To Help the Thrift Habit Trade at Rosenberg's

Every day a greater number of people are becoming conscious of the fact that it is economical to trade at Rosenberg's.

The varieties of merchandise are large and the prices on articles of the same quality are in most instances less than the prices in the Chicago stores.

Our shoppers have time after time, reported quality articles that we are selling for considerably less than the prices prevailing in the State street stores.

It is convenient to shop at Rosenberg's because of the time saved, the excellent service, and the assured quality of any merchandise which you may purchase.

The ability to obtain what you want is emphasized by two incidents which occurred within the past few days.

—A woman who had sought for hours in all the Chicago stores for 10-inch wired mahogany candlesticks and had failed to find them, secured these sticks here in less than five minutes.

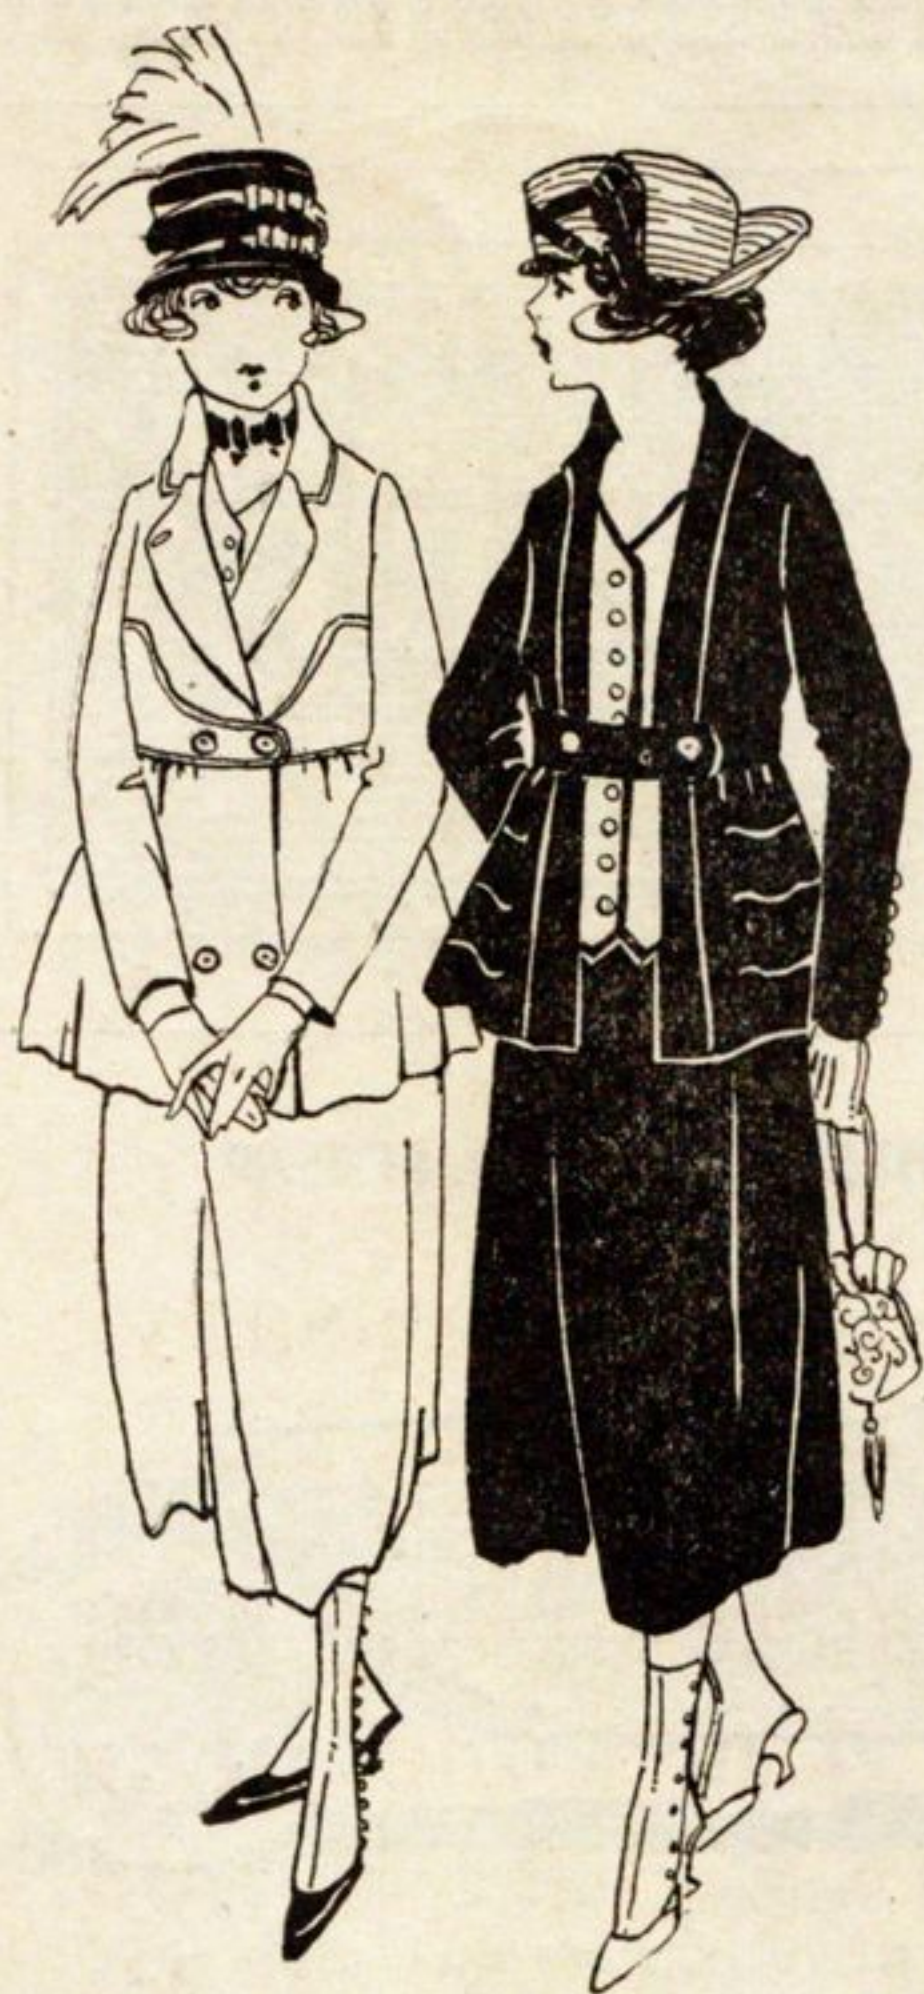

—Another woman who failed to get in Chicago's largest store a set of tan organdie collars and cuffs, found here just what she desired and that at a price which she said was very reasonable.

It pays to trade at Rosenberg's because it is time-saving, trouble-saving and money-saving.

Have you seen the new wool trimmings that are so fashionable right now? Some especially attractive prices have just been received.

Buckles, Buckles, Buckles! You'll find them on hats. You'll find them on dresses. You'll find them everywhere. We have them in a dozen different sizes in our trimming section.
