

GIRLS' PATRIOTIC SERVICE LEAGUE IN NEW ALLIANCE

The Girls' Patriotic Service league, formerly working with the woman's committee of the State Council of Defense, has now been made a part of the War Camp Community Service in Cook and Lake counties.

Twenty-six leagues and approximately 10,000 girls are included in the change. Miss Jane Smith, organizer, under the woman's committee will retain the same position in the new relationship.

Mrs. Pearl Case Blough has been appointed organizer for the vicinity of Chicago, and a director from national headquarters is expected soon

to take up development of the work in the state.

Warm Rooms For Early Risers

The more sensitive and accurate the regulation of the fire in the heating boiler—the more fuel you will save. Prevent the fire from running away or dying out and you have solved the secret of uniform heating with greatest fuel economy. This is all accomplished automatically by the

Arco Temperature Regulator

easily and quickly installed on any kind of a heating plant—radiators or hot air.

It is always on the job—opens and closes the dampers automatically according to the needs of the weather. The ARCO Thermostat will also turn off drafts at night and turn them on early in the morning, so that rooms are warm and comfortable at arising time.

Eliminates all attention to regulation and gives you the most sensitive and accurate control of the burning of your fuel, so that you get the maximum results with the greatest fuel saving.

Let us submit an estimate for an ARCO TEMPERATURE REGULATOR for your house and give you full information about its reliable and satisfying service.

Phone, call or write today.

CARL R. CHINDBLOM

Republican
Nominee for

Representative in Congress

Tenth District

Stands for relentless prosecution of the war until peace with victory is attained and against any peace not based on the enemy's unconditional surrender; insists that loyal Republicans have their share in the administration of the government as well as in the burdens and sacrifices of the war; favors immediate action by Congress to prepare for domestic problems following the war, adoption of the budget system for appropriations by Congress, and legislation that will protect American Labor and capital against unjust foreign competition and stimulate healthy competition and initiative in our industry and trade, as soon as the world has resumed the pursuits of peace.

VOTE FOR EFFICIENCY

Keep Business Men at the Head of Cook County Affairs

Economical, efficient and business-like administration of the public business of Cook County is due in large part to the efforts and the energy of the five county commissioners who are now seeking re-election on the Republican ticket. They are:

- William Busse
- Joseph Carolan
- William H. Maclean
- George A. Miller
- Dudley D. Pierson

Keep these names in your mind and put an X mark after each of them when you go to the polls on November 5.

They have maintained public property in Cook County in a high state of perfection, and have at the same time kept expenses down to the minimum. They have stood consistently for the impartial enforcement of the Civil Service Law. They have voted to cut unnecessary employes from the county payroll.

THE ENTIRE NORTH SHORE has benefitted by their administration. They have built 100 miles of permanent good roads in the suburban districts, and if continued in office they will work for the completion of a comprehensive system of good roads.

For the enjoyment and the recreation of the people of Cook County they have acquired 12,000 acres of timberland which they are converting into parks and recreation places.

These Men Have Served You and All of Cook County Well.

Vote for Them at the Election on November 5th
