

## War Emergency Notes

Corporal Milton Maack, Ensign N. Hale, Sebastian Hinton and 1st Lt. John Reilly have received honorable discharges from service.

Fred Kassner is with the Army of Occupation.

Arthur Kassner, who has been with the military police is reported as on his way home.

Corp. Werner Ebner, who is with the Army of Occupation near Coblenz, writes that he is in the best of health and sends his "best regards to the people of dear old Winnetka."

Arthur Syme, who has been with Co. A, 331st Inf., overseas has received his honorable discharge.

Earl Dean is now in Co. D, 11th Regt. of U. S. Marines at Ronorantin, France.

Sergt. Ernest Burkitt, who has been with Batt. D, 72nd Artillery, has received his honorable discharge.

Chaplain and 1st Lieutenant Edward Ashley Gerhard has received his honorable discharge from service and returned to Winnetka to take up his duties as rector of Christ church parish. Chaplain Gerhard entered service last July and for the past few months has been stationed at the Debarkation Hospital No. 5, New York City.

Sergt. Wilmarth Ickes has been honorably discharged.

First Lieut. Robert C. Meloney is at Base Hospital No. 99 in Southern France, where he is recovering from Typhoid-Pneumonia with which he was stricken last October.

Capt. Henry F. Tenney and Capt. J. H. Linn of the 332nd Field Artillery have returned from overseas and are at Camp Grant awaiting their honorable discharges.

The War Emergency Union earnestly asks the families and friends of boys returning home from service to notify the office of their return so that the record of the men in service may be complete as soon as possible. Those knowing of Winnetka men who are now in the Army of Occupation are also asked to call up the office of the War Emergency Union—Winnetka 1000.

The Archives committee of the War Emergency Union, of which Miss Olive Grover is chairman, is busily engaged in compiling the war records of the Winnetka men in service. A picture of every Winnetka man is wanted for the War Album. If the families of these men have not already sent such a picture to the office of the War Emergency Union, they are asked to do so as promptly as possible. This Album when completed will be placed in the public library as a matter of record and interest for the future.

## How Those Who Know

*Light and Moderately Priced with Costly Car Qualities*

## Describe the Essex

Those who have seen and ridden in the Essex understand why everyone is so enthusiastic over it.

There has been a veritable burst of approval for the Essex from motorists who have heretofore confined their interest to one or the other of the two general types of cars.

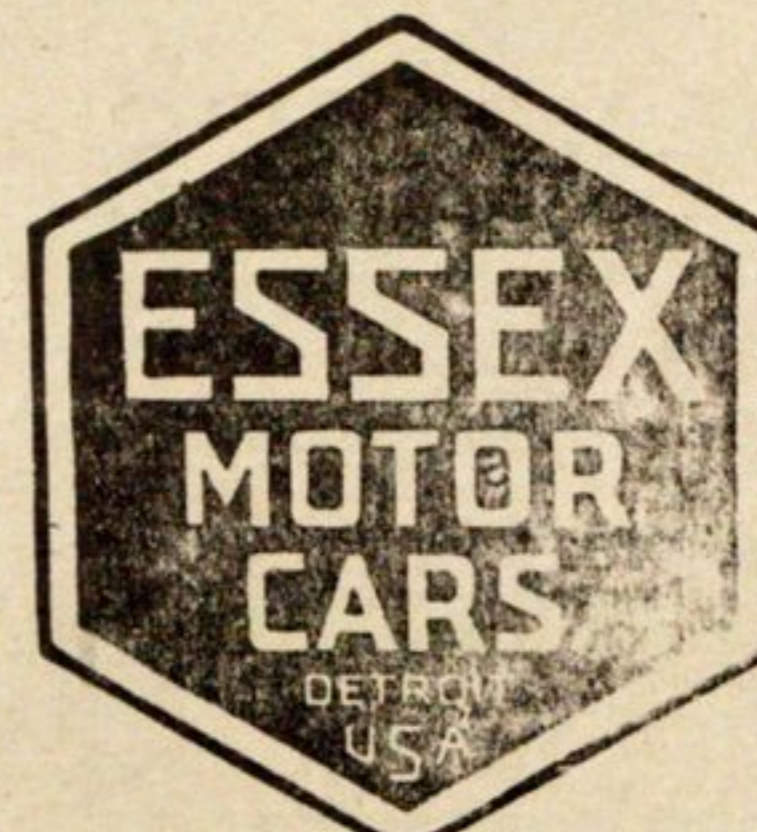

The user of the light cheap car sees in the Essex a new standard of comfort and endurance. He recognizes that at a moderate price he at last can get economical motor car service that is enduring. He sees much in the Essex to admire and be proud of instead of apologetic, for it has the beauty and refinement that distinguishes many large and costly cars.

