

HOW "Y" SPENT MONEY GIVEN FOR EDUCATION

Figures showing what the Y. M. C. A. did with funds contributed for educational activities during the war were recently announced.

November 1, when the Y. M. C. A. closed its war work within the army camps of the United States, though still continuing overseas work at the request of the war department, and remaining also with the navy at home and abroad, it had given free educational sessions and lectures totaling 466,314, with an attendance of 7,560,935 service men. These totals represent free service to men in uniform within the continental limits of the United States only.

Overseas the Y. M. C. A. education commission reported shortly after the signing of the armistice, 130,000 men at post schools which correspond to American elementary schools, 55,000 at divisional classes taking high school subjects, 100,000 attached to the agricultural department in the large base camps, and 5,800 in specialized vocational schools in army shops. College work organized by the Y. M. C. A. overseas benefited the following students: Six thousand at Beaune university and 2,500 in the agricultural college at Allerey, both schools established by the A. E. F., Y. M. C. A. in France; 7,000 in French universities and 2,000 at British universities.

Up to April 1, 1919, the national war work council had expended \$2,184,669.88 for its educational program overseas and in the home camps. In addition to the army and navy educational work last year, in city, railroad and rural Y. M. C. A.'s \$6,700 civilian students were enrolled in the vocational and educational schools and colleges under the international committee, which educational department was established in 1891.

WILMETTE GIRL LEADER IN N. W. U. HELEN CLUB

Wilmette shares honors with Evanston on the membership roll of the Helen club of Northwestern University with Miss Helca Osgood, daughter of Mr. and Mrs. J. G. Osgood, 521 Central avenue, as secretary of the progressive social organization. Miss Helen Aikin of Evanston is the president of the club.

Fifty-six Helens lay claim to membership in the club organized at the university some time ago.

FILM LUMINARIES CROWD HOYBURN HOLIDAY BILLS

Thanksgiving Week Programs To Present Biggest Stars In Very Latest Attractions

Two splendid attractions are playing at the Hoyburn theater Evanston, this week-end. Today Eugene O'Brien appears in "Sealed Hearts", a particularly suitable medium for his artistry from the pen of the playwright Eugene Walter.

Saturday's bill is headed by the incomparable Dorothy Dalton, typical exponent of virile, red-blooded, womanhood. Her vehicle is "L'Apaches". It is a strong Parisian story.

Thanksgiving week at the Hoyburn will present an all-star series of programs.

On Monday and Tuesday Dorothy Gish will occupy the fore-ground in "Turning Tables".

Bryant Washburne will be the headliner on Wednesday in "Why Smith Left Home".

Thanksgiving Day's holiday attraction will be Billie Burke, always a Hoyburn favorite. She appears in "Sadie Love", her latest film production. There will be other splendid features on the holiday bill.

Vivian Martin is the drawing card on Friday in "His Official Fiance".

Blanche Sweet appears on Saturday in "The Woman of Pleasure."

UNIVERSITY ALUMNAE ELECT NEW OFFICERS

At the annual meeting of the associate alumnae of Northwestern University, which was held on homecoming day, in the North Shore hotel, the following officers were elected:

Mrs. Amy Olgen Parmelee, president; Dr. A. L. Lindsay Wynecoop, first vice president; Mrs. Helene Babcock Latham, second vice president; Mrs. Claudine Wilkinson MacDonald, third vice president; Mrs. Frances Pierce Richardson, local treasurer, and Miss Edith Hennessey, Chicago, treasurer.

Dr. Lynn Harold Hough and Dr. George Craig Stewart addressed the assembly.

After the meeting luncheon was served. Much gratification was expressed at the keen interest displayed by all. The entire day was given over to a renewal of allegiance to alma mater.

Informal teas will be held on the university campus, the first having occurred on Monday, November 17, at 3:30 o'clock. All women who have attended any department of the university for any period will be most welcome.

