A Good Omen

Easter is celebrated to mark the resurrection of the Saviour of mankind from the grave. It promises life, and life abundant beyond the realization of the soul bound down to things of this earth. It is a time for joy, for flowers and all that belongs to the overcoming of a great sorrow.

Good Friday is a day of grief and loss. On that day those devout personal followers of the Lord saw His life go out upon the cross. The Earth was darkened and nothing seemed to be left to those who had believed in the coming of the new kingdom but despair and great grief.

It was on Good Friday that the United States accepted the burden which was laid upon the world by the national ambition of Germany. It is to be on Easter that the world is to be made glad again by the consummation of the treaty of peace that shall conclude the years filled with the agony of war.

But it will be only by the conclusion of the peace that will be lasting that we shall be able to celebrate the Easter of this year in the spirit that should prevail upon such an occasion. If, when the terms of the peace have been given to the world, we find that the rights of mankind have been sacrificed to national ambition the sorrows of the Calvary through which Europe and, in a lesser degree, the United States, have passed, will not have been the price paid for the secure future of the world. There will be other wars and other Calvaries.

It is a propitious omen that the day of the resurrection should be set for the day to see the restoration of peace to the world. It will be a grievous thing if the omen is not fulfilled.

Magazines For The Soldiers

Magazines are still being sought for the men in the service overseas. The number of those contributed since the signing of the armistice has fallen far below the record of the months of the period of the war, while the requirements of the men have decreased very little, if any. It is true, of course, that the ranks of men overseas have been materially reduced by the transportation of many units home, yet the greater amount of leisure, the removal of the spirit that was bred of the fighting and died with it, have made the furnishing of the facilities for amusement and entertainment for the men a much more vital problem.

There is nothing harder than to have to stay in one place, when there seems to be no reason why that particular spot should be chosen over any other. With no need to serve as a military force, the continuance under military discipline cannot help but grow irksome in the extreme. Books and magazines help to relieve the tedium of the situation and should be furnished to the soldiers in the quantity necessary for every purpose.

Even if the magazines that used to carry the line requesting that each copy be sent on to the men in the service have removed it from the cover, the opportunity still exists for sending magazines for one cent postage to the men in the service. Readers are being asked by General Pershing to continue their practice of sending their periodicals to the

men of the army until such time as the need is passed by the return of the men of the army to their homes.

If you have been in the habit of forwarding your magazines to France, keep it up for yet a little while. The soldiers need every help available to make the long period of waiting for demobilization pass as rapidly as possible.

Parent-Teacher Activities

Mrs. Frank T. Crawford entertained the teachers of the three schools and the board of the Parent-Teacher association at a delightful tea in her home on Wednesday afternoon, April 9.

Owing to Mrs. Kohlsaats illness the April Community Sing, which had been planned for Tuesday evening, April 8, at the Greeley school, was omitted. Every one is delighted to hear that Mrs. Kohlsaat is recovering rapidly and will be able to return home shortly. The group which has enjoyed these delightful monthly sings under her leadership is looking forward with double interest to the Community sing in May.

The committee in charge of the Memorial tablet for the Horace Mann school is happy to announce that Mr. William A. Otis is designing the tablet. If peace is signed as soon as we all hope the committee is planning to have the tablet dedicated with exercises by the children on Memorial Day. It will help the work of the committee of the former pupils of the Horace Mann school who have not already sent in their dimes will do so as soon as possible to any of the following members of the committee: Miss Dwyer, Mrs. Godchild, Miss Williams at the Horace Mann school; Mrs. William Otis, Mrs. Carrie B. Prouty, Mrs. Eloise Wortley, Mrs. C. E. Melhope.

The members of the Winnetka Parent-Teacher association are especially invited to attend the meeting of the Council of Parent-Teacher associations of Chicago and vicinity which will be held in the club rooms of the Art Institute on Tuesday afternoon, April 8, at 2 o'clock. The program is as follows: "Greetings to Parent-Teacher associations," Charles E. Chadsey (supt. of Chicago schools). "Problems of Parent-Teacher associations and their solutions," Discussion led by Mrs. Harry Fleming, president of Illinois P. T. A. "The part P. T. A. can play in Back to School,—Stay in School drive," Mary E. Murphy, chairman, Children in industry.) Address: "You and your World," Dr. George L. Scherger of Armour Institute.

Owing to the fact that next week is vacation time the Parent-Teacher association will not have any meetings during the coming week. The Horace Mann Kindergarten gave a beautiful spring party on Wednesday morning, April 9, which was attended by a large number of mothers. The kindergarten band played and the children sang spring songs and acted a little spring story which they had dramatized.

The eighth grade have just finished the history of the Civil war and on Friday afternoon, April 11, the mothers were invited to a Peace jubilee at the Horace Mann school. Many of the events of the Civil war were reviewed in a delightful series of tableaux and recitations.

DEVOE The Guaranteed Lead and Zinc Paint

Fewer Gallons—Wears Longer

It contains no whiting, silica, china clay or other such stuff. It is made of the same pure ingredients that the old-time painter used: Pure White Lead, Pure White Zinc, Pure Linseed Oil, and nothing else. Devoe is mixed by machinery, 1000 gallons at a time. That makes it absolutely uniform in strength, color and covering capacity—always takes fewer gallons, too.

Let us show you the real economy of painting Devoe paint. Will be glad to send you copy of the practical booklet—"Keep Appearances Up and Expenses Down."
