. 1 and later to March 1.

This does not mean an extension of time in which to pay the taxes. Treasury Department officials made it clear that all taxes for 1917 must be paid by June 1 in accordance with the originally announced schedule.

E. J. Horan, deputy collector of internal revenue, will be at the Wilmette banks to answer questions concerning the income tax. Mr. Horan will have his headquarters at the Wilmette First National bank on Saturdays and at the Wilmette State bank on Mondays.

SKILLED WORKMEN WANTED FOR U. S. SHIP RESERVES

An attempt to enlist at least a quarter of a million skilled workmen in its shipyard volunteer reserve will be made this week by the Emergency Fleet Corporation through State Councils of Defense. The week has been designated as registration week in every state.

The purpose in establishing the reserve is to create a body of skilled workers who can be called on for service in the shipyards as they are needed. The classes of workers especially sought are acetylene and electrical welders, asbestos workers, blacksmiths, anglesmiths, drop forge men, flange turners, furnace men, boiler makers, riveters, reamers, carpenters, ship carpenters, dock builders, chippers and calkers, electrical workers, electricians, wire men, crane operators, foundry workers, laborers, loftsmen, template makers, machinists and machine hands, painters, plumbers, pipe fitters, sheet metal workers, coppersmiths, ship fitters, structural iron workers, erectors, bolters-up, cementers, and crane men.

Wilmette men desiring to enroll are requested to call at the headquarters of the State Council of Defense, 120 W. Adams street, Chicago.

WINNETKA MAN HONORED BY HARVARD STUDENTS

Thacher Nelson, son of Murray Nelson, Jr., of Hubbard Woods, was successful in the elections for class days officers at Harvard University last week. Mr. Nelson was chosen to compose and deliver the poem on class day next June.

Mr. Nelson is now at an officers' training camp in Chattanooga preparing for a commission. He is an expert in French infantry tactics and taught this subject last summer at Williams College.

In May, 1915, Mr. Nelson won the Garrison prize at Harvard for the best poem on the subject of Belgium. He was then a freshman. He was afterward elected secretary of the Harvard Poetry Society.

WILMETTE PRESENTS GOLD STAR TO CHIEF

Edward Siebert, chief of police of Wilmette, celebrated his sixty-first birthday anniversary last Friday. He was presented a gold star by citizens of Wilmette. Chief Siebert is the oldest chief of police in the north shore district, having been in service for twenty-five years.

SENATE VOTES FOR BADGES FOR EXEMPTED DRAFT MEN

The administration bill, authorizing the Secretary of War to provide distinctive badges to men of draft age who have been exempted or rejected, was passed Feb. 5 by the Senate.

War Emergency Union Reports for January

(Continued from page 1)

this overcoat fund and may be sent to Captain H. P. Clarke or to the office of the War Emergency Union.

Classes in Typewriting.

The War Emergency Union has arranged for a course of instruction in typewriting. Classes will be conducted under the direction of Mr. Johnson at the New Trier high school, Tuesday, Wednesday, Thursday and Friday afternoons from 3 to 4 o'clock, beginning Tuesday, Feb. 19. The tuition will be normal. Kindly notify Mrs. S. J. Eisendrath or the War Emergency Union at your earliest convenience, if you care to take advantage of this class.

Red Cross in Schools.

Winnetka schools have joined the ranks of war workers and once a week there can be found in the different schools a very energetic corps of lieutenants and second lieutenants marshalling their forces. The girls are knitting quilts, making caps, booties and mittens to be sent to Dr. Brown's unit. The boys are making checker boards and checkers for the soldiers in the trenches, compiling scrap books for those in the hospitals. Knitting needles and carpet rags are being made to be sold so as to have a source of revenue. Our own families are to be kept with well soled shoes by the boys of the eighth grade under the direction of Peter Schramm. An exhibition of the work will soon be given.

Lilla H. Mehlope, Chairman.

Naval Auxiliary.

