

## Activities of North Shore Clubs

by Ruth Risley

THE last Thursday afternoon program for the children at Ravinia Park will be September 2. The first half of the program will be the same as it has been most of the season, beginning with Community singing led by Miss Florence Crane, followed by Mr. and Mrs. Marx Oberndorfer, who will give a wonderful interpretation of the numbers to be played by the orchestra on that day. The children sit very quiet and seem much more interested in what the orchestra is playing after having heard the story and theme of the numbers, and know what to listen for. The last half of the program will be given by Princess Sansa, who is a princess of the Cherokee Indian tribe. She has never appeared in program east of the Mississippi river, but is well known throughout the west as a wonderful talented person. Princess Sansa sings native songs with impersonations, tells stories and dances in her own native way. It will be interesting to see and hear a real Indian princess.

On Friday evening, August 27, "The Secret of Suzanne" and "L'Oracolo", featuring Antonio Scotti as Chem-Fang, Leon Rothier, Louis d'Angelo, Pilade Sinagara, Pallrinieri, Florence Easton and Mary Kent, will be given. Saturday and Sunday afternoons there will be the usual concert, with Richard Hageman and Harry Weisbach conducting. Saturday evening, "La Traviata" will be sung, with Easton, Mary Kent, Charles Hackett, Paltrinieri, D'Angelo, Anannian and Louis Denman, taking the leading parts. Sunday evening Madame Butterfly will be presented, with Edith Mason taking the role of Cho-Cho-San, and Alice Gentle, Morgan Kingston, Graham Marr, Ananian, Mary Kent and Max Toft, assisting in the various of the principal parts.

Of interest to all parents who love music is the announcement made by Marx E. Oberndorfer, the well known musician, that he is starting a north shore class for children with Miss Marion Lasier of Winnetka as his assistant in charge.

Miss Lasier, who has been with Mr. Oberndorfer for many years, has just returned from Oberlin college, where she has specialized for two years in music. She is now assistant organist at the Glencoe Union church.

Mr. Oberndorfer, who is recognized as one of the foremost Chicago musicians, has always maintained that few people recognize the importance of properly starting little children in their musical education. He feels that a child should have the best training in music from the beginning, and that the starting of piano lessons is the most important phase of musical education.

Mr. Oberndorfer is in charge of the Music department of the Faulkner School for Girls in Kenwood, and also maintains a studio at 520 Fine Arts building, Chicago. Miss Lasier will assist him in the work with little children in both of these studios.

The parents on the north shore have certainly appreciated the rare advantage which their children have had on Thursday afternoons this summer at Ravinia Park, for the short talks presented by Mr. and Mrs. Oberndorfer before the orchestra programs have proved to everyone the advantage of teaching children how to listen to music. Mr. Oberndorfer has planned the instruction for children under Miss Lasier so that each child must attend one hour class lesson in listening to

music each week. These Listening classes will be conducted by Miss Lasier, under the personal supervision of Mr. and Mrs. Oberndorfer.

Mrs. Gordon A. Ramsay of Glencoe has allied herself with the movement launched recently by Miss Emily Larned, whereby women will stamp all their outgoing mail and checks with an "I'm for Harding" slogan. The proceeds from the sale of the rubber stamp are being devoted to the campaign fund.

Excellent team work by Evans and Phil Gaudin, the Skokie professional, enabled them to give Harry Vardon and Ed Ray, the invading Englishmen, a defeat by 6 and 5 at the Skokie Country club last Saturday, this being the greatest reverse incurred by the Britons in their tour.

### BOULEVARDIERS

Huntington, W. Va.—The young people of Huntington are singing the praises of Judge L. D. Newman.

Says the judge: "People can love each other as much as they want in Ritter park or on the boulevards, and no officer has the right to prevent an automobile from stopping along the boulevards if it is clear of the traffic, unless the occupants are disorderly."

The policeman no longer take notice of the spooners and an open season for lovers is on.

"As we look back on the price of sugar before the war, we are reminded of that good old song 'Sweet and Low.'"

### AREA MAP TO GUIDE LEGION IN GIVING OUT VICTORY MEDALS

To facilitate distribution of victory medals in which the war department has enlisted the co-operation of the American legion, Adjutant General P. C. Harris has announced that a copy of the war department's official battle area map will be forwarded to each of the 9,600 local posts of the legion, which are situated in every community in the United States and in nineteen insular possessions and foreign countries.

"The map will be of great value as an aid to determining eligibility for battle awards in the issue of the victory medal," writes the adjutant general in the letter to Franklin D'Olier, national commander of the legion.

"This office also is pleased to state that since the arrival at mutual understanding concerning the responsibilities of the American legion and the recruiting service the matter of distribution of victory medals has been progressing nicely."

The first car in the Authoritative Style that everybody knew was coming

IT is the Velie's triumph. The first Authoritative Example of the new style. A subtle combination of mirror-like planes that seem to flow into each other—a new expression of automobile graces.

New comfort in the longer body—more room—more rest in soft, deep-plaited upholstery. With style advance goes the new motor—with internally heated vaporizer, 4-bearing crankshaft, bronze-backed bearings—silent, supple, *satisfying*—on low-grade fuel. More power at less cost.

The New Velie Style is shown in full line of open and closed cars. Let us demonstrate to you.
