Would you profit by the experience of fellow townsmen?

THIS IS TRUTH—NOT FICTION

During the past few months some 25 or 30 purchasers of Ford Cars refused to await their turn for delivery and purchased other light cars on which delivery was had immediately.

To date, eleven of them have openly admitted their mistake, are sorry, and want to trade or dispose of the cars.

Twelve years' experience has proven to millions of owners the truthfulness of the following statement:

Unless you wish to spend more than \$1,500, the "Ford" is the only car that will GIVE what you ask in a motor car.