Fifty-seven housewives, 29 eiderdown jackets, 62 eiderdown helmets, 1 knitted scarf, 120 kits, 39 surgical leggings, 97 operating socks, 48 hospital shirts, 3 knitted wristlets, 6 knitted sweaters, 4 knitted helmets, 6 knitted socks.

The North End Winnetka Committee of the Naval Auxiliary meets every Monday from 1:30 to 5 o'clock at the homes of its members. All who would help are most cordially welcome.

Mrs. Leon Winne, Chairman.
Mrs. Ruby Byron, Secretary.

Hospital Garment Work.

The hospital garment department shipped only about 200 garments in January, owing to the difficulty of transportation but nearly 400 garments were completed and will be sent at once. The work done by this department will be very much increased by the formation of a new group at the Skokie school under the direction of Mrs. Frank Farmer, who reports that a group of forty or fifty enthusiastic women are meeting there every Tuesday afternoon at one o'clock. They are doing work fully up to the high standard of the Red Cross and it is expected that this will be one of the most efficient organizations in Winnetka. It is an authorized branch of the Winnetka Auxiliary which furnishes it with the cut garments direct from the Red Cross headquarters in Chicago. Mrs. Mehlope and Mrs. Dudley French have a similar group in the southeast district and contribute many beautifully made garments every week, and a smaller group meets with Mrs. Olmstead in Hubbard Woods once a week specializing on the convalescent robes which are so much needed by the hospitals in France. The Parish House group meets Tuesday and Friday afternoons and Wednesday morning and workers are always needed for this work. Mabel B. Boyden, Chairman.

Navy Comforts Committee.

The output of work for the month, accomplished at the weekly meetings at the Parish House, and by the north and south auxiliaries has been: 81 eiderdown helmets, 36 eiderdown sweaters, 28 knitted scarfs, 11 knitted helmets, 16 pairs of wristlets, 39 pairs of socks, and 12 felt ear-protectors.

These have been distributed between the Jolly Tar, men of the Merchant Marine, the Great Lakes hospital, the Naval Station at Great Lakes, and that at Nantucket.

On January 16, \$356.00 was donated at a bridge party given at the Woman's Club, to raise funds for carrying on the work.

Mrs. Clarence T. Morse.

Conservation Shop.

This department has charge of the utilization of used and worn materials. Its work is primarily to furnish clothing for French and Belgian children, although it furnishes some clothing for local charities.

The "Conservation Shop" was organized in November, 1917. The materials with which the clothing is made, is sent to the Parish House,

Winnetka. Committees design and cut this material, and it is then distributed in bags to the chairmen of various organizations to be finished. At present, the following organizations are engaged in this work:

Woman's Guild, Christ Church.
Evening Guild, Christ Church.
Girl's Friendly Society, Congregational Church.
East Willow Street Circle, Congregational Church.
Prospect Avenue Circle, Congregational Church.
Ash Street Circle, Congregational Church.
Cherry Street Circle, Congregational Church.
West Elm Street Circle, Congregational Church.
West Willow Street Circle, Congregational Church.
Teachers' Columbia School of Music.

The finished garments are all returned to the Parish House, and on Friday of each week, under the direction of Mrs. Thomas Taylor, are packed and shipped to the French Shop of Chicago, to be forwarded to France.

Up to Feb. 1, 1918, garments had been forwarded as follows:

French Shop.....	1675
Relief and Aid.....	350
Infant Welfare.....	46
Dr. Alice Brown; made by Evening Guild.....	165

Various other charities..... 200

2436

Ten bags of material have also been furnished to the school workers.

Mrs. Fulton has explained this work to many organizations, and many patterns and samples had been furnished throughout the United States. There are about three hundred women in Winnetka, giving a portion of their time to this work. Supplies are needed to keep them busy. Worn or used clothing of any kind which can be spared by anyone, should be sent to the Parish House for the "Conservation Shop."

