

"Thine Is the Glory"

This painting, which hangs in National Headquarters of the American Red Cross, Washington, depicts the homage of America's fighting men to American womanhood as mobilized for service in the World War by this organization. It is the collaborative scientific and art creation of Major Joseph Gray Kitchell, late of the General Staff, U. S. A., and F. Luis Mora, of the New York School of Art. The face of the central figure is a composite of the features of a thousand Red Cross workers selected for the purpose.

MAKING WAR ON DISEASE MENACE

American Red Cross Announces Budget of \$48,200,000 For Current Year.

NEW DISASTER RELIEF PLAN

Continuance of Heavy Work Abroad Deemed Necessary to Protect United States—\$21,000,000 Less Than Last Year.

A program of relief and service toward which appropriations of \$48,200,000 have been made has been outlined for the American Red Cross for the fiscal year, July 1, 1920, to July 1, 1921, according to official announcement by national headquarters of the organization at Washington. The figures for 1920-21 are \$21,000,000 below those of 1919-20, in which \$69,400,000 was spent.

Important among the items of the budget for the present year is the appropriation of \$31,500,000 for relief in foreign lands, which includes \$11,000,000 in purchased supplies on hand and not distributed.

Must Protect United States.

This will enable the American Red Cross to continue its humanitarian effort to aid stricken peoples to re-establish themselves, to fight the disease epidemics which threaten many countries and to efface largely the remaining traces of the blight left by the World War. It is regarded as social as well as physical sanitation on a large scale that will have a direct bearing on future conditions in America.

Central Europe, the chief sufferer from the conflict, today is facing another winter of famine, pestilence and ruin. Typhus decreased much during the summer months where last winter it had its greatest stronghold, but physicians who investigated the situation at the behest of the League of Red Cross Societies have given their unqualified opinion that this coming winter will see a recurrence on an unprecedented scale. The Red Cross feels it must continue preventive measures abroad to keep this and other deadly maladies from the United States.

Millions for Work at Home.

When the disease was sweeping Central Europe last winter the American Red Cross, with the aid of the governments of afflicted nations, undertook the fight against it. Hospitals were established wherever possible and food and clothing were distributed to the undernourished populations, who by reason of their undernourishment were easy prey to the epidemics. Where disorganization contributed last year to the great inroads made by the dis-

ease, by virtue of its knowledge of the disease and the presence of well established hospital centers, the American Red Cross this year will undertake the work with a new confidence.

Including the total of \$11,000,000 in supplies left from the last fiscal year, the \$31,500,000 is \$21,000,000 less than the expenditures for 1919-20.

Appropriations for domestic activities total \$16,700,000.

The largest item of the home budget is \$7,800,000 for civilian relief work. This includes service and assistance for families of soldiers, sailors and marines, and work incidental to disaster. Of the total appropriation for civilian relief, \$5,000,000 is held in reserve for the carrying out of actual disaster relief.

Reduced Overhead Expense.

The Red Cross invariably is the first thought of a community visited by calamity. With this in mind, it was determined by the Executive Committee in preparing the budget of 1919-20 to have a fixed reserve fund from which to draw in these instances.

For assistance to soldiers, sailors and marines in hospitals and in camps this year \$1,900,000 has been set aside. Four million two hundred thousand dollars has been appropriated for improvement of health and prevention of disease throughout the United States during the current twelve months. The Red Cross is co-operating fully with the United States Health Service in this work and through its Junior Red Cross is doing much to spread among children the principles of sanitation. An appropriation of \$1,000,000 has been made for developing the peace time program of the Red Cross by service to its chapters in all regions.

The appropriation of \$48,200,000 is exclusive of the local expenditures of the 3,000 or more chapters.

Administration expenses this year will be \$1,800,000. Last year they were \$2,300,000.

Use Well Your Gift.

The weakest among us has a gift, however seemingly trivial, which is peculiar to him, and which, worthily used, will be a gift also to his race.—Ruskin.

GO TO CHURCH EVERY SUNDAY

SEEK EX-NAVY MEN TO MAN U. S. DESTROYERS

Information has been received from the Bureau of Navigation, Navy Department, Washington, D. C., to the effect that the six following destroyers: Sturtevant, Reuben Jones, Williamson, Sands, Childs and McFarland are being fitted out for duty in European waters at the navy yard, Philadelphia, for duty on one of the ex-navy men in the following ratings are desired for this duty, and men enlisted for it will be transferred to the receiving ship at the navy yard, Philadelphia for duty on one of the above named destroyers. They will also be granted leave at this station not to extend beyond October 15, 1920. The following ratings are urgently needed:

Stored Labor

Every dollar you earn represents a certain number of hours of your labor. It is labor in condensed form, convenient to exchange for the products of the labor of others, or to hold in storage for use in later years when your strength fails.

Put away a part of today's work—of tomorrow's work—of every day's work, now, while you have earning capacity. Your stored labor will support you in comfort in a few years.

Can you save a dollar every day to put in the bank? Or 50 cents? Or 25 cents? If so, you ought to be doing it. It's a pity to waste all the work of these good years, but many are doing it.

Be wise and bank a part of the earnings each day.
