

HEALTH PROMOTION WEEK IS ANNOUNCED

Gov. Len Small Establishes Week Beginning April 17 as Period for Particular Stress on Health

Calling upon every community in the state to take concerted action looking to the betterment of local health conditions, Governor Len Small this week issued a proclamation setting aside the week beginning April 17, as Health Promotion Week. His proclamation is as follows:

"The promotion of health, the prevention of disease, the conservation of human life are matters of the gravest concern to the Nation and the State. A healthy, verile citizenship means a prosperous, contented and law-abiding people. During the year 1920 there were reported to the State Department of Public Health over 336,000 cases of communicable diseases, and over 120,000 deaths from all causes in the State of Illinois. In the light of these statistics it has seemed to me fitting that a time should be appointed, by competent authority, during which every community of the State shall take concerted action looking to the betterment of local conditions of sanitation, instruction of the people in the practice of hygiene, determination of the causes of communicable diseases, and the prevention and spread, so far as possible, of such diseases.

"Now, therefore, I, Len Small, Governor of Illinois, for the purpose of promoting the general health and welfare of the people of the State, do hereby designate and proclaim the week beginning on Sunday, April 17, 1921, to be observed as Health Promotion Week, and I urge upon our people, and particularly upon the public schools and civic bodies of the State, a wholehearted participation in the observance of this week, to the end that the results to be obtained may be of lasting benefit; and, further, I designate the State Department of Public Health as the agency for health promotion, and I suggest that our citizens communicate freely with the director of Public Health in order that the greatest possible benefits may accrue from the proper observance of these seven days of Health Promotion Week."

BOWLERS' BANQUET

The North Shore K. of C. Bowling league tourney ended last week. All of the competing bowlers, including a number of Ouilmette council players, will attend a banquet given by the league at Evanston next Thursday evening.

The first church organ in Boston was installed in 1713 only after violent opposition.

CALL CONVENTION OF WOMEN VOTERS' LEAGUE

Washington, D. C.—The board of directors of the National League of Women Voters has issued from the league's Washington headquarters an official call to the second annual convention, to be held in Cleveland, O., April 11-16.

The board has already perfected the plans for the convention. Mrs. George Gellhorn of St. Louis, Mo., vice chairman of the league, and chairman of the convention committee, has wired the Washington headquarters that reports from the organizations to the treasurer's office show such tremendous growth as to indicate that the slogan of the convention, "A delegate from every congressional district in the country," will be fulfilled and there will be many visitors in addition.

"This extraordinary development," says Mrs. Maud Wood Park, chairman of the National League of Women Voters, "has been due to the initiative of the individual leaders. Therefore, the board, in co-operation with the convention committee, has decided to devote an entire evening of the convention program to presidents' night. At this time state chairmen will exchange the interesting methods they have put into effect to accomplish the growth of the organization and to further the chief aim of the league—an intelligent electorate."

American Legion posts and the Home Service Department of the Red Cross in Detroit have consolidated efforts under the name of the Service Men's Bureau, and will cooperate in the work of adjusting claims, hospitalization, education and War Risk insurance for ex-service men.

SPEND 16 PER CENT OF SALARY FOR YOUR CLOTHES, SAYS BUDGET

Lawrence, Kan.—The "ideal" family budget, for clothing a family of five, is approximately 16 per cent of the yearly income, according to tests made by students of the University of Kansas. This is possible, however, the students declare, only when the housewife makes her own dresses, the children's clothing and the husband's shirts and pajamas.

The "16 per cent" provides for every bit of clothing for all members of the family.

Here are some figures submitted by the students in regard to the budget:

A family of five with an income of \$2,400 should not spend more than \$384 a year for clothing, dividing the amount in this manner: man, \$116.40; woman, \$102.30; boy of nine years, \$41.06; girl of six years, \$38.78; girl of three years, \$33.72.

This leaves a balance of \$41.74 for incidentals such as collar buttons, hairpins and thread.

EASTER MONDAY DANCE

Schuettie and Ki-Yi, after treating north shore dancers to an enjoyable time at Jones' hall last Thursday evening, will essay to please them again Monday evening at Gross Point Village hall where an Easter Monday dance will be in progress after 8 o'clock.

¶ First Church of Christ, Scientist, of Glencoe, holds regular services Sunday mornings at 11 o'clock. Wednesday evenings at 8 o'clock. Sunday school convenes at 9:45 a. m. The services are held in Masonic Hall, corner Vernon and Hazel Avenues.

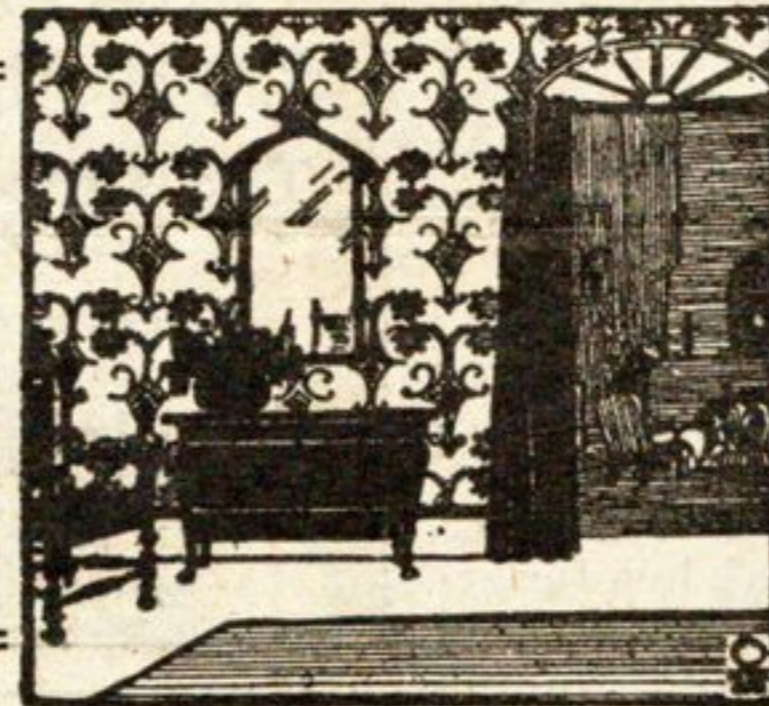

¶ The public is cordially invited to be present.
