

Social Happenings on the North Shore by Ruth Risley

AN AFFAIR which promises to be one of the most enjoyable of the season in Kenilworth is a dance that "The Debutantes' club" is giving next Wednesday evening at the Kenilworth club. "The Debutantes' club" somewhat belies its name, for its membership is composed of eight young persons in the village who are a bit past the debutante age and who have accordingly decided to start a club for "old maids and bachelors over twenty-two." The charter members are the Misses Charlotte Parmalee, Adele Hall, Priscilla Allen and Olive Bulley, and Jack Charles, John (Bundy) Parker, Miles (Ab) Wright and John (Tad) Forbes, among the most popular young people in the village. The invitations to the dance read as follows: "The Debutantes' club, a most exclusive organization, is making its debut at the Kenilworth club on September 3rd, about 9 o'clock. Needless to say, you are most cordially invited. We hope to have the World's Greatest Young-Married, Bachelors, Middle Weights and Flappers there and shall be so pleased if you come. The Misses Parmalee, Hall, Allen and Bulley will be there to show you a whirl, and the Messrs. Charles, Parker, Wright and Forbes are the committee of welcome to one and all, whether we have been properly introduced or not."

MR. AND MRS. T. PHILIP-SWIFT left Saturday for Lake Geneva to spend ten days with Mr. Swift's parents, Mr. and Mrs. Edward F. Swift. Mr. and Mrs. George W. Blossom, Jr., are also at Lake Geneva to be guests of the Swifts until after Labor day. The men will all play in the invitation golf tournament being held this week at the Lake Geneva Country club. Friday evening Mr. and Mrs. Swift are giving a lawn party and dance for their guests.

Mr. and Mrs. Maurice Henry Lieber have issued invitations for the wedding of their daughter, Ruth Evaline, to Mr. Edward Andrew Biery, to take place on Saturday afternoon, September 13, at 4 o'clock, at the Congregational church. A small reception will follow the ceremony at the Lieber home at 988 Elm street. The enclosed "at home" cards read, "After November 1, St. Petersburg, Fla."

Of interest in university circles is the announcement of the approaching marriage of Miss Mildred Ross, daughter of Mr. and Mrs. Thomas Ross of Carlinville, Illinois, to Cyrus H. Williams of Evanston, which will take place on Tuesday, September 2, at Carlinville. Miss Ross is a graduate of the class of '16 at Northwestern university, and is a member of the Gamma Phi Beta sorority, while Mr. Williams, who also attended Northwestern, is a member of the Sigma Alpha Epsilon fraternity. After September 15 Mr. and Mrs. Williams will be at home at "The Highlands", 7455 Greenview avenue, Chicago.

An announcement of interest on the north shore is the engagement of Miss Florence Nightingale, of Evanston, daughter of Mr. and Mrs. Basil Nightingale of Leamington, Spa, England, to Lieutenant Charles W. Moore of Great Lakes naval training station. Miss Nightingale, who is of the family of the famous Florence Nightingale, was prominent in Red Cross work during the war. Lieutenant Moore is one of the chaplains at Great Lakes and is well known on the north shore.

The Prohibition party will hold a reception and banquet at the Morrison hotel on September 1, in honor of the fiftieth anniversary of the founding of the party. On Tuesday a conference will be held all day at which the following men will be the principal speakers: Clinton N. Howard, known as "The Little Giant of Rochester." Ex-governor Hanley, Charles R. Jones, Charles Scanlan and Dr. Clarence True. An invitation is extended to anyone interested. A mass meeting in the evening will conclude the conference.

A home-coming reception was given Sunday for Captain Gordon Owsley, who returned to Winnetka after twenty months' service with the motor transport service in France. He brought with him a beautiful French bride. For the present they will make their home with his parents, Mr. and Mrs. George Knox Owsley, at 720 Prospect avenue.

Lon C. Hill, Jr., who is in Texas on business will join his wife and daughter in Winnetka during the early part of next month. Mrs. Hill and the baby are with Mrs. Hill's parents, Mr. and Mrs. George Knox Owsley, during Mr. Hill's absence.

The Winnetka Relief and Aid society is sorely in need of wearing apparel, especially clothing and shoes for children of school age. Kindly send to Miss Kate Dwyer, 858 Elm street.

J. Allen Haines has joined Mr. Haines at Osterville, Mass. He will return to the Owensia club the first week in October, but Mrs. Haines will remain in the east until late autumn.

Mrs. Carlton Prouty and son, Carlton Prouty, Jr., returned Tuesday from a six weeks' visit in Seattle, Washington, as the guests of Mrs. Prouty's brothers.

LABOR DAY TOURNAMENT AT BOB O' LINK MONDAY

A Labor Day tournament is planned for members of the Bob O' Link Golf club, Monday, September 1. The qualifying round of the tournament will be played on Saturday, August 30. The tournament proper begins at 8:30 o'clock Monday morning. There will be special prizes for winners. In addition to the golfing event there is scheduled a dinner dance for Saturday evening and another for Monday evening. The Saturday dinner dances will be continued throughout the month of September.

