ARMY OF LABORERS TO HARVEST WHEAT

Additional help to harvest the wheat in the central western States will be supplied by an army of workmen moving from Texas to North Dakota with the season of harvest. Definite plans for distribution of this labor have been made by the Department of Agriculture's farm help specialists co-operating with the Department of Labor and with county agents in these wheat-producing States. It is estimated that 80,000 men will be needed to harvest the wheat crop in Kansas, and that about 50,000 of this number will be furnished by the towns and cities of that State while the remainder will go into Kansas from Oklahoma and Texas when the wheat harvest is finished in these States.

LUTHERANS IN ARMY—NAVY AID SERVICES

Young People of North Shore Organization Hear War Messages and Donate Liberally to Fund

One hundred and twenty-five young people of the Associated Lutheran Young People's Society of the north shore, were the guests of St. John's Lutheran church last Sunday afternoon and evening. The occasion was the quarterly meeting of this association.

The main subject under discussion was the work which the young people of the churches are conducting in the interest of the men in the Army and Navy. Reverend F. T. Strenfert, Secretary of the Lutheran Board for army and navy work, gave a very interesting talk on the spiritual and social work being done at the various camps and cantonments and urged the whole-hearted support of the patriots at home.

Chaplain Krumnick next referred in particular to the wonderful work accomplished at the Great Lakes naval training station and encouraged the co-operation of the homes in behalf of the jacksies on leave. Several sailors from the Lakes also spoke.

The evening session was attended by a still larger number who heard a powerful address on "Queen Esther" by the Reverend G. Schussler of Chicago. A very substantial collection was gathered for the Walther League Literature Fund for Army and Navy, which organization is supplying pocket hymnals and prayer books to the men in the service.

In response to our President's Memorial Day Proclamation a very impressive service of humiliation and prayer was held at St. John's Lutheran church, Wednesday evening, May 29, which was largely attended.

IN a face to face conversation, the person addressed often gets part of the idea from the motions of the speaker's lips as well as from the sound vibrations that strike the ear. In using the telephone, the lip movement of the speaker is not visible to the listener who, therefore, depends entirely upon what he hears. To get the best results, the person talking should speak slowly and distinctly with lips close to but not touching the mouthpiece.
