Do We Agree?

"Real motor car value" is proven by Character and Permanency of Dealer—Serviceability of car—Service convenience—Popularity—Production volume—Scarcity—Used car value—Satisfied Owners.

Notwithstanding

A production volume too large to comprehend, more satisfied owners than that of all other cars combined, and ten times more used cars than any other car can boast.

New Ford cars are extremely scarce and Used Ford cars are not to be had.

There must be a reason—There may be several

I cannot hold a "used car show" because I can't find any to buy and we sell them as fast as they are traded in. We do not take larger cars in trade, but if you want a large car, we can get one for you from buyers who wish to trade for a new Ford.

May we assist you? Ford cars sold on 12 months' time

big new picture

is a genuine novelty. We have come to expect great things from Doug Fairbanks; we sometimes wonder where he can possibly get any more new ideas from. Yet he comes along with a picture like this and simply carries us off our feet. "When the Clouds Roll By" is so new and original in story and action, so far away from anything that has been attempted before, that we go on record now with the prediction that every laugh-loving, thrill-loving man, woman and child in town will be talking about Fairbanks and his picture before the week is half over.
