

ORIOLES COP 9-4 IN RAGGED GAME

Wizards Throw Game With Many Miscues; Borre Stars in Box and With the Stick

Wilmette Orioles' winning streak remains unbroken. In fact it has been lengthened to five games now as the Wizards, another group of Wilmette players, dropped the game Sunday after a good start by the score of 9 to 4.

The Orioles again displayed pep. After fumbling the ball in the first inning and allowing two unearned runs to score they buckled up their belts and played splendidly until the last man was out. Borre hurled for the Orioles and held the Wizards to seven hits. He struck out nine men and finished with three hits to his credit—one a double. The Wizards played ragged ball at times and the Orioles were alert at all times to take advantage of their miscues. Lear, the captain and third baseman, was the chief miscreant as he made three errors and made them when they meant runs for his opponents. Plunkitt, a south-paw, pitched for the losers.

Schwartz, first up for the Wizards, singled through short and stole second. Kuntz struck out but J. Runtz singled to right. Schwartz stopped at third, then scored when Schaefer made a bad peg to the sack. Another error followed and Runtz scored. The Wizards felt a trifle overconfident after this but quieted down a trifle in the Oriole's half when Schaefer singled and after Schwall struck out and Rosberg flied, Borre doubled to left scoring the runner.

The Wizards threatened again in the second when, with one down, Moore walked. Plunkitt fouled out but G. Runtz was hit by a pitched ball. In this crisis Schwartz rolled out. In their half the Oriole's annexed three runs. Leis singled, and went to second when Braun was safe at first on an error. Robinson also reached first on an error. Leis scored when Estes reached first on another miscue. Schaefer flied out but Schwall singled scoring Braun and Robinson. With two men on both Rosberg and De Long whiffed. In the third J. Runtz scored when he reached first on an error and com-

pleted the circuit on a sacrifice fly and a fumble by Robinson at the home plate, trying to get the runner. It was the last fumble chalked against the victors as they played good ball for the remainder of the game.

The Orioles went scoreless in their end of the third but after the Wizards were retired in the fourth they annexed two runs on an error and two hits after one was down. The score remained 6-3 until the seventh when the Orioles scored three times on three hits and an error. Neither team scored in the eighth and in the ninth Lear of the Wizards singled, went to second on a sacrifice and scored on Plunkitt's single. Plunkitt was unable to score as G. Runtz struck out and Schwartz was out at first. The score.

Errors—Schaefer, De Long, Braun, Robinson, Schwartz, J. Runtz, Steinecke, F. Runtz, G. Runtz, Moore, Lear (3). Two-base hits—Borre. Stolen bases—Braun, Schwartz. Sacrifice hits—Moore. Base on balls—Off Borre, 1. Hit by pitcher—By Borre, G. Runtz. Struck out—By Borre, 9; by Plunkitt, 8. Wild Pitch—

Borre. Umpires—Goldbach and O'Connor.

IT'S POISON IVY THAT'S TO BLAME FOR INFECTION

Complaint has been made of the presence of poison ivy along the lake shore and near the bathing beaches. It has been noticed among the beach habitues that a violent eruption of the skin often followed a day on the beach. It was at first supposed that the rash was a repetition of the pus disease prevalent some three years ago. At that time there was an epidemic of a peculiar infection attacking the eyes and ears of the bathers. The cause of the disease was generally attributed to the improper disposal of sewage. Since that time the sewage has been almost entirely diverted and the sanitary conditions, this year, are an improvement of 100 per cent over those of last year.

Recently, however, an infection greatly similar to the pus disease has broken out among those frequenting the bathing beaches. Medical examination, however, has proved that this is due to poison ivy and not to insanitary bathing conditions.

At many places along the lake shore the harmless-looking three-leaved vine can be seen growing in the bushes. Bathers come and leave their clothes in the midst of the

growth and are infected. If the beaches are to be made safe the

vine will have to be removed or properly guarded.

What You Have Waited For—

Diamond-Tread Non-Skid Re-treading

We have installed the only set of Non-Skid re-treading moulds in Evanston.

They are not only skid-proof, but because of the zig-zag line at the edge of the tread they distribute the road strains over a larger area than is the case with the straight line of the ribbed tread tires. We make both kinds.

DRY-CURE PROCESS—BUILT OF LIVE RUBBER
Guaranteed for 3,500 Miles

QUALITY TIRE SHOP

MAKOWSKI BROS.

Mohawk and Fisk Tires and Tubes

We also do all kinds of Repairing on Tires and Tubes

Announcement

In the establishment of a successful business it is essential that the article handled meet the demands of the public in quality, economy of maintenance, endurance and appearance.

To this end I have selected the

COLUMBIA SIX and MAXWELL

automobiles, and I invite your inspection of them.

There is nothing so convincing as the naked truth about a car, and the following specifications tell the story of the COLUMBIA SIX in positive value terms. But they do not and cannot convey the extra quality that is the result of unusually skillful co-ordination of exceptionally high-grade units.

These specifications are bound to appeal to the discriminating buyer of an automobile—

MOTOR—Continental Red Seal six cylinder, vertical "L" head type with removable cylinder head; 3¼ in. bore by 4½ in. stroke.

TIMKEN bearings and axles throughout.

COOLING—Harrison radiator with shutters automatically controlled by "Sylphon" thermostat.

CLUTCH—Borg and Beck 10-inch single dry plate.

TRANSMISSION—Durstons. Selective sliding gear; three speeds forward and reverse; chrome-vanadium steel gears, special alloy steel shafts—ball bearings.

SPRINGS—Detroit Steel Products Co. Non-synchronizing, semi-elliptic front, 38 in. long. Rear, full cantilever, 49 in. long.

TIRES—32 x 4 inches; non-skid in rear.

UPHOLSTERING—French pleated genuine leather; long curly hair, and coil steel springs.

FINISH—Columbia Blue or Columbia Maroon, with black running gear.

WHEEL BASE—115 inches.

The MAXWELL is an old established car and needs no introduction to the public.

We can make IMMEDIATE DELIVERY on these cars.

Kindly phone for demonstration or come in and see us.
