THE RUBBER STORE

People expect the modern minister to be on speaking terms with philosophy, biology, advertising, basketball, religious pedagogy, moving pictures and therapeutics.

Blessed are the nurses; for they are a patch of blue sky amid the war clouds. Some things live a very long time after they are on their "last legs."

GOOD HEALTH AND GOOD GROCERIES  
GOOD FOOD is indispensable to good health. In a great sense Good health and good Groceries are synonymous.  
Good Groceries are, in the end, far more economical than Cheap Groceries. The initial cost may be a little more, but the saving effected, in other ways, through the purchase of good groceries make their purchase an ultimate economy.  
You wouldn't serve inferior food to guests, then why serve it to your own family?  
We are sticklers for quality—quality and service are two things we always insist upon, and it's upon that basis we solicit your patronage.

**The Better 'Ole**  
When you figure up your probable automobile expense for the season just opening, and you recollect that there will be one or more tires which you will have to replace, why then you can count on laying out a tidy sum to keep your motor car wheels spinning this summer. Perhaps it will cost you \$100 or \$200 just for new tires.  
New tires are going to stay at war time prices this year. The war tax of 5 per cent on new tires is now in effect.  
In the words of Old Bill, that's a pretty 'ole to be in, ain't it? Well, here's a Better 'Ole.  
Don't replace your worn tires with expensive, war-taxed new ones. Send them to us and we'll make them new again at one-third to one-half the cost. By retreading them with our Live-Rubber, DRI-KURE process we will add from 5,000 to 7,000 miles to your old tires, and we'll guarantee 3,500 miles.  
Twelve hundred or more North Shore automobile owners have already found this "Better 'Ole," but there is plenty of room for you and your friends and neighbors.  
So call on us or have us send for your tires.