Receiving committees are at the Parish House each day, and regular meetings are held from nine to twelve o'clock knoon every Monday, and from eight to ten o'clock each Wednesday evening. All women interested in war work are welcome.

Mrs. Frank D. Fulton.

Knitting and Wool.

This committee has had made and turned in to the Shop, from wool given out: 82 sweaters, 82 helmets, 105 pairs of socks, 22 pairs of wristlets, and 6 trench caps.

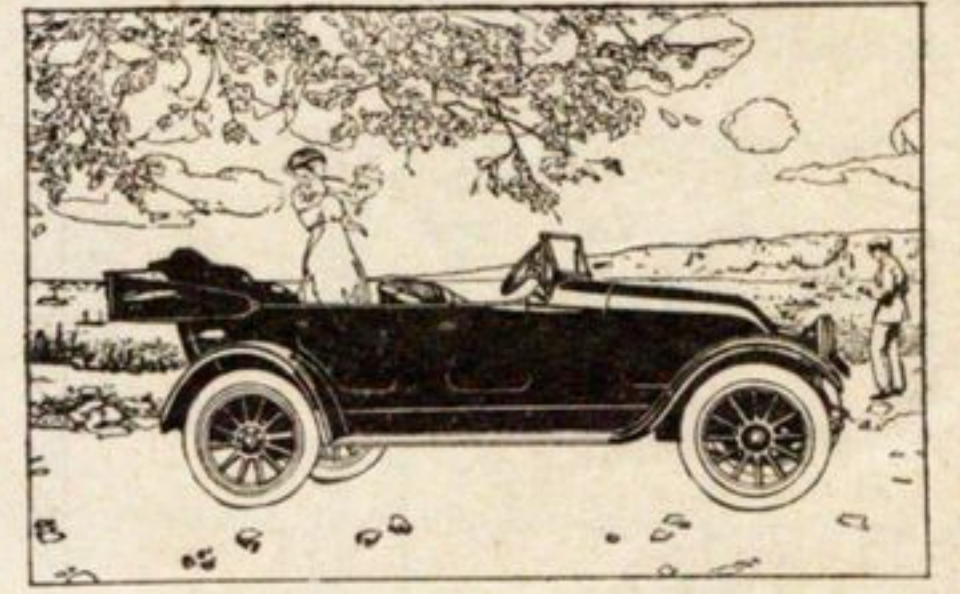

Mrs. Harold S. DeLay.

Surgical Dressings.

From Jan. 3 to Jan. 29 inclusive, there were made in the Shop and sent to headquarters 13,295 surgical dressings.

Mrs. Charles Fuller.

WE have just received notice from the Franklin factory that the prices of Franklin open cars will be \$200 and the sedan and brougham \$100 higher.

