

## North Shore Y. M. C. A. Members May Learn Manly Art of Defense at Evanston

North Shore boys and men, members of the Evanston Y. M. C. A., will be interested to hear of the movement on foot to provide free boxing lessons for the members of the Y. M. C. A.

Free boxing lessons under the direction of Matt Dress, the "Y" boxing instructor, are the latest addition to the already large curriculum of the Evanston Y. M. C. A.

For the past seven or eight years, Dress has conducted a private class in the fistic art in the "Y" gym. In spite of the fact that these lessons were not free they have always been excellently attended. So popular in fact has this sport grown since the war that the "Y" directors decided this year to add it to the free list. In this it is one of the first in the country.

Although the class has been going less than a month the attendance has reached 65, of which number 30 are men and 35 are boys.

### "Knows His Business"

"An excellent instructor," said Physical Director I. R. McKee, in speaking of Mr. Dress. "He knows his business thoroughly and his eight years' experience as a class trainer has taught him thoroughly how to handle a large group of men."

The purpose of this course, as explained by Mr. McKee is not the development of pugilists or "pug uglies." "To the sort of sport that produces black eyes and broken noses," he said "we do not direct our atten-

tion. The aim of the entire course is self-defense. We teach the boy and young man how to handle himself in an emergency, how to defend himself. It is the goal of the lessons to give the young men poise, quickness and self reliance."

The first lessons consist largely of rope skipping, bag punching and calisthenics. Balance, quickness of eye and action, and muscular co-ordination is the primary goal.

The next step includes the block and parry training of defence, finally followed by work in offense.

The Y. M. C. A. has purchased for the course gloves and punching bags, and will erect a new platform for the bag.

"We hope to install in the boys a love for good clean sport," said Mr. McKee, "and believe that no one is better able to do that very thing than Matt Dress. In my ten years' experience as a physical director I have never seen a man of the caliber of our trainer. In that I think all of his class will agree with me."

The men's class meets on Wednesday night at 8 o'clock and Saturday afternoon at 4 o'clock. The boys class meets on Friday afternoon at 4 o'clock. The classes, which will extend through January, February and March, are still open and all who desire this kind of training are urged by McKee to join at once.

## METZ & HART PUT ON MANY WINTER TOPS

Metz & Hart are equipping many north shore automobiles with especially built new style plate glass winter tops. The top is designed along the lines of a well-known make which is used on Paige cars, and according to Mr. Metz it can be put on at a much smaller cost. Metz says he already has a long list of north shore automobile owners who have had the top put on their cars and are enthusiastic about it.

One of the big advantages of this top is that it weighs much less than the old style wooden top, and it has no squeak or rattle. An automobile equipped with it can be converted into an open touring car in thirty minutes.

## FORD LIGHT CHARMS RABBITS

Recounting his experience with the Ford car, George Ambler, Detroit, Mich., tells the following: "It was in July this year. My wife and I were over in Canada. Traveling one morning at 2 o'clock on the road between Ridgeway and London, the glare from the headlights blinded two fat rabbits who remained in the direct path of the car. I promptly picked them up and, oh boy! how we enjoyed our rabbit dinner."

This is just one more achievement credited to "The Universal Car."

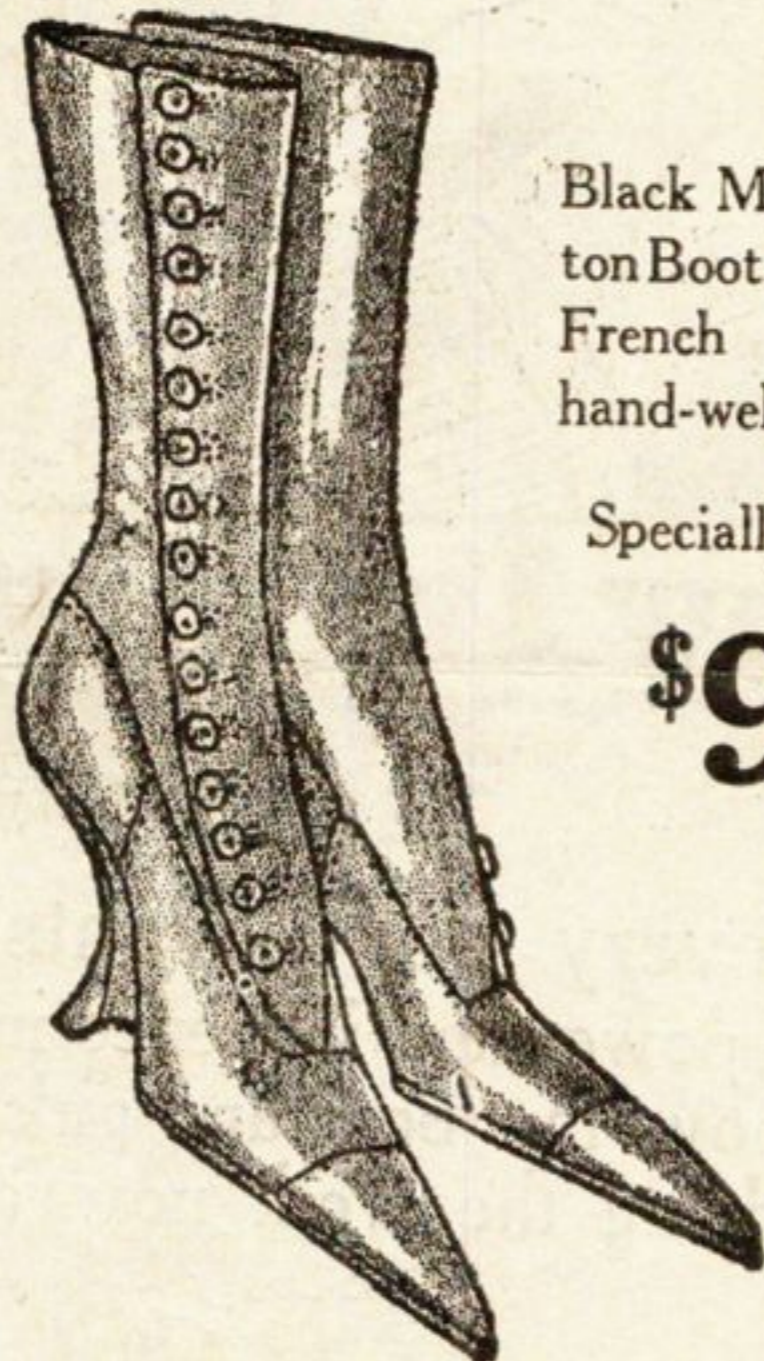

It's hard to tell which is the more expensive—the withering contempt of a woman with a half dozen children for the woman who has none or the pity of the woman who has none for the one who has a half dozen.

# FIRST ANNUAL CLEARANCE SALE

## of N. S. B. SHOES for Men and Women

THIS is undoubtedly the greatest shoe sale of the year, as we are reducing our entire winter stock 20 per cent off present cost. To those acquainted with the ultra style and quality of N. S. B. shoes and to our regular customers, who are eagerly awaiting this big "price-cutting event," we urge early attendance. As this is our first annual sale, we expect to record it as the greatest shoe sale of 1920. Every shoe, rubber, spat and buckle in the store will be sold at a big reduction.

A few of the scores of worth-while values are noted here. Others just as appealing await you in the NORTH SHORE BOOTERY
