

NURSING SERVICE IS RAPIDLY EXPANDING

This American Red Cross Work Flourishing in Small Towns Throughout Country.

More than 37,000 graduate nurses have been enrolled in the American Red Cross to date and its department of nursing is daily increasing this enrollment.

The department of nursing has been authorized to maintain an adequate reserve of nurses for the army and navy. It will continue to supply the needs of the United States Public Health Service to which it has assigned more than 1,000 nurses in the last year.

It will assist in establishing proper nursing service in foreign countries where the American Red Cross has organized hospitals, dispensaries and schools for nurses. Courses in home hygiene and care of the sick have been started for thousands of women who have never received any education in this direction. Rural nursing which was in its infancy a short while ago has been put ahead at least a decade through the work of the department of nursing and local Red Cross chapters.

Public health nursing has been extended to many rural communities and now flourishes actively in hundreds of small towns and counties. Nearly a thousand efficient nurses have already been assigned to this kind of work.

The department of nursing is uniting with other organizations in a year's campaign in recruiting nurses for training schools, in educating the general public as to standards of nursing education and in showing communities their responsibility toward schools of nursing. It will endeavor to meet all these needs as well as to continue the enrollment of dietitians who will be utilized as instructors in home dietetics, in developing nutritional clinics, and in supplying dietitians for the United States Public Health Service and the civilian hospitals.

The Nursing Service will continue to offer to women and young girls the opportunity of securing instruction in home hygiene and care of the sick in every community in the country. This instruction has not only laid the foundation for public health but in some places has given impetus to the establishment of hospitals and community school houses.

"As a community profits by the work of the nurse," says Miss Clara D. Noyes, director of the department of nursing, "it is logical that the community should be aroused to its responsibility. The American Red Cross stands ready to help in a general campaign of recruiting and must have the support, sympathy and understanding of the medical profession as well as the intelligent co-operation of the people at large."

GAY SONGSTERS WIND UP WITH "THE UNLUCKY BLUES"

John de Groot, Frank Werner and Joseph Schmitz, all of Gross Point, paid \$1 and costs in Justice D. M. Mickey's Wilmette court Monday on a charge of disorderly conduct.

The trio were arrested late Sunday night at Lake and Ridge avenues by patrolman Brautigam of the Wilmette department upon complaint of residents in the neighborhood who declined to tolerate an impromptu moonshine (used advisedly) concert. The lads occupied the "for rent apartments" at Wilmette police station over night and "The Unlucky Blues" echoed and reechoed through the hushed fastness of the village bastille.

HOME SERVICE FOR EVERYBODY IN NEED

Do you know what the present day Home Service of the American Red Cross is?

Many people do not know that, besides completing the work for ex-service men, especially the disabled, it provides the same neighborly service to families in general that it formerly gave families of soldiers, sailors and marines.

"Home Service covers a wide and varied field," says Frederick C. Munroe, general manager of the American Red Cross. "It gives aid to families in solving such problems as budget planning, marketing, tiding over times of financial stress, keeping children in school, helping crippled children, widowed and deserted mothers, children backward in school and children in conflict with the laws. It renders service to the homeless and transient, to the illiterate, to tenement dwellers, to the unemployed, and gives friendly assistance and advice to foreign speaking groups."

In addition to helping families in the solution of their own problems, Home Service helps in strengthening the weak spots in the social life of communities. It joins hands with others to make communities safer, healthier and happier.

Organizing action along lines in which the community is already interested is one of the objects of Home Service. It has established community meetings, patriotic celebrations, pageants and picnics. Rest rooms, recreation facilities, play supervisors and moving pictures have been provided. Through Home Service other agencies are influenced to bring about improved commercial amusements and better school facilities and to promote traveling libraries as well as to secure county agricultural and home demonstration agents.

If you need assistance at any time, go to the secretary of the nearest Red Cross chapter and describe the situation. Your confidence will be sacredly respected and every possible effort will be made to aid you.

FOR "CHANGE IN RULES"

Petitions were being circulated in Wilmette this week requesting the School Board to make "a change in the rules of the Public School Management.....to have the rules so revised that our children may be excused for music lessons, outside of school, during school hours".

The petition is sponsored by local music schools and teachers who declare that under the existing system their work is seriously hindered. Winnetka, it is pointed out, has devised a satisfactory arrangement in this regard, as have many other communities.

AVIATRIX HOME SEEKER HERE

Ruth Law, aviatrix of international fame, spent several hours in Wilmette Saturday contemplating the purchase of a permanent home in the village. Paul Schroeder Company men did the honors in showing the "flying girl" and her mother over the village (in a prosaic automobile) and emphasizing Wilmette as an ideal residence town. Miss Law is considering the matter and may announce her decision soon.
