

SEEKS SUPPORT FOR ARMY FOOTBALL GAME

Phil A. Grau, Secretary of Camp Grant Permanent Athletic Fund Asks Residents To Go To Cub Park Game

GRANT AGAINST TAYLOR

Great Cantonment Teams To Clash November 9, in Benefit for Camp Athletic Fund

By Phil A. Grau

On Saturday, November 9, true lovers of sports in Winnetka will have an opportunity to witness an exceptional game of football.

The Camp Grant team will meet the Camp Taylor team on that afternoon at 2 o'clock at Weeghman's Cubs' Park, Addison street and Sheffield avenue.

From the information given by Captain Omer of Camp Grant, and from the showing made by the Camp Grant team in the game against Wisconsin last Saturday, it is safe to predict that this will be the big game of the season.

November 9 has been designated as Army Day in honor of the event. Tickets will reach for \$1 for bleacher seats to \$2.50 for box seats, all of them, however, being so located that a good view of the game will be secured from them.

Boost Athletic Fund

The proceeds are for the benefit of the Camp Grant Permanent Athletic fund. The Government does not furnish any money for athletic equipment to our boys. It must be raised through some other means. It is exceedingly necessary that a stadium be built at Camp Grant and that all other equipment for football, baseball, boxing and other sports be secured.

Make Camp Pleasant

It is not enough that we support the boys in our purchase of Liberty bonds, subscriptions to the Red Cross, Knights of Columbus, Jewish Welfare association, Salvation army and other War activities. All these are essential to it is true, and must not be overlooked. But it means a great deal to them also, when they find that we are backing them up in their daily life at Camp, and that we are entering into their daily existence and training by endeavoring to make Camp routine as pleasant as possible by enabling them to enjoy all of the athletic sports, which are so dear to every American boy.

The game on November 9, between Camp Grant and Camp Taylor, not only gives everyone an opportunity to do something for the Boys in Khaki, but it will give value received, for it will be one of the finest exhibitions of football that has ever been seen in the city of Chicago.

Tickets may be bought at Thomas E. Wilson and Company, 42 South Wabash avenue, Chicago.

The Camp Grant Permanent Athletic Fund Advisory committee is composed of the following:

Emil C. Wetten, chairman; Captain Lewis Omer, U. S. A., Vice-chairman; (Camp Grant Athletic director), H. H. Merrick, treasurer; Phil A. Grau, secretary; F. D. Countiss, Elmer T. Stevens, Everett C. Brown, Joseph M. Cudahy, Richmond Dean, Thomas E. Wilson, William Wrigley, Jr., G. E. Marcy.

Communication

A Timely Warning

Wilmette and the North Shore voters in general should heed the warning issued by the Cook County Voters' league, John E. McDonald, president, and C. F. Manahan, secretary.

The Voters' League has issued a pamphlet entitled "Shall the United Societies be Sheriff of Cook County?" Wherein is revealed the dangers to such communities as this, should Anton J. Cermak, secretary of the United Societies, be elected sheriff of Cook County. The United Societies is a conglomeration of anti-law-enforcement and pro-German societies in the city of Chicago. They have opposed the U. S. Government's recent request through Secretary Daniels, that the booze-selling dance halls and cabarets be made dry for the protection of our sailors and soldiers. They have promoted the "special bar permit" iniquity and have opposed every effort to restrict this vice.

They have sought to pledge all candidates for the State Legislature, if elected, to oppose granting woman's suffrage; the restricting of saloons nearer than 250 feet from a

church or schoolhouse; the enactment of a law to oust from office a public official who did not perform his duty; any and all enactments for the furtherance of prohibition, Sunday closing and law enforcement.

Should Anton J. Cermak be elected sheriff he will, of course, be the agent of the United Societies in carrying out their purpose.

Before the city council sometime ago, when asked the purpose of the United Societies, Cermak, brazenly and without hesitation, answered "We are organized for the purpose of getting as liberal laws as we can. We do not want those laws enforced."

Does Cook County want a sheriff who openly states that he does not want the laws enforced? Can any intelligent voter in Wilmette or in any of the suburban towns fail to see the danger in these outlying communities if a man like Cermak becomes county sheriff?

