

Call Stephens Sedan Fine Winter Machine

Stephens designed and Stephens built, the Touring Sedan offers all-season comfort in motoring. The driver's road view is unobstructed by supporting posts, other than those of windshield. The front windows drop fully out of sight. The Stephens Sedan is absolutely weather-proof when the windows are closed and neither water or draft can enter. The roof is provided with drains, so that water is carried to the rear, thus protecting both the windshield and doors from unpleasant dripping. The windows lower into the body sides, where they are quickly accessible, and when lowered the car is as open and airy as a touring car. Doors are equipped with mechanical lifters which open and close the windows to any desired position.

The interior is upholstered in a beautiful gray whipcord with the front seats are divided with a best and most artistic trimmings, commodious passageway between making entrance to the front seat easy.

Doors are fitted with Yale locks and included in the body fittings are dome light and built-in vanity compartments.

Wilmette Takes Last Ball Game of Season

Wilmette and Glencoe ball teams staged the season's windup attraction on the Wilmette diamond Sunday. It was an easy victory for Wilmette, the final score reading 12 to 5. Glencoe lost through inability to bunch hits when they meant runs. Wilmette ran the paths with abandon scoring a dozen runs on 8 hits and a compilation of errors totaling 8.

The game might have been a pitchers' duel and the score less one-sided had the hurlers on either side received the support they most assuredly deserved. Borre, for Wilmette, allowed only 7 hits and struck out two men. Hessler, Glencoe hurler, was nicked for 8 blows and registered 7 strike outs, having the edge on the hurlers' battle.

Rudolph, for Glencoe, and Schaefer, Rosberg and Schwall, for Wilmette, did the heavy stick work each annexing a two-bagger. Golbach, Wilmette keystone man, poled a pair of timely singles.

OUILMETTE A. C. WILL PRESENT STRONG LINE-UP

Wilmette's football team is fast rounding into shape and is expected to present the strongest line-up the team has ever boasted. When the gong rings on September 28 the local people may glimpse one of the fastest eleven that ever graced the gridiron at Third street and Linden avenue.

Ketchum, a boy who fought in the big war, is acting manager and wishes to announce that only the strongest teams will be pitted against his fighting lads. Either Welles Park or Fairmount A. C. will be the first opponent.

WILMETTE MEN LEADERS IN WESTMORELAND PLAY

John T. Ling of Skokie, and George W. Springer of Westmoreland, both Wilmette residents, were the winners in the Chicago District Golf association play at the Westmoreland Country club Sunday.

Ling, in the directors' class, led the field of 120 players with a total of 167. He had round of 83 and 84.

Springer, president at Westmoreland, despite the cares as host in chief, topped the presidents' class with low gross of 185.

Did Not Answer Question

Advertiser—"What is the circulation of your paper?" Business Manager—"Our presses have a capacity of producing one hundred thousand perfect copies an hour—yes sir, one hundred thousand an hour, all cut and pasted and folded—yes, sir! And here, sir, is a detailed and absolutely perfect photograph of one of the presses. Look at it yourself!"

Language and Thought

Language is properly the servant of thought, but not unfrequently becomes its matter. The conceptions of a feeble writer are greatly modified by his style; a man of vigorous powers makes his style bend to his conceptions—a fact compatible enough with the acknowledgement of Dryden that a rhyme had often helped him to an idea.—Clulow.

Public Notice

Public Notice is hereby given that an automobile and some other property stored at 607 West Railroad avenue, Wilmette, will be sold by the undersigned October 4, 1919, at 10 o'clock A. M. to the highest bidder, for storage. Charles Fleming, resident at Paw Paw, Michigan, is the owner of said property.

(Signed) Baptist Mueller.

THE PUBLIC HEALTH

Harriet Fulmer R. N.

Items of Interest

The largest check ever written for the promotion of public health was written on January 16, 1919, and made payable to the National Tuberculosis association by the American Red Cross, to be expended in the United States in the prevention of tuberculosis.

There are now 47 public health nurses working in the outer belt territory of Cook county. They meet every Saturday morning at 9 o'clock in Room 922, County building. All persons interested in the promotion of public health nursing are invited to these meetings.

On Monday, September 15, the public health nurses of Cook county in the smaller towns and rural sections began the supervision of all schools, public and parochial, and this is done, of course, only upon request of the school authorities.

Questions and Answers

The editor of one of our leading Cook county newspapers asks this question: "How can the people at large in the towns and villages help in the promotion of public health?"

The editor of this column answers: By asking another question. How can every human being, man, woman and child, help in the promotion of public health. These are some of the ways:

1. By personal hygiene. Daily attention to bathing. Attention to teeth and mouth. Taking proper exercise and wholesome food. Standing and sitting in a proper position. Sleeping eight hours in a well ventilated bedroom.

2. By recognition of state laws. Being sure that if we have contagious disease, that the placarding and quarantine is kept. Reporting to local authorities abuse of this law.

Remembering that the golden rule applies more in public health measures than in any other one thing.

3. Refusing to employ any sort of quack practitioners, and the use of quack cures. When ill, or ailing, ask advice of a reputable physician.

How much does a case of Tuberculosis cost a family by the death of the bread-winner?

To the family:
1 Loss of wages to date of death.
2 Special food for patient.
3 Doctor's bills.
4 Medicine.
5 Sanatoria expenses.
6 Funeral expenses.
7 Loss of future earnings.

To the community:
1 Possible burden of caring for the widow and children.
2 Expense of taxation for support of sanatoria.

To remaining members of family:
1 Loss of opportunity for education of children.
2 Possible chance of infection incurred and the consequent disability and death of other members of the family.

The National Tuberculosis association is advocating that every man, woman and child have a thorough physical examination before January 1, 1920. The traveling health clinic now touring Cook county, provides such an examination free of charge. It is maintained and supported by the sale of Red Cross Christmas seals.

Next week will appear a story of the Modern Health Crusaders in this column. Be sure you get a copy of this newspaper!

Up in the Air.

The frigate bird is capable of getting up a speed of 96 miles an hour with hardly a movement of its wings. The greater part of its life is spent in the air.

Didn't Quite Understand

Little John and his mother were visiting at the minister's home one day, when John picked up a Testament from the table. The minister's wife said: "You must not play with that book, for it is God's book." A week later, while at the minister's home again, he spied the book and said: "Why doesn't God come and get his book?"

Short Week-End Trips

VIA THE

NORTH SHORE LINE

You can still get the full advantage of your week ends, and enjoy the delightful country amid the lakes and woodlands of Wisconsin, through the superior service of the North Shore Line.

Famous resort spots like Oconomowoc, Cedar Lake, Beaver Lake, Waukesha, Watertown, Plymouth, Crystal Lake, etc., afford splendid opportunities for a week end trip for rest or recreation. These resorts are within easy reach by electric lines from Milwaukee. Because of the fast and convenient service of the North Shore a trip to these parts may readily be taken on Saturday afternoons and Sundays.

Excellent Service of the North Shore Line

In order to reach Milwaukee and there connect by electric lines to the resort districts around Milwaukee, use the North Shore Line. All steel, limited trains leave Winnetka every hour daily beginning at 6:29 A. M. and every 30 minutes Saturday afternoons, Sundays and Holidays. To save time enjoy the excellent dining car service of the North Shore Line.
