# SEEK \$500,000 FOR **EDWARD SANITORIUM**

Chicago and North Shore To Be Canvassed For Funds for Big Cook County Tuberculosis Sanitorium

RESTORE BIG FIRE LOSS

Leaders in Every Field of Endeavor To Get Behind Big Movement Beginning June 1

Men and women of all creeds, and representing every phase of activity, industrial, financial, religious and social, have united in the campaign to raise \$500,000 for the Edward Sanitorium at Naperville, a branch of the Chicago Tuberculosis Institute, with headquarters at 8 South Dearborn street, Chicago.

Three hundred and twenty workers are being enlisted for the drive which will begin June 1 and continue for one week, covering every precinct in Chicago and the suburban towns included in this district.

#### Suffer Fire Loss

Last February fire destroyed the main building and infirmary of the sanitorium, which for fourteen years has been one of the most staunch bulwarks in the winning fight being waged against tuberculosis.

Though the numerous cottages on the grounds escaped the flames, all of the bed-ridden patients had to be hastily removed to other institutions and the work of the Edward Sanitorium has consequently been seriously impeded.

These buildings must be rebuild, bigger and better than before, and fully equipped with laboratories, dispensaries, X-ray department. There must also be a nurses' home, new administration and service building, a modest auditorium and library, and vocational training shops.

#### First Fund Appeal

To do this work \$500,000 will be required. Though the Edward Sanitorium has in fourteen years treated 2,103 patients with wonderful success, it has never before made any appeal to the public and has never been in debt, thanks to the generous help of individuals.

Deeply significant of the splendid humanitarian scope of the work, Christian and Jew have united in this campaign, and a joint appeal to the clergy has been issued by the Chicago Church Federation and the Rabbinical association of Chicago.

Every pastor of every Protestant Christian church, every rabbi of every reformed Jewish synagogue. has received an appeal signed jointly! by the Rev. Dr. Herbert L. Willett, president of the Church Federation, and by Rabbi Joseph Stolz, president of the Rabbinical association, asking them to urge the cause of the Edward Sanitorium in their services Saturday, May 29, and Sunday, May 30.

Leaders Behind Drive Dr. Frank Billings is general chairman for the campaign, and the advisory committee includes such men as David R. Forgan, John V. Farwell, Cyrus H. McCormick, E. D. Hulbert, Victor Lawson, Harry Hart, Clifford W. Barnes, Ernest A. Hamill, John E. Wilder, John G. Shedd, W. E. Clow, Thomas D. Jones, D. F. Kelly, Charles H. Wacker, John T. Pirie, Henry T. Lytton, George W. Perkins, E. J. Lehmann, Dr. Robert H. Babcock, A. G. Becker, Dr. J. A. Britton, E. J. Buffington, E. F. Cary, E. A. Cudahy, Rufus C. Dawes, Dr. W. A. Evans, M. S. Florsheim, C. W. Folds, Dr. Ludwig Hektoen, Samuel Insull, R. P. Lamont, George A. Mc-

#### Curable Ailment

Forty years ago tuberculosis was regarded as an entirely hopeless ailment, presaging a slow, heart-breaking death with continual menace to every one coming in contact with the patient. Today it is a well known position in life.

clude cottages and pavilions erected general anti-tuberculosis scheme of I was the last. -Denison News. by certain large employers, among Chicago is that there shall be treated them being Sears, Roebuck & Co., at cost, those patients who wish to Swift & Co., International Harvester pay their way.
