Supplies of both old and new material are needed. Several new units have undertaken the work, including the women of Marcus, Iowa. This work in Marcus, was organized by Mrs. H. R. Neiman, who reports a large number of very fine garments ready for shipment.

Mrs. Frank D. Fulton.

#### Red Cross

Report of the Surgical Dressings Committee, February.

The following letter has just been received by the Chairman of Surgical Dressings in Winnetka.

"I want to take this opportunity to thank you and through you your splendid workers, for your fine work and co-operation for the Chicago Chapter, American Red Cross. It is impossible for me to tell you how much we appreciate the work you have done for us in the past. You have done much to help us in the wonderful record we have established. May we ask you to help us still further by assuming the responsibility of wrapping your dressings and sending them here ready to pack?"

Signed, Helen Stewart Doane  
Supervisor Surgical Dressings,  
Chicago Chapter, American Red Cross."

The number of dressings made during February was 20,500, an increase of 7,000 over January's output.

Signed, Elizabeth S. Stevenson,  
Chairman.

#### Report of the Wool Committee February 1918

Turned into the Red Cross: 73 Sweaters, 117 pairs Socks, 30 Helmets, 11 Trench Caps, 5 pairs Wristlets.

Given to the draft: 18 pairs Socks, 10 Sweaters, 1 Trench Cap, 1 Helmet.

Given to the French: 80 pairs Socks, 34 Sweaters, 13 Helmets, 3 pairs Wristlets, 6 Trench Caps, 4 Scarfs.

Making a total of: 117 Sweaters, 215 pairs Socks, 8 pairs Wristlets, 44 Helmets, 18 Trench Caps, 4 Scarfs.  
Signed, Mrs. Harold De Lay.

#### Report of the Winnetka Navy Comforts Committee, February

The record of work for the past month shows that we, with the aid of our two auxiliaries, have made and distributed between the Great Lakes Station, the Jolly Tar, the Nantucket Training Station, Co. E, Third Truck Supply Train, and men of the Merchant Marine, 63 eiderdown sweaters, 73 eiderdown helmets, 24 felt ear-protectors, 34 comfort kits, 79 pairs of socks, 22 knitted helmets, 16 scarfs, 4 pairs of wristlets, 4 knitted caps and 34 knitted sweaters.

Signed, Harriet M. Morse  
Secretary.

#### Report of Hospital Garment Committee for February

This department sent in 265 garments in February. Our new branch at the Skokie School is doing fine work. We have rented three extra machines for the South End branch, as their workers had increased. The Winnetka branch now does its own final inspecting and packing and our work goes through the main department without being opened. Mrs. Matz has taken charge of the packing and has a committee to help her, which with her is doing very beautiful work.

Signed, Mabel B. Boyden,  
chairman.

The North End Winnetka Committee of the Naval Auxiliary of the Red Cross reports the following work done in February:

162 Operating Socks, 70 Kits, 12 knitted Sweaters, 4 pair Wristlets, 4 Helmets, 14 pairs Socks, 81 Hospital Shirts, 20 Convelescent Robes, 25 eiderdown Sweaters, 14 eiderdown Helmets, 2 knitted Scarfs.

#### Winnetka Contributions

It has come to the notice of the War Emergency Union that Winnetka is not getting the full credit

for the contributions which its citizens are making to the various causes and movements, because many of these contributions have been made to the committee in CHICAGO, and are thus not counted as part of Winnetka's gift.

The THIRD LIBERTY LOAN drive is to be started soon, and is to be carried on in Winnetka through the War Emergency Union with the co-operation of the Woman's Committee under Mrs. Allan J. Wolff, chairman.

We are of course all anxious that Winnetka's record of patriotic gifts and efforts shall be second to none. It is therefore urged that all residents of the village, as far as possible, make their contribution to the Liberty Loan through these local committees, or if their contribution is made in Chicago, arrange so that credit for it be given to Winnetka.

### Communication

Winnetka, Ill., March 13, 1918  
Winnetka Weekly Talk.

Dear Sirs:—

Now that so many of our boys are in France and other European countries I would like to call attention to the correct method of preparing and addressing mail for the members of the American Expeditionary Forces in Europe.

Owing to the difficulties experienced in delivering mail when carelessly addressed, senders of mail to soldiers, sailors and marines of the American Expeditionary Forces abroad, should take care to write given names in full preceding, or following the name of the addressee with the necessary titles, such as private, sergeant, lieutenant, etc. The need for the full given name of the addressee is apparent when it is explained that the War Department has card-index files that may be consulted relative to undeliverable mail for the troops, reference to which file furnishes no information when a letter is addressed "J. F. Smith," for instance and it can not be determined whether it is for James F. Smith, John F. Smith or Jeremia F. Smith. In addition to the given name of the addressee, and his title, there should also be added the full name of the unit or organization to which the addressee is assigned, it being sufficient in the way of further address to add the words "American Expeditionary Forces."

It is particularly enjoined that letters, post cards and packages be not addressed with lead pencil, and that every piece of mail-matter bear the name and address of the sender so that in case of nondelivery letters may be promptly returned to the senders.

The long transit taken by the mail before it reaches the delivery points abroad, calls for the use of envelopes that are substantially made, as experience has shown that well-made envelopes retain clear and distinct, the addresses written thereon, while in the case of envelopes of poor material the writing becomes indistinct, rendering uncertain the correct reading of the name or some part of the address.

Reports continue to be received to indicate that packages reach United States post offices in Europe in such a delapidated condition that repacking has frequently to be undertaken before delivery can be effected. Senders should use heavy weight paper, canvas or cloth as wrapping for packages, and when canvas or cloth is employed the address should be written on a shipping tag with the name and address of the sender on the reverse side.