GO TO CHURCH SUNDAY

MILLIONS OF CATERPILLARS NOW SWARM OVER OREGON

According to A. J. Jaenicke, insect specialist of the forest service, in the smaller creeks and along their banks in Tillamook county, Oregon, there are millions of caterpillars—so many, in fact, that they are found dead in windows. Even the bottoms of the streams are covered to a depth of several inches. When the worms mature into moths the air for miles around is black with them. During the past year, Jaenicke million feet of Douglas fir and hem-states, the pests have killed several lock timber. He believes, however, that logging operations and natural causes will serve to prevent a recurrence of the breeding of the worms.

"They Don't Answer"

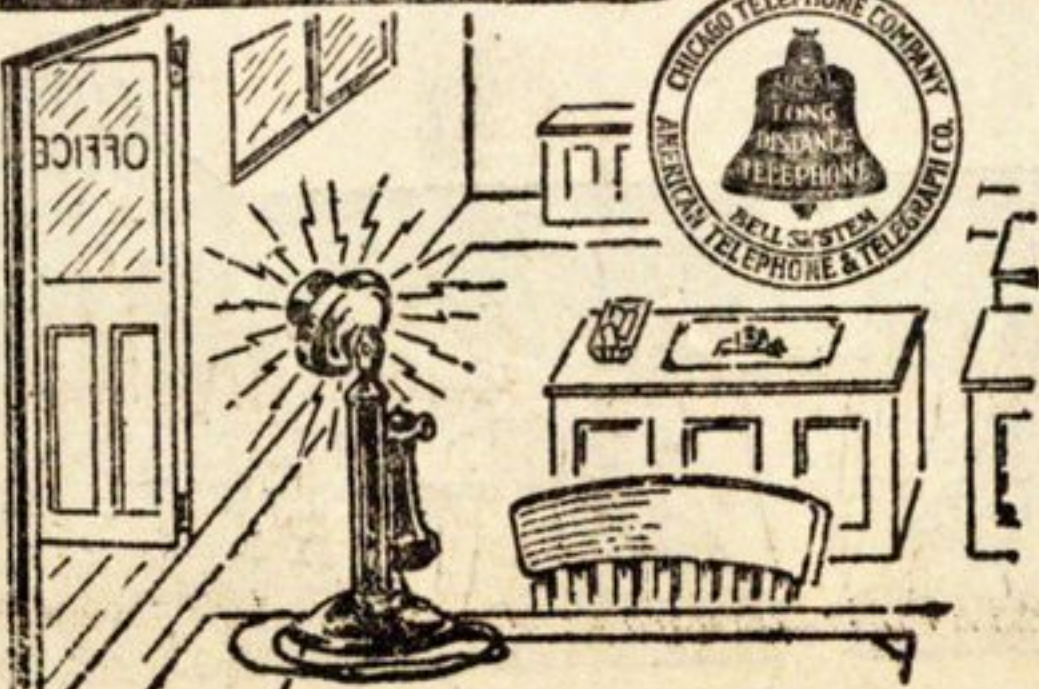

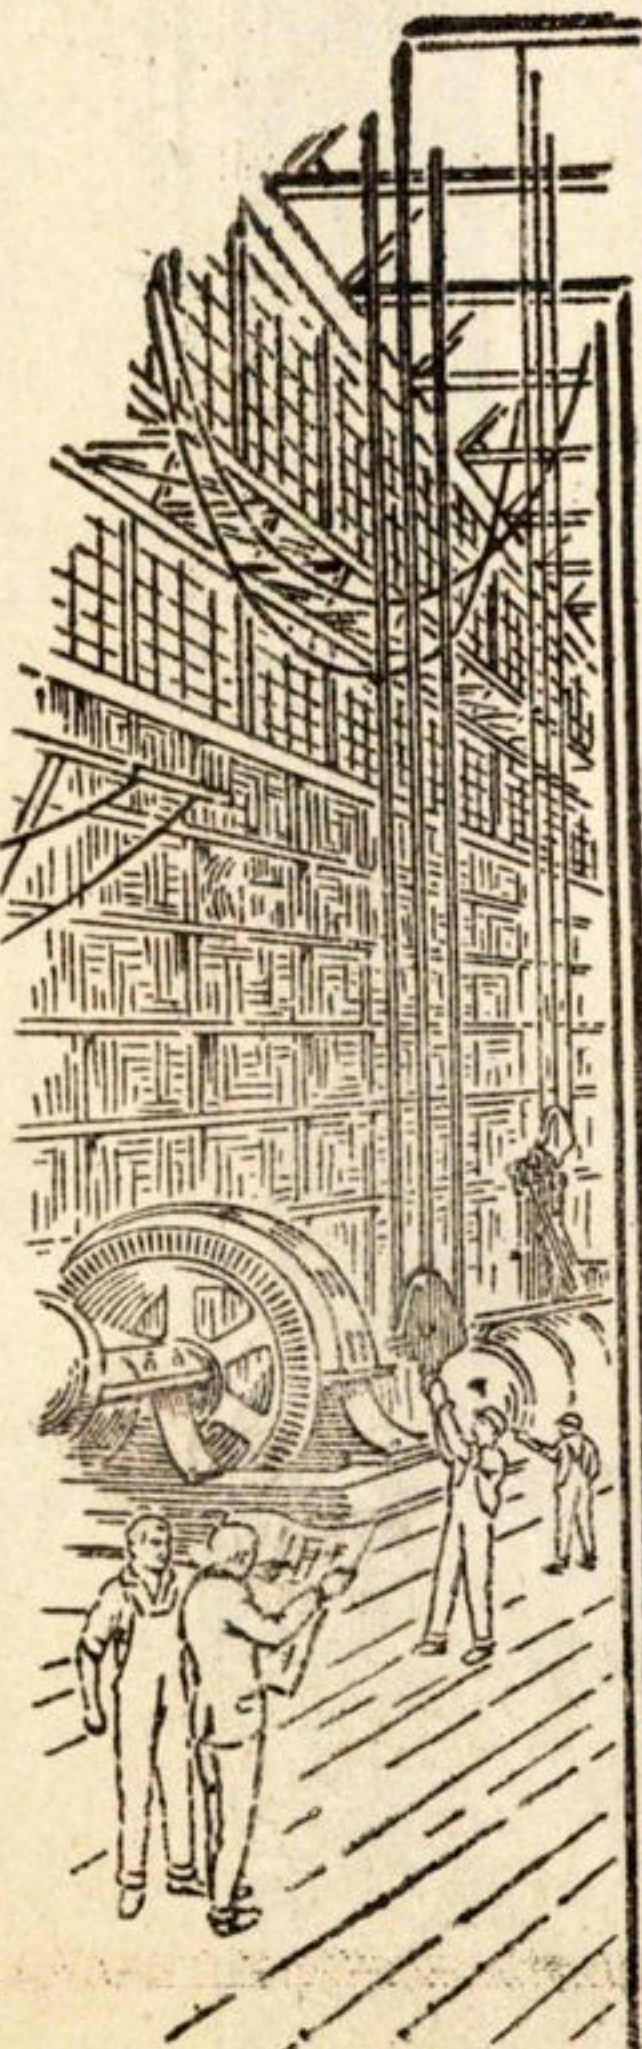

SOMETIMES, when a number is asked for on the telephone, the operator reports that the number called does not answer.

Not infrequently the calling party thinks that the operator is to blame, that it is her fault that he fails to get the person called for.

Investigation and experience show that instances in which the operator actually is to blame are rare. In the majority of cases the person called is absent or not near enough to hear the telephone bell. Sometimes the subscriber hears the bell but is slow in answering.

"Don't answer" reports would be greatly reduced if subscribers would be prompt in answering when their bell rings.
