

**SWIMMING MARVEL DEVELOPS AT NEW TRIER HIGH SCHOOL**

Jack Robertson, 15-year-old freshman at New Trier High school, is in line for a berth on the senior team this season, judging by his performances in practice. His best stock in trade is in the relay and 40-yard swim.

His ultimate success depends on diligent practice, hard work and strict adherence to the coach's rules. If he can take care of himself in the proper manner, show the real school spirit and develop into the real swimmer that only abundant practice can produce, he will undoubtedly prove one of the biggest stars of the year in the north shore tank.

With the addition of the coming phenom New Trier will put a strong squad into the water in the forthcoming meets. The Central Y. M. C. A., composed of mature men who have been experts for years, will oppose the New Trier senior team in a meet Friday evening at the Chicagoan's tank. Skelton, north shore star, and Kerr, captain of New Trier, will not appear in this meet.

Harrison Tech has been booked for Saturday evening, December 18, at New Trier. Both senior and junior teams will compete. The Chicagoans are rated as one of the best outfits of natators in Chicago and with the possible exception of Lane cannot be defeated by any other city team at the present time.

**THIS BRACE OF COPS SURE IS ON THE JOB**

Night patrolmen Hoffman and Lance of the Wilmette police department are a pair of wide-awake gentlemen. Judge for yourself in the light of this evidence.

On Wednesday evening while Hoffman and Lance were busy at police headquarters, the business section of the village was suddenly considerably aroused by a very apparent fusillade of pistol shots from the vicinity of the W. & S. garage on West Railroad avenue, north of Central avenue.

Hoffman and Lance darted out of headquarters with clubs and pistols drawn and raced to the scene of the shooting. A score of citizens followed in their wake.

Some one was towing in a disabled motor car in which sat a mechanic engrossed in the delights of producing some realistic backfiring.

There wasn't anything for the patrolmen to do but return to headquarters. But, dear citizens, they were prepared for an emergency. More power to 'em.

**PUPILS OF ST. JOSEPH'S SELL CHRISTMAS SEALS**

Among those doing their share in the sale of Christmas seals are the pupils of St. Joseph's school who have been given stamps to the value of \$100 to sell.

The youngsters are working hard to duplicate their work of last year in which they earned a pennant. To date they have sold many seals and expect to exceed last season's sale.

The Gross Point Health center, under the jurisdiction of the Chicago Tuberculosis institute, received direct benefit from the sale of the seals.

**SPEAKER AT K. C. MEETING**

Henry R. Rathbone of Kenilworth spoke at the December meeting of the Ouilmette Council No. 922 of the Knights of Columbus Wednesday evening. Mr. Rathbone outlined the work and aims of the Mississippi Valley association.

**Pennsylvania Beats Illinois.**

Pennsylvania won the race with Illinois in the number of miles of roads constructed this year, Mr. Bennett announces. Pennsylvania's completed roadwork for 1920 totaled

354 miles, while Illinois totaled 325. Mr. Bennett says 1920 was the banner year for road construction work in Illinois. In 1919 only 250 miles were completed. Pennsylvania was the only state in the Union to pass Illinois this year in completed road work.
