ARMY EDUCATIONAL MAN VISITS RELATIVES HERE

Captain and Mrs. Forrest E. Ambrose, recently of Camp Sherman, Chilicothe, Ohio, were in Wilmette this week on a brief visit with the captain's parents, Mr. and Mrs. D. E. Ambrose, 1222 Central avenue.

Captain Ambrose, who has been in charge of the Educational department of the Reconstruction hospital for wounded and disabled soldiers at the Ohio cantonment, has been transferred to Fort Riley, Kansas, where he will be assigned to the Department Base Hospital, continuing his educational work.

He and Mrs. Ambrose left Wil-· mette today and will visit relatives at Blue Rapids, Kansas, before proceeding to Fort Riley.

Captain Ambrose gained distinction in the Educational department of the army during the war. He was in charge of an important school at Camp Sherman throughout the war which had as its purpose the development of the mental side of the soldier along with his physical training. He is credited with introducing practical systems of study for the men.

Robber Fires on State Bank Cashier; Is Felled By Police in Gun Duel

Wilmette is no place for bandits and police are death on crooks. Result. George Micke, alleged burglar, is communicating his misfortune to the black walls of his dingy cell in the Village lock-up. Peter Swanson, bank bandit, is dead, pierced through the heart with a police bullet.

The story of George Micke's capture on Monday night by Patrolman Henry Brautigam graces another column of the Lake Shore News and here is the account of how Swanson met his fate after a thrilling revolver dual with assistant chief of police Sam Hoth.

Attempts Early Robbery

Promptly at 8:10 o'clock this morning when commuters were passing hastily to the Chicago trains, a lone man entered the Wilmette State Bank at Twelfth street and Central avenus. The big front door of the bank had just swung open for the day's business. Officers and employes were making ready for the day of toil and an air of busy preparation pervaded the place.

Ink stains get ingrained on the wood of an oak desk in a very short time, so remove them if possible when they are new. The best way to do it is by putting spirits of wine on the marks, then allowing it to remain for some time before rubbing off.
