MEN MUST EARN \$350 A MONTH TO ATTRACT THESE KANSAS CO-EDS

Lawrence, Kan.—Men must be earning a comfortable income before they can marry Kansas University women, if the answers to questionnaires sent to 500 co-eds, can be depended on.

The average income demanded is \$350 to \$450 a month. Some of the freshmen women de-

clined to fall for anything less than \$5,000 a year, but the older ones were less exacting in their demands.

The men also received a questionnaire, asking their choice of qualities in a mate, and one hundred answers emphasized the importance of companionship in wife.

The men gave the ideal age for a woman at marriage at twenty, and seemed to think the husband ought to be able to earn around \$300 a month.

The men placed little emphasis on

the cooking abilities of their prospective spouses.

Mohammed's first wife was the widow of two husbands and was forty years old when she married Mohammed, who was then twenty-five.
