

Debate to Feature Men's Club Session

Legislative Apportionment for Counties Under Discussion at Meeting
Tuesday, March 22

Promise of something unusual in a Men's club program is found in the announcement of the next meeting and dinner of the Winnetka Men's club, set for Tuesday evening, March 22, at Community House.

The speakers who will discuss, pro and con, are Morton D. Hull and E. J. Davis and the question, "Resolved: That the plan of legislative apportionment approved by the majority vote of the Constitutional Convention is more preferable than the plan of apportionment on the basis of population regardless of community boundaries."

Mr. Morton D. Hull will affirm that it is a violation of the principle of representative government. Mr. Davis will deny this and will claim that representation in legislative assemblies should be on the basis of communities in conjunction with population, and that most states recognize the community as the basis.

Preceding the debate there will be the regular mixer at 6:30 o'clock and dinner at 7 o'clock. Dinner reservations should be sent in as early as possible to Charles F. Simpson, 506 Birch street, Winnetka, phone Winnetka 1563.

A Thousand Motor Ills—One Cure

WHEN a motor has lost its power, lacks compression, pumps oil, fouls its plugs, develops a knock or piston slap, and consumes oil and gasoline out of proportion to the service rendered, it's a sure sign the cylinders need re-grinding and fitting with over-size pistons and rings.

These conditions are caused by cylinders which have become worn, out-of-round and taper. To overcome these troubles, the cylinders must be re-ground. It is an absolute waste of time and money to continue grinding valves, burning carbon, etc. When a motor develops the above-named symptoms call the
