Mouthpieces

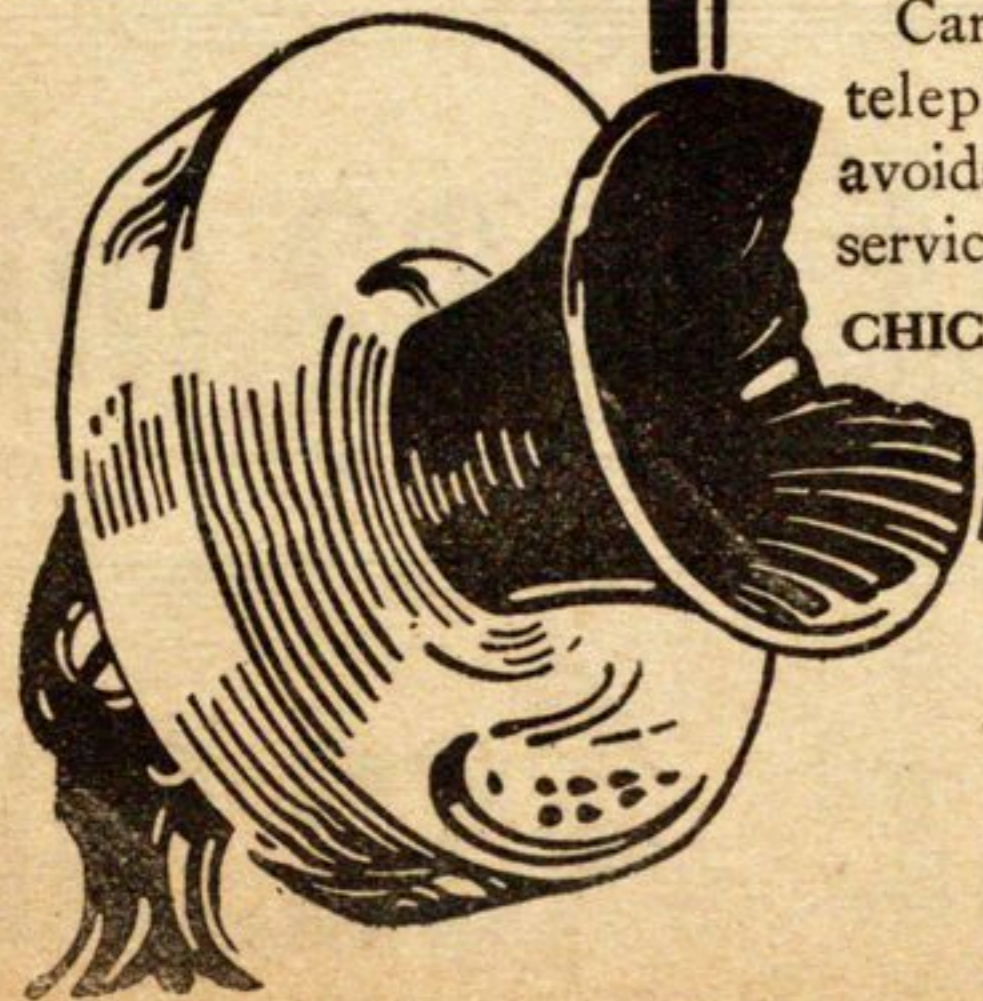

THE mouthpiece is an important part of your telephone. When it is broken, the sound waves are imperfectly transmitted and the service suffers.

In Chicago approximately 70,455 broken telephone mouthpieces have to be replaced yearly.

Think of the labor and the material involved in replacing 70,455 broken mouthpieces in the offices, homes, factories and warehouses of the city.

Careful handling of the telephone instrument avoids waste and faulty service.

Announcing SEMI-ANNUAL Clearance Sale

A Readjustment of Prices based on Replacement Value. Also start of our

Unseasonable weather and late deliveries have created an overstock in our store. Our desire to reduce this stock before we take our inventory has prompted us to reduce our prices, basing these reductions on estimated replacement values.

Furthermore we have started our SEMI-ANNUAL CLEARANCE SALE three weeks earlier than is our custom.

For the sale we have placed all our broken lots and discontinued lines, values up to \$18.00, in three distinct lots at

\$7.35—8.35—9.35

REGARDLESS OF THEIR COST.

This Readjustment of Prices and Clearance Sale Started Monday Morning, December 27, 1920
