WHAT THE SUN DOES

Letting the sun shine for a given time upon the blackened cover of a box filled with water or some other liquid, and noting the rise in temperature, affords us a method of approximating the amount of heat given off by the sun. By such a method it is estimated that the earth receives every second from the sun enough heat to raise 600,000,000 tons of ice water to the boiling point, or to melt 480,000,000 tons of ice without any change in temperature. If this is the amount that the earth receives, think of the amount that must be passing off into space and other planets. This amount has been computed to be 2,200,000,000 times as that which the earth receives. Scientists have shown that the amount of heat received by us from the sun may vary as much as five per cent in less than a week.

CUBS UPSET SOX; REDS TRIM GIANTS

Pale Hose Over-Confidence Main Cause of Overwhelming Defeat; Paul Kreger Fans Seventeen

The Reds' 14-6 victory over the Giants and the Cubs' 24-9 triumphant mauling of the over-confident White Sox evened up the standing of the Community House league Wednesday evening.

The first game between the Reds and Giants was a nip and tuck race until the fifth inning when the Reds forged ahead and drove in a lead that couldn't be headed off. Flossie Voltz was the hero of the victors while Goody shared honors with him. John Dehtloff landed on the ball with his terrific strength for four hits out of six times to bat. Goody also slapped four hits off Charlie Dehmloff's delivery.

The second game was a complete upsetting of the dope. Nash Cazal and his cohorts were extremely confident of romping away with another victory and a firm grip on first place. They figured Paul Kreger would be an easy mark for their slugging abilities and were completely upset by his pitching. Their bullet-proof offensive was punctured seventeen times during the seven innings of the slaughter fest and the Sox were so dazed by the unexpected turn of events that they were unable to give proper support or make any defense. The standing of the league now is:

	W.	L.	Ptc.
Sox	2	2	1,000
Cubs	2	2	1,000
Reds	2	2	1,000
Giants	2	2	1,000

Next Wednesday will witness the Giants and Sox competing in the first battle and the Reds will battle the Cubs in the afterpiece.
