

**Jans and Lamke
Buy Motor Firm**

**Oakland-Phillips Salesroom, Garage
Turns Over Business to New
Partnership**

Peter N. Jans and Earl J. Lamke have purchased the Oakland-Phillips garage and sales station at 1013-17 Davis street, Evanston, from the Oakland-Phillips company and will conduct the business under a partnership organization.

Lamke will be remembered by old Northwestern fans as a former basketball star for the Purple. He played with the Methodist five from 1909 until 1912, when he graduated. He was captain of the team in 1912. After his graduation he went to California, where he was agent for the Franklin car. He intends to make his home in Evanston.

The new firm will retain the name, handle the cars and furnish the service which made the old company famous. Peter Jans was secretary and treasurer of the Oakland-Phillips company and is also treasurer of the Evanston Electric company.

"The Oakland-Phillips company has been noted for its service," he said this week, "and we intend to maintain the same standard. The heating and lighting arrangements and the fact that a suspension roof has eliminated all posts has made the garage one of the most attractive on the north shore and we recommend it to the attention of all prospective customers."

**NORTH SHORE TO HAVE
AUTOMOBILE EXHIBIT**

The north shore will have an automobile show, locally managed and participated in by practically every dealer in this vicinity.

The Evanston Automobile Dealers association has undertaken the enterprise, and negotiations are now under way for a suitable location.

The show, which promises to be the largest and most complete ever staged on the north shore, is to be held in the spacious show rooms of the Oakland-Phillips Motor company at 1013-17 Davis street, Evanston on December 1, 2, 3 and 4.

Fourteen dealers have agreed to enter the show. This comprises all the automobile dealers in Evanston. They will each be allotted space for the display of three cars. This will allow for a total showing of 42 automobiles. Enclosed types, sedans, coupes, and coupelets, will probably predominate in the display, but there will be a large enough proportion of open cars to give the public a good

survey of the entire field. There will be many 1921 models on exhibit, and a number of special automobiles.

The show room will be elaborately decorated in autumn foliage and colors.

The following committee chairmen have been appointed to conduct the Automobile show:

Management committee, Peter N. Jans.

Sign committee, Earl Coal.

Printing and Advertising committee, R. D. Cunningham.

Music committee, C. H. Briggs.

Rules committee, Benjamin E. Gage.

Decorating committee, C. M. McDonald.

Latest models of the following cars will be on display at the Automobile show:

Reo, H. C. Stutz, Auburn, Scripps-Booth, Maxwell, Paige, Moon, Studebaker, Elgin, Hupmobile Franklin, Willys-Knight, Overland, Jackson, Nash, Stearns, Cleveland, Stephens, Chandler, Buick, Dodge, Lexington, National, Hudson, Essex, Ford, Milburn, Oakland and Sheridan.

A subscription of twenty-five cents will be taken at the door. A map

showing the location of each dealer's space displaying the respective cars the ysell will be incerted in this paper next week—Watch for it!

**NO FEATHERWEIGHT SECTION
IN 1920 BASKETBALL LEAGUE**

North shore followers of prep basketball may be disappointed to hear that the Suburban league has discarded the featherweight section of the organization.

The disappointment need only be momentary, however, when one considers that the abolition of the infant quintet will mean added strength on the light and heavyweight teams.

Not much can be said in regard to the basketball prospects at New Trier High school for the coming struggles further than that Coach Childs will begin working on championship heavy and lightweight teams as soon as the soccer and football schedules terminate.

There will be a featherweight squad at New Trier for a short time before the regular season and games will be booked with several city teams after which the feathers will disband.

WINNETKA HOMES

For Sale Spring Occupancy
