

STATE WILL HAVE 2 HOSPITALS FOR THE WHITE PLAGUE

The United States government proposes to establish two hospitals in Illinois for the care and treatment of tubercular soldiers and sailors, according to an announcement by the Illinois Tuberculosis association.

The old Marine hospital at Cairo and part of the new Speedway hospital at Chicago is to be used for this purpose, according to a communication which the association has just received from the United States public health service. The Marine hospital at Cairo has been in disuse for a number of years, but steps are to be taken in the near future to fit it up as a tuberculosis sanatorium for men discharged from government service because of tuberculosis.

Since the beginning of the war the Illinois Tuberculosis association has been active, in conjunction with the American Red Cross and the Illinois state department of public health, in providing medical and nursing care for returned tubercular soldiers. The association is now receiving from the office of the provost marshal the names of Illinois men rejected by the draft boards because of tuberculosis. It is expected that the number of these cases in Illinois will exceed 6,000 as compared with 1,500 men who succeeded in passing the draft boards, but who later were discharged from the army when it was seen that they were developing tuberculosis.

First contact with the tuberculous the state department of public health, rejects in the draft is being made by which is sending each man educational literature and an offer of its assistance in any possible way.

The association is also being asked to supervise the after-care that must be given soldiers and sailors who have taken treatment in sanatoria and who have been sent to their homes in this state.

This part of the work of the Illinois Tuberculosis association has grown so rapidly that it has created a department of medical field service with Captain Russel E. Adkins, who has been in charge of the tuberculosis work at Camp Taylor, as director. Captain Adkins is a graduate of the University of Pennsylvania and of public health and tropical medicine at Harvard. Both Captain Adkins and Dr. Wilson Ruffin Abbott, consulting clinician of the association, will work under the general supervision of Dr. George Thomas Palmer, president of the association.

Olson, 506 South Green street, Chicago, Buick sedan.

R. C. Blick, 802 Seward avenue, Evanston, club roadster.

Beecher said: "Some men could

lose a twenty dollar bill in their Bibles and never find it."

How To Attain Old Age

Sir George Reid's golden rule for the attainment of old age is worth a place in the office window as a corrective to all war valetudinarians: "I have aimed at health and happiness, and when confronted by a formidable obstacle I have first tried to knock it over; failing this, to get around it; if not, then under it; and if all these maneuvers failed I have been content to lie down in its grateful shade, lauding it as a beautiful blessing in disguise."—London Chronicle.

A missionary meeting was held Tuesday at the home of Charles Watson, of Hubbard Woods, by the women of the North Shore Methodist church. A Japanese missionary spoke at length on the missions.

Our success proves that service counts

We firmly believe that our success has been due to one thing.

Never being afraid of doing too much for our customers.

We've served our patrons instead of being satisfied with just selling things for a cash profit.

And we are always going to serve them.

We are always going to give them just a little more than they expect.

For instance, we are always going to give them the benefit of our knowledge of good groceries.

This means that we not only keep our shelves filled with the best groceries on the market, but that we suggest things to our customers which we think are especially fine.

One of these things is RYZON Baking Powder.

We recommend it because we are convinced that everyone who tries it will be a still better friend of ours.

It costs but 40 cents a pound.

We also secure for our customers the famous RYZON Baking Book at 30 cents (original price \$1.00). It's full of new and attractive recipes which have all been tested. Of course especially adapted to RYZON.
