

JUSTICES ASSOCIATION HOLDS ANNUAL DINNER

Well Known Illinois Jurists Are
Speakers; North Shore Justices
Officers of Organization

The Cook County Justices, Police Magistrates and Constables Association gave a dinner Saturday night at the Lexington Hotel, Chicago, at which the following eminent statesmen were present.

Orrin N. Carter, Chief Justice of the Supreme Court of Illinois, related many interesting incidents relating to the early history of the Justice Court system. Among others he told of an early law in this state which provided that in case the Judge of the Circuit Court was absent any three Justices of the Peace could hold a session of the Circuit Court and try cases in his stead.

Thomas F. Scully, Judge of the County Court of Cook County, told about the Justice Court system in Chicago prior to the institution of the Municipal Court. Every one present knew Judge Scully personally and he was quite a favorite.

Robert M. Sweitzer, County Clerk of Cook County, enlivened the assembly with his jokes and funny stories but finally became serious and urged all Justices, Magistrates and Constables to become leaders in all patriotic movements in their townships.

Assistant Attorney General Morton T. Culver is an old time Justice of the Peace and felt quite at home as he related his past experience.

Frederick R. De Young was chairman of the Judiciary Committee of the House of Representatives at the last session of the Legislature and was of great assistance in the passage of a Bill increasing the Jurisdiction of Justices of the Peace to three hundred dollars which was of benefit both to the Justices and to the public.

Justice John F. Boyer of Evanston, the president of the association, made a fine toastmaster. His address of welcome was appreciated by all.

Justice Samuel Harrison of Evanston the vice president of the association made a few remarks which were received with applause.

Justice Frank F. Aring of Oak Park the secretary of the association made an eloquent appeal for the Justice Court system and related in detail the working of the associa-

tion and the good it has done. At the close of his remarks Chief Justice Carter highly complimented Justice Aring and the association.

AUTOMOBILE INTERESTS ARE AGITATED BY FALSE "ORDER"

Automobile dealers, service stations, supply dealers, garages, etc., of your town will be interested in this:

The six-o'clock-and-Sunday-closing "order," which has been agitating them was born of a misapprehension. The restrictions embodies in

it were "recommendations" of the War Service committee of the National Automobile Dealers Association to the War Industries Board at Washington. Local automobile trade organizations were expected to use the recommendation as the basis of a program to be worked out locally, in each city and town, to fit local conditions.

By a misunderstanding, the recommendations got out through an official U. S. government channel a government "order." Now everybody concerned is throwing out the clutch and putting on the brakes. The

Commercial Economy Administration of the State Council of Defense, with local automobile and garage interests, is now working on a program that is expected to cover this field of conservation without friction.

Drowned At Braeside

John Thermier, doorman at the Lake Shore Country club at Braeside, was drowned while swimming near the clubhouse Monday. He was swept off his feet by the high waves and carried out by the undertow. The body was not recovered.

Charles M. Moderwell, Candidate for Congress in the Tenth District.

was born in Geneseo, Illinois, in 1868. He is of Scotch-Irish parentage, his ancestors having come to America in 1690. He has lived in Illinois all his life, in Chicago for nearly thirty years, and in the Tenth District for nineteen years.

Mr. Moderwell received his early education in the public schools of this state, and later attended Wooster College at Wooster, Ohio, where he graduated in 1889.

Mr. Moderwell is an independent coal operator of many year's experience. Last year he went to Washington as a member of the committee on coal production of the Council of National Defense, where he remained continuously for about nine months. Later, he assisted the state fuel administrator of Cook County during the coal crisis of last winter.

Mr. Moderwell is a member of the Presbyterian Church, vice-president of the City Club of Chicago, chairman of the Political Action Committee of the Union League Club, and a member of the Executive Committee of the Chicago Association of Commerce. He is married and has one child, a boy fourteen years of age. He resides at 5944 Winthrop avenue, Chicago.

In submitting his candidacy to you, we do not appeal to any particular faction in our party. This is no time for factional politics among candidates for Congress. We ask the support of all voters, regardless of factional lines.

The supreme demand today is to win the war. As a member of Congress, Mr. Moderwell will devote his full energy with that end in view. He will give whole-hearted support to every administrative measure for the accomplishment of this great purpose. He is for the country first, and the party next. He is 100% loyal,—by deed, training and ancestry.

Mr. Moderwell is unalterably opposed to any form of an inconclusive peace. He is an advocate of a national budget system, a central

CHARLES M. MODERWELL,

appropriating body in the House of Representatives, and the elimination of the many useless and inactive committees. He is free to give his entire time and attention to congressional work. We ask the support of all good loyal citizens.

MODERWELL CAMPAIGN COMMITTEE.

Remember the date of the primary, September 11, 1918.
It is more important to vote then than at the November Election.

A PERFECT BARRAGE

of inquiries, three orders, and many chances to trade in used cars if I but meet the allowance offered by other dealers has proven conclusively that the

Oldsmobile

is like the FORD in this respect; it requires only the plain truth to sell it; no flowery sales talks, lengthy demonstrations, or excessive Old Car Allowance.

I wouldn't say—"The Car Picks You"—but after talking with an owner of an Oldsmobile, look the car over and it sells itself to you.

The FORD Car sells mostly on performance and price. The Oldsmobile appeals to you and sells on Appearance, Performance, Capacity, Quality and Economy.

Recreation cars are getting scarce—better order yours today
