

## 89 NEW CHAPLAINS HAVE BEEN CHOSEN

One Is Provided for Each 1,200 Officers and Men, According to Announcement

Maj.-Gen. P. C. Harris, the adjutant general of the army, announces the selection and appointment of eighty-nine new chaplains for the regular army out of 300 applicants who had served as officers throughout the war. This is in conformity with the new reorganization law, providing for 240 chaplains, or one to each 1,200 officers and men.

All the aspirants have been carefully examined by different boards of officers as to their professional, mental and physical qualifications, and the survivors of this test then carefully looked up from the standpoint of clerical fitness through the various denominational agencies. The clergymen thus selected have been commissioned with rank from July 1, 1920.

### Proportion Is Made

After careful study by representatives of the war department the proportion of the denominations was tentatively fixed by Secretary of War Baker at 25 per cent for the Roman Catholic church, 70 per cent for the Protestant church and 5 per cent for adjustments that cannot be made on strictly mathematical apportionment. This conclusion is based on a careful survey of census reports, as well as the religious census of 1916.

In making the announcement, General Harris adds:

"Under the new reorganization law full provision has been made for the moral and spiritual training of our enlisted men. A new corps of chaplains has been created. Their entire effort will be along the lines of character building and proper guidance for the young soldiers under their charge, coupled with the new program of education and occupational training for the troops."

## COMPANY "G" MEN NOW OPERATING REAL TANK

Members of company "G", the Wilmette and Evanston company of the tank corps under the reorganized national guard, made their debut as tank operators on Davis street, Evanston, last week.

The officers and men of the company have been under instruction by the regular army tank drivers for some time and were given tryouts last week.

The tank will remain in charge of the company for the remainder of this week and will give demonstrations each night. Tentative arrangements are being made to secure a field where the tank can demonstrate its powers in rough terrain.

### LOTS OF GRANDPARENTS

Cincinnati, O.—A unique distinction attaches to William James Seitz, born here this month.

William has some bunch of living ancestors.

His parents are William M. and Gladys Day Seitz. His grandparents are Mr. and Mrs. J. H. Day, aged 51 and 39, respectively, of Batavia, where also reside the grandmother's parents, Mr. and Mrs. G. V. Wykins, aged 69 and 56 years, respectively.

Little William's great-great-grandparents, Mr. and Mrs. A. J. Day, aged 86 and 79, respectively, live at Lebanon.

## HIS LEMON "HOCH" PROVES TOO POPULAR

Petersburg, Ill.—One reason for the popularity of a restaurant owned by Martin Cox among Petersburg's sturdy male sex was disclosed when Cox was nabbed by authorities for violating prohibition laws. Evidence was presented to court showing Cox had been serving undiluted lemon extract "hoch" over the counter of his establishment. He was fined \$20.

Owing to inability to obtain satisfactory railroad rates, Mormon church authorities of Ogden, Utah, are discussing the advisability of using hundreds of automobiles to transport members of the church to the general conference in Salt Lake City this month.

Police records show that 3,369 automobiles, valued at \$4,000,000, have been stolen in Chicago in the first eight months of the year. Of this number only 938 have been recovered.

Penguins swim with their wings, using their feet as rudders.

### Doing One's Best.

A sculptor who wanted to express an idea in tangible form might prefer clay to marble or wood to either. But if he were in earnest he would take what he could get—and express himself through it as well as he could. It is taking what we can get and doing our best with it that makes all the difference between successful and unsuccessful lives.

## PROTESTS PRACTICE OF PARK OFFICERS

Motor Club Says Police Pick Garages in Wrecks Avoiding Motor Club Stations

The Chicago Motor club, of which many north shore residents are members, is entering a vehement protest against the growing practice of park police officers sending wrecked cars to garages picked arbitrarily by the officer.

Within the past few days several cases have come to the notice of the club officials wherein a member was forced to have his car towed to a garage selected by the officer.

### Tells of Incident

A woman member ran into a tree in Sheridan road in order to avoid striking another car. The officer demanded that a garage near the loop be authorized to tow the car. The woman refused, stating that as a member of the Chicago Motor club, she was entitled to free towing service. The officer was obdurate, however, and the car was towed from Argyle street to a point within a few blocks from the loop. The official station of the Chicago Motor club was only a short distance from the scene of the incident.

The second incident occurred on Michigan avenue. Charles M. Hayes, president of the club, happened to be passing when the officer was insisting upon the wreck being taken to a certain repair shop. Mr. Hayes protested, saying that the club service department could handle the case without charge to the motorist. The officer would listen to no argument and threatened to arrest Mr. Hayes for interfering with an officer. The superintendent of the South Park board was appealed to and he declared that the policeman had exceeded his authority in making this demand.