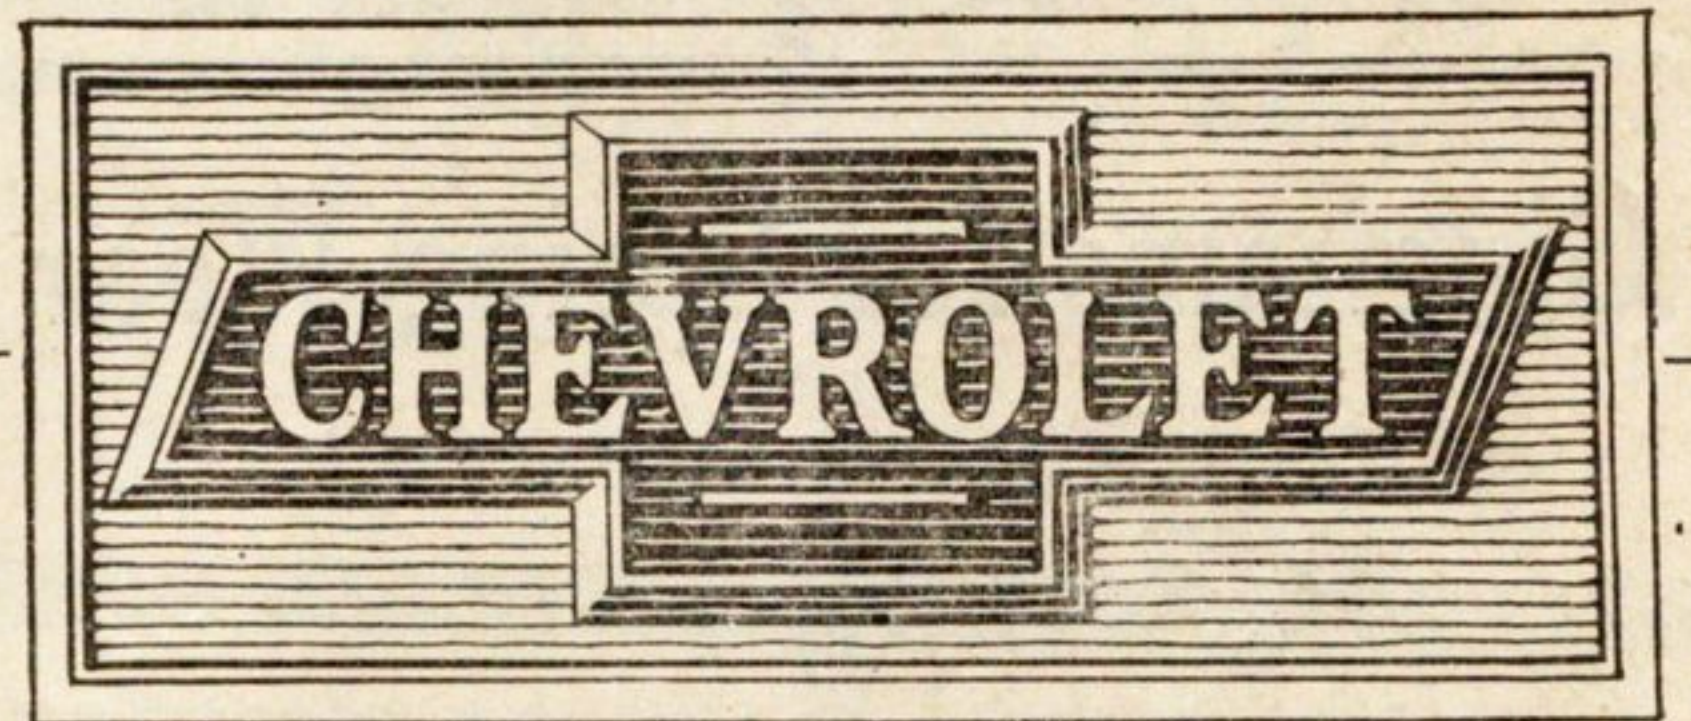

We have a few more cars at the old prices that we ordered previous to the increase and which we will sell at the old prices. We can now make deliveries on Dodge Brothers Sedans and Touring Cars and have also a limited number of Dodge Brothers trucks for immediate delivery.

New Series MODEL F. A., \$935.00 f.o.b. Flint

Increasing popularity of Chevrolet Cars all over the U. S. is a conclusive proof that they are meeting the demand of the public. A complete survey of the market was made by us, before a decision was reached as to the particular type of car best suited in these days of economy. We spent months of time in comparing cars for road performance and chose the Chevrolet for being "lightest on its feet."

The Chevrolet Motor Co. also has a wide field of cars, both as to size and price. Their fine attention given to details, demonstrates that the Company is building not only for the present, but for the future.

Since upon the power depends most of the usefulness and enjoyment of one's entire car, the Chevrolet uses the Valve-in-head motor in all models.

When you have tried many cars by the test of comparison, we ask of you to call on us for a demonstration of the Chevrolet and then you too will have the pleasure of realizing as we did, that the Chevrolet is your choice.