### The In-Between Car

The Essex, as everyone recognizes, combines many of the wanted qualities of both the cheap light car and also of the large costly car.

It is light, yet as comfortable and easy riding as the large heavy car. It is small, but it also is capable of performance in the way of acceleration, hill climbing and speed that few larger and costlier cars are capable of showing.

The Essex is moderately priced, but it is rich in detail of beauty and finish. It awakens the pride of ownership.

### Only One out of Three to get them

Present indications point to three buyers for each Essex that will be built this year. Ask those who have seen and ridden in the

Essex and you will realize how strongly it is esteemed. Orders are being booked faster than cars can be built though factory production grows greater every day.

Maybe you will be one of the fortunate to get an Essex. Delay will place you with the thousands who will not be able to get an Essex this year. The question will be decided by your promptness.

## Announcement

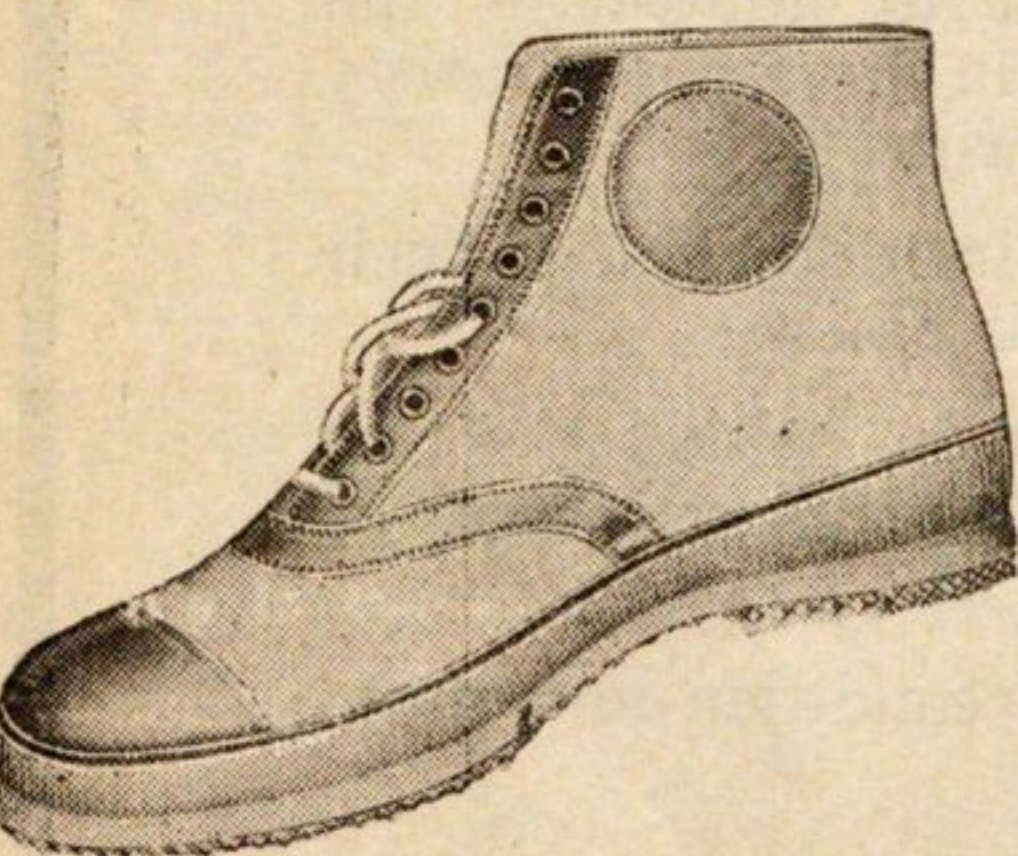

My twenty years plan, caring for your place of business as well as your home—still lingers with me.

I came to Winnetka with fifteen years in cabinet making, chiefly store and office fixtures, am still in touch with reliable down town firms in that line.

As for my carpentry the "filling of the bill" all these years as a journeyman—talks.

The many calls "Send Ole over" are encouraging. Hereafter please call me direct
