

## Activities of North Shore Clubs

by Ruth Risley

**A**UTUMN days bring announcements of Harvest Home parties at country clubs, as closing events of the season, indoors. There will of course, be no let-up on the golf courses until snow flies. The clubhouses will be transformed on these occasions with autumn foliage, grains and fruit, with the harvest note carried out also in the decorations of the tables. Peter Pumpkin and his many wives and neighbors, corn, turnips, gourds, grapes, apples and many other things that appease the autumn appetite, will decorate the tables.

Indian Hill Country club has scheduled its harvest party for Saturday, October 2. Special golf matches will be on, too.

Skokie Golf club will hold its annual Harvest dinner and dance on Saturday, October 2.

North Shore Golf club is boasting of a new and most efficient cook these days, and many of the members are taking advantage of this opportunity to entertain. The Harvest Home party will not take place until the twenty-third of next month.

The Winnetka Woman's club takes pleasure in announcing a course of six lessons on "Our Government" to be given by Mrs. Abena Miller Rich of Hull House on Tuesday afternoons at 1:30 o'clock, from October 12 to November 16, at the clubhouse.

This is a study class. The book to be used is "The Illinois Voter's Hand Book", published by the Woman's City club of Chicago. Mrs. Rich, who is one of the editors of this book, gave this course in Chicago last year. She is an excellent reader. Through the generosity of the Winnetka, Kenilworth and Glencoe clubs we are able to offer this course without charge to all who wish to attend. Please keep the date of this first lesson in mind.

The following letter has been mailed to the women of the north shore who have declared themselves to be Anti-Thompson:

"Your earnest work against the 'Thompson ticket' seems not to have succeeded but all is not lost. You can still defeat 'Thompsonism', not at the primaries, to be sure, but at the election November 2.

Women must show that their opposition to unworthy candidates is non-partisan and patriotic.

Your own preferred candidates are now eliminated from the final contest, and their work in opposing 'Thompsonism' is now being carried forward by the Democratic candidates.

If you elect an honest, capable Democrat in place of an unworthy candidate you not only overcome a 'menace' but you also notify your party leaders that women's demand for honest and able candidates must be heeded.

Will you continue your efforts against the 'Thompson ticket', by canvassing your own block for the Democratic State and County candidates? You are asked to oppose only those whom you have already opposed, and you will be in no way

committed to the Democratic party except for that specific purpose.

May A. Secrist,  
Catharine W. McCulloch,  
Alice Miller Whitman,  
Margartt S. Phelan,  
Frances M. Wells,  
Cora B. Taylor."

On Monday afternoon, October 11, a discussion of the "Policies and Platforms of Our Political Parties" is to be held at the Wilmette Woman's club, at 2:30 o'clock. There will be speakers for both the Republican
