PLAN GRADUATE WORK IN COMMERCE SCHOOL

Northwestern University Establishes New Department in View of Trend Toward Business

So many graduates of universities are seeking business life that announcement is made by Northwestern University School of Commerce of the establishment of a graduate division upon the completion of which the degree of Master of Business will be conferred. According to Dean Ralph E. Heilman the purpose of the move is to provide professional training in commerce and industry for the young men and women who have already passed through the universities and who feel that they fall short of business knowledge. Admission will be to those who hold a degree from a collegiate, scientific or professional school of recognized standing.

Influx to Business

"We have discovered that Chicago commerce and industry more and more is taking on men and women of college training," commented Dean Heilman. "In Chicago's financial

district, for instance, a large number of graduates of middle western and eastern universities are finding places. It is the desire of these men and women to better their positions and to make themselves more valuable to their employers. On the other hand, the heads of these houses are just as anxious to see the university graduate obtain commercial training,—something that few universities or colleges now give. Indeed, firms are advising the university men and women to take a graduate course in Northwestern School of Commerce as one sure method of making faster headway in their special field."

Announce Two Plans

Northwestern University in this connection announces two plans: One comprehends a full-time course at Evanston and the other is intended for students who cannot afford to give all their time to study but who desire to perfect their commercial training at evening classes or in the late afternoon or on Saturday afternoons. This latter group are instructed at Northwestern University building, 31 West Lake street, Chicago.

CHICAGO MOTOR CLUB IS MARKING AN IDEAL LOS ANGELES ROUTE

Rapidly extending its endeavors for the benefit of the motorists both at home and abroad, the Chicago Motor club has undertaken to mark the highway from Chicago to Los Angeles.

Starting at Chicago September 15, a special scout car in command of Charles P. Root, who directed the Elgin Road race, will cover a tentative route leading through Aurora, Sandwich, Somonauk, Ottawa, La Salle, Peru, Princeton, Geneseo, Moline, and Rock Island, Ill.; Davenport, Iowa City, Marengo, Des Moines, and Council Bluffs, Iowa; Omaha, Lincoln, Hastings and McCook, Nebr.; Sterling, Fort Morgan, Denver, Colorado Springs, Pueblo, Trinidad and Las Animas, Colorado; Santa Fe, Albuquerque, Socorro and Magdalena, New Mexico; Springerville, Winslow, Flagstaff, Williams, Ashfork and Kingman, Arizona; Needles, Barstow, San Bernardino, Pasadena, and Los Angeles, California.

When the concrete road between

Chicago and Clinton, Iowa, is completed, tourists will be advised to take this route through DeKalb, Rochelle, Dixon and Sterling.

Nature and condition of roads, mileage, hotel, and supply prices and, in fact, everything that can be of interest to a transcontinental motorist will be reported back to the Chicago Motor club by the transcontinental scout so that this information will be available for tourists.

Following the scout car a road marking crew will start out to mark the highway the entire 2,800 miles in the same manner that the Chicago organization has numbered numerous other routes out of Chicago.

Mr. Root will appoint official Chicago Motor club garages and hotels along the way. These places will make contracts with the club guaranteeing fair rates and good treatment to motorists.

The Scouts of Troop No. 1 enjoyed Thursday evening at the Winnetka beach at their favorite outdoor pastime more commonly termed a "Road". 'Twas a huge success. "Wienie Roast". 'Twas a huge success.
