C. & N. W. OFFERS FORTY WAYS TO COAST RESORTS

"Forty Ways to California and the North Coast" is the title of a booklet just issued by the Passenger traffic department of the Chicago and Northwestern railway and issued at the local railway station free of charge to the general public.

"The best of Everything" is promised to those who utilize the service of the Chicago and Northwestern and affiliated lines in the trips to the Sunflower state and the Pacific Northwest. Through round-trip passage may be obtained at the local offices of the railway by a special arrangement for the accommodation of the public. Fares are graded to suit the means of the tourist offering a wide range of accommodations and routes. Complete information and all arrangements may be made with the station agent in the village.

How It Grows

WHEN fifteen telephones are added on a street on which there are 100 telephone users, an additional distribution cable may be necessary.

When the same thing happens on six or eight nearby streets, served from the same cable terminal, there must be new main cables from terminal boxes to the exchange.

Such increases from several localities soon call for additions to switchboard and terminal room facilities.

Finally a new exchange, with its costly equipment, must be built, and extensive re-distribution made of the outside plant.

These are some of the elements which enter into the cost of supplying telephone service to growing communities.

CHICAGO TELEPHONE COMPANY

STANLEY MOTOR Carriages

It is pretty generally accepted that the most efficient way to fight cold is with heat. The Stanley's Pilot Light provides this heat. It obviates the necessity of anti-freezing solutions, causes the engine to start readily and pull smoothly. Zero weather does not effect Stanley Performance.

The simplest car to drive and understand.