Yours respectfully,  
N. U. KLOPPER,  
Postmaster.

#### PIGEON EXPERT JOINS U. S. SIGNAL SERVICE

Edwin L. Stafford, 936 Sheridan road, is now in army service at San Antonio, Texas.

Young Stafford belonged to the 11th Regiment Illinois National Guard encamped at Springfield last fall. A month ago he asked for his discharge from the regiment to join the regular army.

#### RED CROSS TO ERECT NEW CANTEN BUILDING

Canteen headquarters will be erected on the lake front by the Chicago chapter of the Red Cross early in the spring. Mrs. George A. McKinlock of Lake Forest will be in charge. Quarters are now maintained in the Hearst Building at Market and Madison streets, Chicago.

### APPEAL TO VOTERS

By Janet S. Gordon

The Winnetka Board of Education announces a special election to be held at the Horace Mann School, March 23, from 1 until 6 o'clock, for the purpose of voting on two bond issues.

The first issue is for \$18,000, to be used in purchasing twelve acres of land for a new school-site. This lot is located on the south side of Elm street, between Glendale and Lake avenues.

The second bond issue is for \$16,500 to be used in building an addition to the Lake School.

Inquiry has been raised at to the effect of these bond issues on our taxes. The Board of Education has been asking the full amount allowed by law for schools which is 3 per cent of the assessed valuation of the property, and we cannot get more money until our tax rate is changed in Springfield. This property cannot be built upon without a referendum vote by the people of Winnetka, but unless land is now bought for the future, there will be none available, where it will be necessary to build another school. Several sites were looked into by the Board of Education and two experts, and there seems to be no better one available both as to price and desirability for a modern school.

The addition to the Skokie School will house our children for a few years, and will enable all three schools to have the first six grades.

No one knows how long this war will last, but we all know that the children in our village should have every opportunity for growth in education and citizenship before they may be called upon to take up the responsibilities of the nation.

#### HEAVY GALE SHATTERS WINDOWS IN DYE HOUSE

The terrific wind and snow-storm early in the week shattered the plate glass front of the Parisian Dye House in the Prouty Annex. Exposure was prevented by boarding up the aperture.

The storm was one of the most terrific experienced in the village in many years. Limbs of shade trees were scattered over pavements and several store signs were wrenched from their hangers.

#### WOMEN'S CLUBS OF COOK COUNTY VOTE ON LEADERS

Women's clubs along the north shore, within Cook County, will elect officers to head the League of Cook County clubs for the ensuing year, on Saturday, March 23.

The candidates to be voted upon are as follows: President, Mrs. William F. Buskirk; Corresponding Secretary, Mrs. Howard R. Maxwell; Directors, three to be elected, Mrs. Milard F. Grauer, Mrs. R. L. J. Splaine, Mrs. F. G. Culver, Mrs. Philo Clark Darrow, Mrs. H. S. Vaile, Mrs. Donald S. Gallie, Mrs. E. T. Hughes.

#### WOMEN'S ORGANIZATIONS NOW HAVE 1,793 UNITS IN ILLINOIS

There are now 1,783 units organized by the Woman's committee in Illinois. Although the Council of National Defense has but recently suggested the organization of county committees, the following counties are reported to have perfected their executive boards: McHenry, Stephenson, Coles, Cass, Christian, Morgan, Washington, Cumberland, Grundy, Hancock, Lake, LaSalle, McDonough, Williamson, Pike, Richland, Rock Island, Saline, Vermilion, Warren.

#### RELIEF WORK IS BIG JOB (Continued from page one.)

arm, or are deformed in some way. We have been slow in coming to their aid, and so they felt, but now that we are here they are so thankful and appreciative.

A letter has been sent recently to Mrs. Thomas Taylor telling what our coming has meant to one of our villages; it was written by M. Mirman. I hope she has received it. Letters are slow in getting to their destination.

Well, my fire is out, the room is cold, and I must go to bed for it is nearly midnight.

Be sure to send all mail care of American Express Company, Paris, France. It is more certain to reach me, recently, all of your letters have been opened but nothing objected to.

My love to you all,  
Alice Barlow-Brown.

#### FRENCH EMBROIDER FLAGS FOR AMERICAN REGIMENTS

Descendants of Frenchmen who fought in the American revolution have had magnificent flags embroidered by the most skillful workers in Paris to present to the first American regiments to take their places on the battle line in France. The flags were exhibited Sunday afternoon at the Invalides in Paris.

#### SLACKERS IN DRAFT ONLY .0026 PER CENT

Provost Marshall General Crowder, in his report on the first draft, made public to-day, said only 8,750 men were arrested as draft evaders out of almost 10,000,000 men subject to the law. The report says that "in the final analysis only .0026 per cent of males between 21 and 31 inclusive, have failed or neglected to register."

#### Loses Army Bout

Phillip Doetsch, a farmer west of the Village, and now in training at the Camp Grant army cantonment, is a member of the boxing team. He recently lost the decision in a bout with a Camp Custer boxer. Doetsch is said to be 98 per cent perfect, physically.

#### Doctors Must Have Lost Prestige.

The Zulus are greatly given to superstition, and we are told that when the English first came there, their witch doctors sprinkled them with some concoction, and told them that this would make them proof against all bullets.

#### Seven Hills of Ancient Rome.

The names of the seven hills of ancient Rome are, the Palatine, the Capitoline, the Aventine, the Caelian, the Esquiline, the Quirinal and the Viminal.
