AFTER CORN RECORD

Several hundred Buckeye farmers are trying to raise an average of 100 or more bushels of corn per acre on ten acres. Yields are reduced to a uniform moisture content and are determined by crop specialists of the Ohio State University, which conducts the contest. The enrollment in the "Hundred Bushel Corn Club of Ohio" is 50 per cent larger than any previous year, and includes many of the top-notch farmers in twenty-seven counties.

The various engines of war which made success possible in the great conflict were airplanes, passenger automobiles, motor trucks, tanks, tractors and submarine chasers.

FALL MILLINERY
Miss M. Spurlock wishes to announce to the ladies of Winnetka that she will be prepared to show the latest modes of fall millinery at her store, 557 Lincoln avenue, Tuesday, August 24. —Adv.T23-1tp

Here is a Book YOU Should Have

It has a most significant title: *"What to Look For in Buying a Phonograph."*

Its pages outline the vital points to be taken into consideration before purchasing a phonograph.

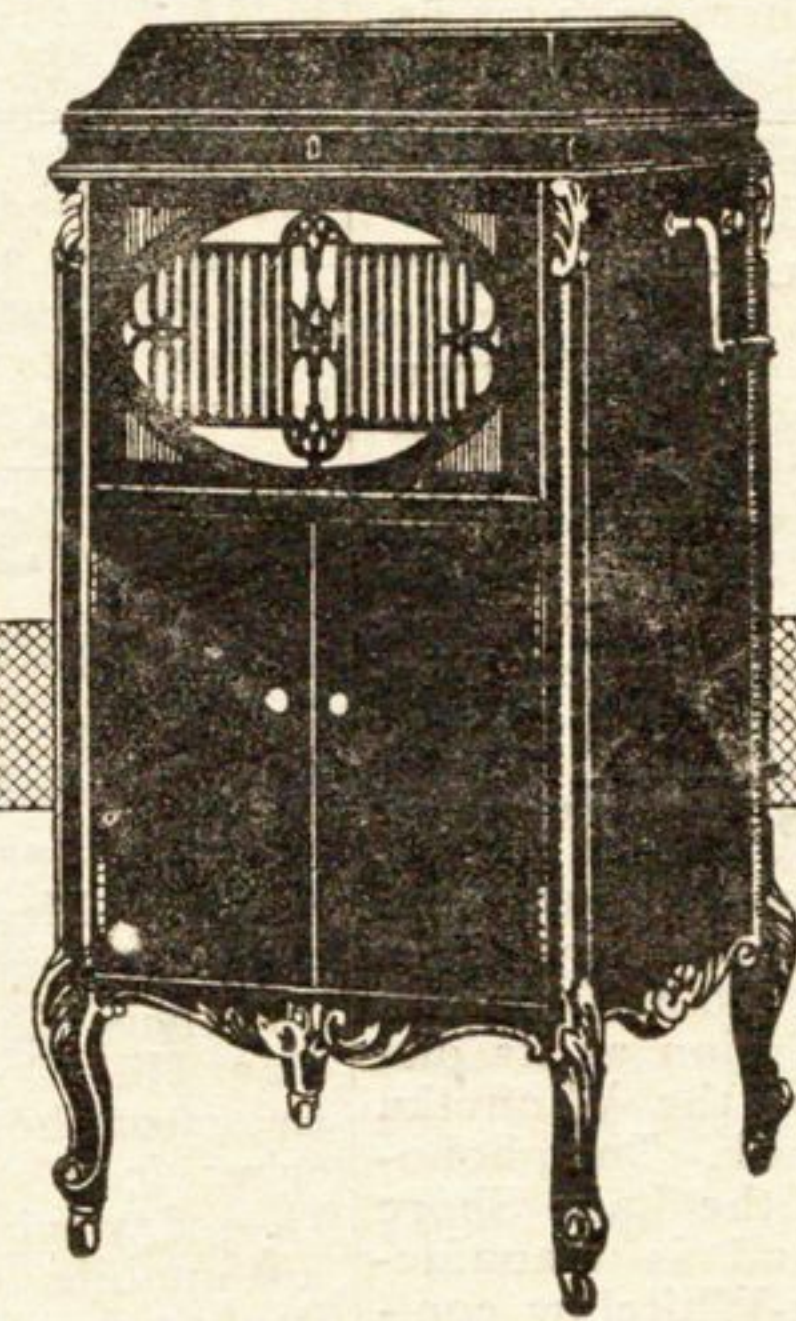

Its language is simple. Its message instructive. It was written by Henry Purmort Eames, L. L. B., Concert Pianist and Lecturer, Director of Pianoforte Dept. Cosmopolitan School of Music. Wouldn't you like a free copy?

The *Brunswick Phonograph*—which plays the records of all makes—invites the most rigid application of the tests Mr. Eames says should govern phonograph purchases.

Come in for the booklet today.

PATTERSON BROS.

RELIABILITY

Upon the reliability of the guidance you use depends the comfort of your motor trip.

Introduced a little over a year ago Mileometer, the mechanical road-guide for motorists, immediately demonstrated its value and established its favor with motorists. No books or maps to follow. It guides as you ride.

DAY OR NIGHT
MILEOMETER
KNOWS THE ROAD

Illustrated booklet furnished free upon request. Write or call today
