Communication

November 2, 1918

Editor,
Lake Shore News.

Dear Sir:—
There are many people who do not believe that so-called evil can result in benefit. Of course the true logic of this idea is the fact that usually "evil" is good. We like peace, we admire beauty, we want health and happiness. The evidence in daily life does not show that we invite these good things, these good results. The preferred way seems to be the "hard road", unwilling to be wise and choose the constructive in thought, word and deed.

The tragedy of the War! Yet good wins the day, through the sorrow, sacrifice and horror of it, forcing home its hard lesson.

The influenza came along, it made

A Proclamation

Sunday, November 10, has been set aside by national headquarters as United War Work Campaign Sunday. A combined budget has been prepared for the war activities of the Young Men's Christian association, the Young Women's Christian association, the National Catholic War council, the Jewish Welfare board, the War Camp Community service, the American Library association and the Salvation Army. Upon that day subscriptions will be received for this common fund.

The fourth liberty loan, which has just successfully closed, was to provide for the material needed in war. The united war work campaign aims to provide funds for those great agencies which minister to the moral and spiritual needs of our soldiers in the field. It is, therefore, a true complement to the liberty loan. Liberty loans provide the means by which our soldiers can successfully meet with the enemy in actual battle. But there is much of the time when our boys are not in combat with the foe. At such times the men need a thousand things which the army regulations cannot provide. They need those influences which go to make up a wholesome home; they need recreation; they need the presence of spiritual influence. These can only be supplied through the great agencies named above.

Our armies are fighting the battle of civilization. Surely, then, we should muster in full force, as near the battle lines as possible, all civilizing influences. This is being done through the agencies which you will be asked to help on November 10, United War Campaign Sunday.

Proof constantly comes from the battle fronts of the effective and beneficent influence of these organizations. There never was a cleaner army, morally, in the history of the world, than the American army of today. There never was an army, as is abundantly shown, more deeply moved by spiritual influences. This is due, in a large measure to the influence of the organizations you are now asked to help. And let it not be forgotten that the morale of our soldiers—the administration of the world—is greatly strengthened by the activities of these organizations.

Our people, through the liberty loans, have generously supplied the materials for war. Let them now, in this united war work campaign, make equal contribution to the moral and spiritual welfare of our men at the front.

Frank O. Lowden.

us think of public welfare. So many people afflicted, the effort to protect everybody was soon in practice. Even the street cars in the big city were cleaned up and an effort made to avoid the miserable overcrowding.

All of these good works should be exercised at all times, then less and less of evil would appear. If we refuse to learn of good willingly, then Life, Providence, Omnipotence, forces the lesson on our intelligence.

No matter how selfish anyone may be they can not get away from their fellow beings. The sooner we realize the great far-reaching meaning of this "One-ness" of life the easier and happier daily life will be.

Tradition is a hard thing to kill and is one of the weakest of standards. This war has finished one ancient fashion, the wearing of mourning. We question, why the devotion to black apparel, when a soul has gone on its onward journey? The spirit of today discerns a meaning in all events, rather than the will to follow tradition.

The pure and noble teachings of Jesus were a success with Him. This work was a daily practice of Divine thought. If His teaching has not been upheld we do know the reason why. A few of the great ones, have made living an Art.

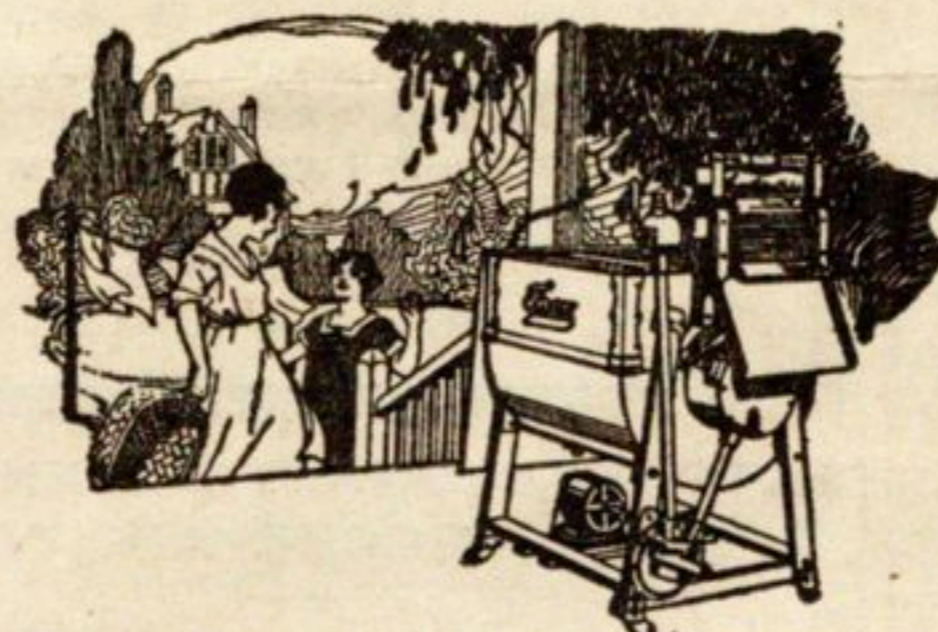

Very truly yours,
Mrs. T. F. Beadnell,
1028 Elmwood avenue.

By William G. McAdoo

Back of the trenches of France run our rear-line trenches of America. In them every one of us is a soldier on duty. The Liberty loan is a service in which every man, woman and child may take part. Children may carry the creed of patriotism into their own homes. Because of this influence a child may help sell Liberty bonds. I hereby appoint every child of school age in the United States a soldier of the Liberty loan.

Unconditional Surrender of Drudgery in the Home

If You install That Washing Machine--- Ironer or Vacuum Cleaner TODAY

Thor Washing Machine

IF THE MEN DID THE WASHING

would your husband rub the clothes with his knuckles on the washboard and turn the hand wringer for half a day? NO! He wouldn't. In less than five minutes he would STOP and THINK. MEN THINK how to save themselves. They seek the easiest and quickest way to get the best results. They build labor-saving machines and invent time-saving methods for doing their work easier and better, and every MAN who is a THINKING MAN should think

Why do women go on working week after week and year after year, doing their Housework in the same way their Grandmothers and Great Grandmothers did it? What chance would we have to win the War or demand Unconditional Surrender of the Huns if we used the methods and the kind of guns and ammunition our Great Grandfathers used?

of saving labor for his WIFE.

MAKE YOUR HOUSE A HOME

Show him that you can keep your home equally up to date with his office by thinking for yourself. Besides saving labor, these machines save you the money that has been wasted on extra soap, wear and tear on clothes, furnishing two meals to laundress and paying week after week for flat work sent out, to say nothing of the disappointments saved.

You Women Must Go Over The Top

Stop wasting Monday, Tuesday and Wednesday trying to get your washing and ironing done. Let me show you how to do it all on Monday and have time to spare. I have Washing Machines and Ironing Machines from \$75.00 up, and Vacuum Cleaners with all attachments for \$10.00 up.
