"TWIN BEDS"
"Twin Beds," Margaret Mayo and Salisbury Field's highly amusing laugh festival will be the offering at the Victoria theater starting Sunday matinee, April 13, for a week's engagement with Sunday, Thursday and Saturday matinees, to renew the highly satisfactory impression of its previous visits to this city. Spreading sunshine and laughter with its refreshing and appealing story, it

makes an entertainment that keeps an audience keyed up to expectancy. Theatrical records attest that "Twin Beds" is one of the emphatic standing comedy successes. It is a healthy amusing piece of hilarity which earned and held its long public endorsement by its incessantly dramatic swift moving action; and its carefully, skillfully drawn characters, all of them less amusing than they are true.

NOTE—Owing to change in Board Meeting, salaries of Township Officers for eighteen months included in this statement.

Regarding moderate priced cars, it stands to reason that a better four-cylinder can be built for the same money than a six-cylinder, and it is quite generally known that the **Hupmobile** is the best moderate priced four-cylinder car on the market.

The long stroke, small bore motor means economy of gasoline, and smooth, flexible operation. The factory has concentrated eleven years' experience on four cylinder construction. The result is an absence of repairs, and a surprising economy of gasoline and tires that has given them a reputation everywhere as an extraordinarily good car.
