

Christian Science Church Engaged in Great Camp Welfare Activities

ON November 17, 1917, the Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, advised the three largest Churches in each State that if a conference of Churches and Societies of that State were called, a representative would visit them and submit a plan prepared and recommended by the Board for carrying on the work of Camp Welfare among the Christian Scientists in the Army and Navy Camps of the United States here and overseas in a systematic and uniform manner.

In response to this offer, the first State conference was held in Cleveland, Ohio, on November 30, 1917, quickly followed by others in all parts of the United States, and the first Camp Welfare Worker provided by the plan was installed at Camp Devens at Ayer, Massachusetts, early in December of the same year. Today, six months later, there are sixty-three Camp Workers, fifteen Welfare Room attendants and hundreds of other Christian Scientists, as members of local and state Camp Welfare committees, consecrating thought and time (in full or part) to the strengthening of our men with the colors, in order that they may be the better prepared to overcome all conditions that would hinder progress and defer the victory of our nation and its allies.

Cover All Camps

All of the great camps and cantonments and an ever increasing number of the smaller camps, forts, and stations are being covered, adding much to the "welfare" of our boys, in ways that no other agency is equipped to supply, thus complementing and supplementing the efforts of those actively interested in the well being of officers and men in other ways.

One hundred and fifty thousand dollars has been contributed by generous, loyal, and patriotic Christian Scientists to this activity during the five months of its existence, an average of \$30,000 each month. This amount, if increased to \$40,000 monthly, will permit of the continued expansion of the Camp Welfare work

at home and its extension overseas.

The Textbook and Literature

Whenever a Christian Scientist or one interested in Christian Science is found in uniform, he is offered a textbook, quarterly, and song book, in vest pocket size, and also a subscription to the Monitor. The Sentinel and Journal and Le Herault are also being placed in the Y. M. C. A. huts and camp libraries, for use of those caring to read them. Many chaplains and "Y" workers have taken advantage of the opportunity to become acquainted with our literature. One "Y" musical director requested a large number of the little song books and another asked for 1000 copies, for use with their song leaders. An orthodox army chaplain, who had become interested in Christian Science, asked for 100 textbooks, 100 Bibles, 100 Monitor subscriptions, 100 Sentinels, and a supply of quarterlies and pamphlets to be delivered to his organization in France. He stated that forty-three of his men were Christian Scientists.

Christian Scientists With Colors

In all the camps groups of Christian Science boys get together to read the lesson, and in many, regular services are held, with Readers elected from the ranks of the men themselves. Some meetings are held in "Y" or camp library rooms, some in rooms or tents of officers or men and at least one has been held in the great outdoors, with brilliant sunshine, and birds singing, the Readers' "desks" and seats for the congregation being made out of railroad ties, this being pronounced by those attending it as a most impressive service. Through these services and the helpful work of the Camp Workers many boys who were loath to declare themselves are being encouraged to take their stand. Others have renewed study that had been allowed to lapse. Others who have friends and relatives who are Christian Scientists, have come to see the need of Christian Science for themselves and commenced study. And, of course, these men are better soldiers and sailors than would be possible without the help that Truth unflinchingly gives.

place of registration four photographs not larger than 3x3 inches, on thin paper with light background. The photographs shall be of shoulders and full face, without hat or other head covering. At the place of registration she will be given full instructions as to procedure in filing application for registration.

An alien enemy required to register and who fails to complete her registration within the time fixed therefore, in addition to all other penalties prescribed by law, is liable to restraint, imprisonment and detention for the duration of the war.

W. B. Carlile,

Chief Registrar for Nonurban areas in the Northern District of Illinois.

All female alien enemies of Gross Point are ordered to register at the Gross Point post office, at the corner of Ridge avenue and Schiller street, Gross Point. Those of Kenilworth will register at the Kenilworth post office.

NORTH SHORE FOLK LIKE BOB O'LINK

North shore people who have attended various attractive affairs at the Bob O'Link club at Highland Park this summer have expressed amazement at the unusual attractiveness of the interior of the clubhouse. As they have passed from one room to the other they have marveled at the pleasing features of each, remarking that those who designed the rooms and the furnishings must have thought not only of the beauty of the place, but of the comfort of the members as well.

Lounge an Attractive Room

This is particularly true of the lounge, which was furnished, having in mind the comfort of the women as well as the men.

The furnishings are those of an English clubroom with very comfortable chairs and sofas, large tables for the placing of lamps and ornaments, facilities for writing, small tables for use in serving summer drinks, and has in it many interesting pieces of furniture which would be admired by collectors as true reproductions of important English models. One of these is the large trophy case with room in it for holding books and magazines.

On the entire side of the main building facing the links and extending the entire length of the lounge,

dining room and grill room, there is a continuous screened porch.

Walks and Floor of Tile

The architects have provided interesting tile walks of soft yellow color with a darker tile floor and Watson & Walton furnished the men's grill with three refectory tables with benches for the men and other small tables with a particularly attractive club chair. At the fireplace two large morocco chairs are provided, and on the wall they have placed a large trophy rack, which it is anticipated soon will be filled, as Bob O'Link has in it many good players from W. W. Ross, the president, down.

LEGAL NOTICE

Discontinuance of Credit

In order to meet conditions brought about by the war we are forced to change our policy in extending credit.

We very much appreciate the courtesy extended to us by the majority of our customers in meeting their bills with a reasonable promptness in the past. However, having laundry work charged and carried on our books for a period of thirty days entails a considerable expense in keeping up the office detail. The large number of customers we have each owing a small amount of money, requires us to carry many thousands of dollars in open accounts.

In order to meet the abnormal conditions, over which we have no control, we shall be obliged on and after July 1, 1918, to place all of our business on a STRICTLY CASH ON DELIVERY BASIS.

This is not to be construed as a reflection on your credit of financial standing, but actual necessity compels this course, which is in accord with the request of the Government in its conservation policy. We are relying on your co-operation.

For your convenience we are issuing coupon books in denominations of \$3, \$5 and \$10, which may be purchased from our representatives or at our main offices.

FEMALE ALIEN ENEMIES ORDERED TO REGISTER

President Wilson Issues Proclamation Making Week of June 17, Registration Period

POSTMASTER, REGISTRAR

Heavy Penalty Attached To Failure to Register During Specified Period

Female German alien enemies residing in Winnetka have been ordered to register with the United States government at the local post office during the period beginning Monday, June 17, 1918, and concluding on Wednesday, June 26, 1918.

The following order issued by W. B. Carlile, chief registrar of the Northern District of Illinois, explains in detail just who must register and what are the requirements of registration:

In accordance with the President's Proclamation dated November 16, 1917, and amended April 19, 1918, all female German alien enemies of fourteen years of age and upwards, residing in this post office district are required to register under the direction of the postmaster, who has been appointed assistant registrar.

This registration is to commence at six A. M. on Monday, June 17, 1918, and to continue on each day successively thereafter, except Sunday, June 23, 1918, between the hours of six A. M. and eight P. M. up to and including Wednesday, the 26 day of June, 1918, at eight o'clock P. M.

Persons Required to Register

All natives, citizens, denizens, or subjects of the German empire or of the Imperial German government, being females of the age of fourteen years and upwards, now within the United States and not actually naturalized as American Citizens are required to register as German Alien females. The fact of having first or deponent papers does not exempt the possessor thereof from registering as a female German alien enemy.

Female German alien enemies are hereby directed to report to the post office located in the district in which they reside, within the dates specified for registration.

Each female German alien enemy is required to bring with her to the