ALLIED RELIEF COMMITTEE SEEKS FUNDS

(Continued from Page One)

Allies that they are free from German horrors and home again. But have you thought what this homecoming means to them? They are absolutely destitute. They must eat to live, have clothing and shelter, while some of them are in sore need of medical attention and nursing. The governments and many organizations and individuals are doing the utmost for their relief and care, but it must be realized that these prisoners have returned by the thousands and all of them empty-handed. It is a colossal task to care for all of them at once when the needs are so many and varied. The task cannot be accomplished, the problem cannot be solved unless every vestige of help is received from every possible source.

American help, immediate and gentle to France and Belgium with withered bodies, sunken cheeks and staring eyes. These children have either forgotten how to be happy or have never known what happiness meant.

Some prisoners have been brought home on litters, while others have made their slow and painful way on crutches. They have laughed and cried at the sight of food they could eat, and have acted more like famished animals than human beings. Mothers have returned with babes in their arms, the only covering for the tiny bodies being old newspapers or rags. All of the prisoners, however, are thankful to God and the erous American help, is what we ask for these repatriated prisoners. A contribution of American dollars from you may mean food for a little child that is hungry, medicine for an aged and feeble man or woman, comfort and perhaps life itself for some mother and her baby. You may feel that, after your generous efforts of the past, you are tired of giving; but you do not know, as these prisoners know, what it means to be tired. Give now, every dollar you possibly can, for these unoffending people who have suffered. They know the horrors of war; help to let them realize now the meaning of the blessed peace the Allies fought for and won.

(Make all checks payable to James A. Blair, Jr., treasurer, National Allied Relief Committee, Inc., 2 West 45th street, New York City.)

DOES THE BUYER THINK?

Throughout the history of automobiles you will find the large car manufacturer has experimented, demonstrated, tested his car at the expense of the buyer. Every year a new model is produced attempting to eliminate errors and misfits in the last model. Some were compelled, by lack of sales, to produce as many as four distinctly different cars in one single year and tag them in appearance and name as the original present year's model. Inconceivable mistakes were paid for by the unfortunate buyer.

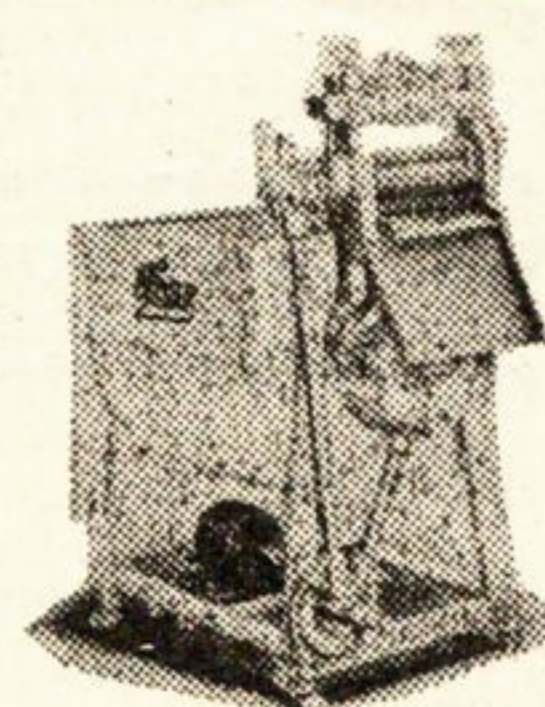

More than twenty manufacturers have now attempted to produce a car at about or a little above the price of a certain popular car, and all have learned that their manufacturing facilities, buying power, overhead expense and selling cost will not permit of such a price if they produce a satisfactory car. Those who did not fail financially proceeded to manufacture the car and offer it at prices ranging from \$600 to \$1,200. Looking over the financial statements you will find a few of these companies in excellent condition and others on the verge of a reorganization. Notice that the good companies manufacture but one or two models and practically the only difference is in style of body. On the other hand, the company manufacturing many models and constantly changing never has had a satisfactory car and depends mostly upon body lines and attractive ads to sell the car.

Now, is it reasonable to believe that a company which finds it necessary to produce eight or ten models to sell their production and has failed to show a single model which has proven satisfactory for more than six months—is it reasonable to assume that such a company with millions in outstanding bonds, millions invested in machinery especially adapted for only large cars, could at one stroke stop short and during these times of high prices produce a satisfactory car at about or a little above the price of the Ford car?

Do you care to spend your money to test the car and then see a new model of the same car produced within a few months after you buy yours? Have you ever attempted to obtain a repair part for one of these orphans? Have you ever asked the price of such parts as can be found? The Ford Motor company have manufactured the present model "T" Ford chassis for 12 successful years, and if you have a 1908 Ford car the present parts will fit it.

The car won its way to the top by its proven value. This could be gained only after the Ford car had proven by all the tests that time and the greatest number and variety of uses and abuses can impose "its superior worth." It had delivered to users what they demand in a motor car.

Why consider taking a chance? Order your Ford car today. The factory is oversold and we are taking orders for future delivery.—Adv.
