THIS WEEK the people of Winnetka are asked to open their hearts and purses for the work of Arden Shore. The committee, consisting of Mrs. Stephen Foster, Mrs. Arthur Dean, Mrs. Paul Starr, Mrs. John Ritchie, Miss Emily Matz and Mrs. John R. Montgomery, chairman, is working hard to arouse interest in the new, additional work at Arden Shore, of continuing the camp with expert physical developing and training throughout the winter. This special work is to bring up to healthy standards boys who are subnormal physically, and so not able to obtain health certificates permitting them to work for their living. Funds for this enterprise were provided by a small group of generous men and women, who were willing to finance it through its experimental stage.

Now that it has been proved an unqualified success, everyone is earnestly urged to help these boys who are eager to "carry on" if given a fair start in health and strength.

Will not old subscribers increase contributions in any degree possible, and new ones stretch their initial subscriptions to aid this important additional work? Checks may be sent to Mrs. John R. Montgomery, 15 Green Bay road, Hubbard Woods.
