

Reorganize Health Center Direction

of Committee of New Gross Point
John H. Schaefer Elected Chairman
Health Center Organization
this Week

Several weeks ago the committee in charge of the Alice Wood Child Welfare Center, Gross Point, decided to change the personnel of their membership and enlarge upon the purposes of their organization.

A special meeting was called, for the purpose of reorganizing, at which James F. Phillips, County Secretary of the Chicago Tuberculosis Institute presided. Many important matters were discussed and many interesting suggestions made.

Bears New Name

It was decided that the name of the Alice Wood Child Welfare Center would be changed to the Gross Point Health Center, and that every effort would be made by the new organization to bring about a realization of the many benefits made possible by maintenance of a thoroughly equipped and attractive health center for north shore residents.

John H. Schaefer, cashier of the Wilmette State Bank was elected chairman of the new committee and a resolution adopted fixing the term of the officers and members to expire September 1, 1921.

The following is a list of the officers and membership:

Chairman, J. H. Schaefer.
Secretary, Mrs. D. H. Maxwell.
Treasurer, Mrs. John A. Hoffman.
Members, Messrs. N. J. Miller, James B. Hoffman and John W. Selzer, Mesdames, James Bagnell, John Clark Baker, Louis W. Crush, C. P. Evans, John C. Carpenter, V. C. Sanborn, A. W. Boylston, Arthur S. McKenna and Hope Thompson.

Name Advisory Committee

At a later meeting it was decided to appoint an advisory committee consisting of James F. Phillips, County secretary and Miss Anna V. McVady, director of nurses of the Chicago Tuberculosis Institute.

Many suggestions, relative to changes in the health center, were made by Miss McVady and Miss Queen, the local nurse. Mr. Phillips offered, for the Chicago Tuberculosis Institute, to pay one-half of the cost of new equipment and interior and exterior changes suggested for the center. The proposition was accepted and committees appointed to decide on the various items mentioned.

A special meeting will be held very soon and changes made as quickly as possible.

The decision of the committee to continue the arrangement, with the Chicago Tuberculosis Institute whereby the Institute furnishes a nurse, supervises her work, maintains a health clinic, and does crusade work among the children, means much to the community. Hundreds of residents of the north shore depend on Miss Queen for advice and assistance, and with increasing degree of moral support offered by the unselfish membership of the local committee, the benefits of her services will be reorganized by a far greater number.

Every person is invited to display interest by visiting the center and directing persons in need of its benefits to communicate with the local nurse.

Winnetka Nabs Close Game From Highwood

Triangle Club Come Up from Behind and Take Game in Thrilling Ninth Inning Rally

As a result of a closely contested game with Highwood last Sunday, the Triangle club of Winnetka carried away the honors to the tune of 6 to 5.

The game was played on the West Elm street diamond in Winnetka, and was one of a series scheduled under the auspices of the North Shore Suburban league. Brilliant playing by Peter Lucchesi and John Wood materially assisted in the final result. Up to the last inning Highwood maintained the lead, but at this point a series of fast and unexpected plays turned the tide in Winnetka's favor.

Sunday, May 30, Winnetka will play Shermerville at the latter's home field. All Winnetka fans who can are urged to be present. Game scheduled for 3 o'clock.

WILMETTE IN MIDST OF CHICKEN-POX EPIDEMIC

Epidemic is Mild But Many Have Been Laid Open to Contagion Says Health Commissioner

Wilmette is in the midst of an epidemic of chicken-pox, according to Dr. E. E. Moore, health commissioner. Twenty cases of the contagion were reported to the village health department during the past two weeks, says the commissioner. The epidemic is mild, it is said, and many affected children have been attending schools and motion picture shows, parents being unable to detect the ailment until after the inevitable rash appeared. Several children were sent home from school this week suffering symptoms of the disease.

In Kenilworth the epidemic is reported on the wane with five new cases reported this week. A total of forty cases have been reported in the village to date. Because of the unusually large number of cases officials found it necessary to borrow quarantine signs from Wilmette to insure placarding of every home visited by the contagion.

Parents are requested to report suspicious cases of chicken-pox to the health authorities without delay, and to isolate cases from other members of the family and, under no circumstances, permit the children to attend school or appear on the streets of the village.

N. T. P. T. A. ANNUAL MEETING

The annual meeting of the New Trier Township High school Parent-Teacher association will be held at the high school Tuesday afternoon, June 1, at 3:30 o'clock. Mrs. Watson of Glencoe will be the speaker. There will be the annual election of officers.

LOOKING BACK OVER HISTORY OF THE AUTO

Would you believe it? Listen! The first New York automobile show was held in 1900. In 1898 gasoline sold for 6 cents a gallon. The first four-cylinder car was brought out in 1900. In 1896 Barnum and Bailey announced that they would exhibit a horseless carriage. In 1898 General Nelson A. Miles, Chauncey M. Depew and John Jacob Astor were judges of the second automobile contest held in this country. There were only four automobiles in the United States in 1896. In 1906 the Goodyear Tire and Rubber company made but twenty-five tires a day—now 43,000. The first long distance auto tour from Cleveland to New York was made in ten days. The first transcontinental run from New York to San Francisco was made in two months.

Approval.
The nod of an honest man is enough.—Proverb.