### VILLAGE OF WINNETKA

#### SPECIAL ASSESSMENT NOTICE

In the Superior Court of Cook County, Illinois, General Number 358390

Notice is hereby given to all persons interested that the Village of Winnetka, Cook County, Illinois, having ordered the construction of a connected system of Portland cement concrete sidewalks along the west side of Locust Street from the present north curb line in Pine Street to the present south curb line in Fig Street, except for a distance of thirteen (13) feet on either side of the center lines extended of Starr Road and of Ely Road, and except where sidewalk is now laid along the south side of Fig Street; also along the north side of Ely Road from a line twenty (20) feet, east of the west line extended of Locust Street to the present east curb line in Rosewood Avenue, except across the walk herein proposed to be constructed along the west side of Locust Street, and except across the present sidewalk along the east side of Rosewood Avenue; also along the south side of Ely Road from a line twenty (20) feet east of the west line extended of Locust Street to the present east curb line in Rosewood Avenue, except across the walk herein proposed to be constructed along the west side of Locust Street, and except across the present sidewalk along the east side of Rosewood Avenue; also along the north side of Starr Road from a point twenty (20) feet east of the west line extended of Locust Street to the present east curb line of Rosewood Avenue, except across the sidewalk herein proposed to be constructed along the west side of Locust Street, and except across the present sidewalk along the east side of Rosewood Avenue; also along the north side of Pine Street from a point twenty (20) feet east of the west line extended of Locust Street to the present east curb line of Rosewood Avenue, except across the sidewalk herein proposed to be constructed along the west side of Locust Street and except across the present sidewalk along the east side of Rosewood Avenue, together with all necessary grading, grubbing, cinder foundation, adjusting of present sidewalks, and engineering and supervision during construction, all in the Village of Winnetka, County of Cook and State of Illinois, the ordinance for the same being on file in the office of the Village Clerk of said village, and the said village having applied to the Superior Court of Cook County, Illinois, for an assessment of the cost of said improvement according to the benefits, and an assessment therefor having been made and returned to said Court, General Number 358390, the final hearing thereon will be held on the twenty-fifth day of October, A. D. 1920, or as soon thereafter as the business of said Court will permit. All persons desiring may file objections in said Court before said day, and may appear on the hearing and make their defense. Said ordinance provides for the collection of said assessment in ten (10) annual installments, with interest thereon at the rate of five per centum (5%) per annum.

Dated, Winnetka, Illinois, October 8, A. D. 1920.

HARRY I. ORWIG,  
Person appointed by the President of the Board of Local Improvements of the Village of Winnetka, Cook County, Illinois, (and such appointment approved and confirmed by the Superior Court of Cook County, Illinois,) to make said assessment.

FREDERICK DICKINSON,  
Village Attorney. T30-2tc

## DEPLORES NEW YORK HOUSING SITUATION; 10,000 IN ONE BLOCK

New York.—The housing situation in New York City as it exists at present is both immoral and a menace to the lives and health of the people, according to Health Commissioner Royal S. Copeland.

"The housing conditions in this city are unbelievable," said Commissioner Copeland. "There are many apartments of three rooms in which twelve persons are living. On west One Hundred and Forty-second street there is a building where the landlord formerly got \$65 a month for each floor. He divided each floor into two apartments and now gets \$150 a month for the space for which he formerly received \$65.

"This landlord has boarded up the dumbwaiters for kitchenettes in the rear apartments, and for kitchenettes in the front apartments he has used the toilets. Such conditions as this will result in cholera if they are not checked.

"In one square block in the city of New York there are 10,000 persons living. In one square mile there are 500,000 persons living. Such condition is a menace to public health and to morals."

### NEW PENSION RULING FOR MASSACHUSETTS

Boston, Mass.—Under a ruling of Attorney-General J. Weston Allen, state employes who are veterans of the World war, Spanish war, or Philippine Insurrection must continue to contribute to the state retirement fund, notwithstanding a law passed by the legislature this year entitling them to a free pension on reaching retirement age.

Through equal contributions to the State Retirement association fund by state employes and the commonwealth employes are retired with a life pension after completing a certain number of years' service.

# There is Something in a Tube besides Rubber

WHAT every motorist hasn't yet found out is that you can't always judge the quality of a tube by the kind of materials that go into it.

U. S. Red Tubes contain the pick of the world's rubber—more and more of it coming from the United States Rubber Company's own plantations in Sumatra.

But what gives them their quality is the United States Rubber Company's manufacturing experience—longer and more varied than that of any other rubber organization.
