Many articles in our store has been marked down to practically pre-war prices. These reductions do not alone represent a sacrifice

on our

part, but they carry a big sacrifice on the part of the jobber and manufacturer. We have been fortunate in securing a large quantity of merchandise which we can sell at much less than the wholesale price of 30 days ago. The jobbers want to sell, and we know that you will want to buy at prices we are quoting.

Yours for better merchandise at lower prices.