The riff-raff and lawless element of Chicago, should Cermak be elected sheriff, would immediately find assured refuge in our suburban communities.

It is the sheriff's business to see the enforcement of the laws outside

Election, Tuesday, November 5, 1918

RE-ELECT

Judge Thomas F. Scully For County Judge

County Judge Thomas F. Scully comes up for re-election on November 5th with a record of four year's service that has won for him the approbation of practically all humanitarians who appreciate the different phases of that most diversified of courts.

In the insane branch of the court Judge Scully has established a record of constructive humanitarian effort that will never be forgotten by relatives of unfortunate that come there. In the first place he gave that work his personal attention, something few other judges have done.

Then he forever destroyed that system under which the court was more of a curiosity shop than a house of justice. For that work, which has been accepted as a model in such courts the country over, Judge Scully has the commendation of psychopathic experts everywhere.

He established the special car system of transporting patients from the psychopathic hospital to the state institutions. He established the observation system that has saved many from the humiliation of unnecessary commitment to state institutions.

In the support branch of the county court his humanitarian effort has been pronounced, even to the point of personally assuming the responsibility for care of many of the needy subjects that came before. No one who knows the court work of Judge Scully and his tireless patriotic endeavors outside court hours can be other than a tireless supporter of his candidacy for re-election from now until November 5th.

It is well for the citizens of Cook County to remember that the Republican candidate for County Judge said before the primaries, that no citizen had a right to be a candidate for this important office unless he resided in the City of Chicago. This charge was made against Allen J. Carter, a resident of the city of Evanston, and son of Chief Justice Orrin N. Carter of the Supreme Court of Illinois, who was County Judge of this county for twelve years.

Such an argument to come from one who seeks the high office of County Judge disqualifies him at once and denotes him as one who is narrow minded and who lacks the sound legal acumen and who is devoid of judicial temperament, two elementary qualifications so essentially necessary for one to exercise judicial discretion, and which is so characteristic of the present incumbent, whose reputation for fairness and fearlessness is known to all and whose kind and humane treatment of the mentally sick and afflicted brought him to the forefront as a humanitarian of the highest type.

the city limits. What protection would we have if a man were elected sheriff, who openly states that he does not believe in moral regulation and law enforcement?

If we wish to protect the morals and good name of such communities,

the voters should take warning. We fear there is trouble ahead for Wilmette and the north shore, if the United Societies should succeed in electing Cermak sheriff of Cook County.

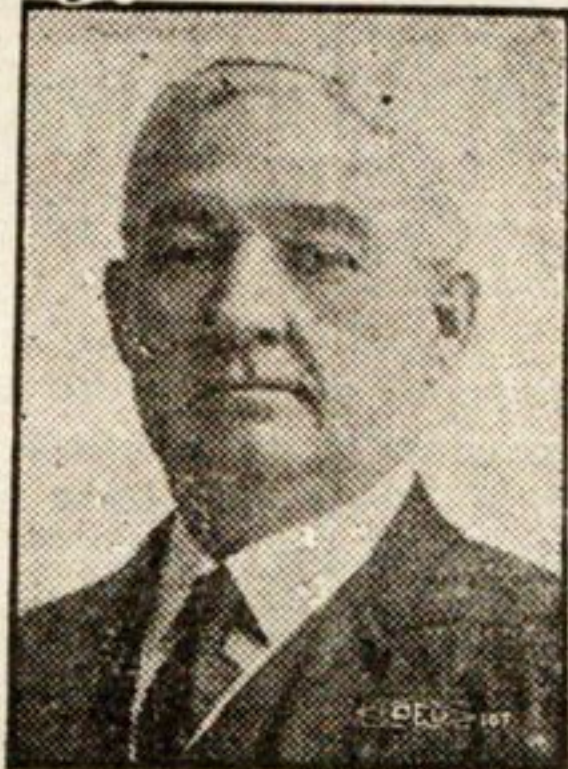

It behooves our people to be on the

alert.

We should not hesitate to oppose the "gang" at home when in opposition to the same element our boys are laying down their lives in France.

We are for decency and law enforcement. Rev. George P. Magill.
