**TELEPHONE COMPANY ASKS ANOTHER RATE INCREASE**

The Illinois Bell Telephone Company has challenged the action of the city of Kankakee in asking for a reduction of telephone rates before the Illinois Public Utilities Commission.

As a counter move, the telephone company has filed a petition with the Public Utilities Commission asking for still another increase over the rates now in effect. The company seeks to increase the individual business phone rate from \$5.25 per month to \$7 and the individual residence phone rate from \$2.75 to \$3.25. On two-party business lines the company wants the present rate of \$4.50 increased to \$6. On two-party residence phones, it asks that the present rate of \$2.25 be boosted to \$2.75. On four-party residence phones, the company seeks a monthly increase of 25 cents. On extension telephones the company asks an increase of 25 cents for both business and residence uses.
