Any Home is Made the Better with a Better Home for Your Car

Pro-slate BEAUTIFUL Private Garage

Delivered to your home on a few hours notice. Built in sections ready to erect quickly and substantially. Pro-slate garages with their rough, stucco-like moss-green walls, paneled off by English timber work; and the roof a crushed slate, dull, Indian red, present an appearance of unusual beauty.

Fire and Weather Proof

The outside materials being of crushed slate rock makes these garages fire-safe. The construction itself renders them weather and windproof. There are no cracks in the Pro-slate walls to open up in dry weather and let in the dust. The beautiful stucco-like finish never requires painting, thus eliminating the expense of upkeep.

The woodwork is already painted; the roofing is a part of the roof panels themselves; the doors and windows are all glazed; and all hardware is included.

Garages for Large and Small Cars

Many sizes of garages are included in the Pro-slate line. There is one of just the right dimensions to fit your requirements.

The Pro-slate Double Garage (illustrated above) \$335.00.

The Extra Long Single Garage, \$310.00.

The Standard Single Garage, \$235.00.

The Ford Special, \$165.00.

The difference in the price is made only by the difference in the size. The construction, materials and workmanship are the same in all. You must see a Pro-slate Garage to really appreciate its beauty, its substantial construction and its economy. Call and inspect our exhibit. Make it today if you can

If you need anything in Lumber or Building Material, we have it.
